The Bankers' Magazine, and Journal of the Money Market 1880 this volume explores nearly every facet of jesus research from eyewitness criteria to the reliability of memory from archaeology to psychobiography from oral traditions to literary sources and from narrative criticism to gospel criticism bringing together a wide variety of topics and perspectives in one volume this ambitious collaborative enterprise casts light on important debates and encourages creative links between ideas new and old this distinguished collection of articles by internationally renowned jewish and christian scholars originates with the princeton prague symposium on jesus research it summarizes the significant advances in understanding jesus that scholars have made in recent years chiefly through the development of diverse methodologies even readers who are already knowledgeable in the field will discover unique angles from well known new testament scholars and all will be brought up to speed on the current state of play within jesus studies

Government Gazette 1881 contains the reports of state departments and officials for the preceding fiscal biennium

Reports of Cases in the Supreme Court of Appeals of Virginia 1875 management and administrative processes within the construction industry have been undergoing major changes in the last several decades these changes have involved significant adjustments in management science and manage ment techniques brought about by the need for contemporary valid informa tion with which to manage the construction process in short management in the construction industry is changing significantly change will continue at an accelerated pace at least through the next decade the responses required of construction industry management are now resulting in a movement away from an entrepreneurial management style to professional management tech niques and procedures the compelling economic issues the issues forcing these changes are

economic the rising costs of construction and of money are forcing the buyers of construction services to be more demanding their demands are for more construction economies more production and more productivity than at any time in the past nowhere has this been more evident than in the business roundtable on construction and in the response of the construction industry to it to be successfully responsive management in the construction industry will be required to use the best project management methods available for cost control schedule control and for financial and accounting controls but responsive professional management can survive and will flourish within this more demanding economic environment

Reports Made to the ... General Assembly of the State of Illinois 1887 the world to which the gospel of mark introduces its reader is a world of conflicts and suspense enigmas and secrets questions and overturning of evidence irony and surprise its principal actor jesus is perplexing in the extreme he is evidently so for the religious authorities who oppose him but also for his disciples who shift from incomprehension to opposition and flight questions of meaning life and death good and evil are continually broached this narrative is a subtle invitation to enter into a new world that of the coming reign of god in which the first are last and whoever wants to save his life must lose it this commentary on the gospel of mark has been enthusiastically reviewed in the french edition as one of the best current commentaries on mark as a narrative critical commentary it favors an interpretation of the gospel that tries to grasp the dynamic of the text taken as a whole even if the technical vocabulary of narrative analysis is not used and the main results of the historical critical criticism particularly those of redaction criticism are not neglected as the notes will reveal it is narrative criticism that guides the proceedings
