this guide provides business profiles hiring and workplace culture information on more than 30 top employers including 3M, Coca-Cola, Kraft and more. Cheryl Mendelson's *Laundry* is the best part of housekeeping: it's full of physical pleasures—the look of favorite clothes restored to freshness and beauty, the tactile satisfaction of crisp linens in beautifully folded stacks. Good laundry preserves things you love and protects your pocketbook; it doesn't take much time or effort. What it takes is knowledge, and *Laundry* is the comprehensive, entertaining, and inspiring book on the art of laundering, culled from the bestselling *Home Comforts* with revised and updated information and a new introduction. *Laundry* is an indispensable guide to caring for all the cloth in one's home, from kitchen rags to bedding, hand washables and baby clothes to vintage linens. Mendelson offers detailed guidance on when to disregard labels, removing stains, making environmentally informed choices, sewing and storing clothing, and fabrics—a much-needed antidote to the standard issue. How to manual laundry celebrates the satisfactions of ironing, folding, and caring for clothes and linens, both pragmatic and eloquent. Mendelson provides beginning and veteran homemakers with a seamless combination of reliable instruction, time-tested advice, and fascinating personal narrative. As a farm girl in Pennsylvania, Mendelson—who is a philosopher, lawyer, and professor as well as a homemaker, wife, and mother—received a classic domestic education from her grandmothers, aunts, and mother. *Laundry* combines the best of the traditional lore they taught her with the latest in technical and scientific information, writing with infectious love and respect for her subject. Mendelson is sure to instill in readers a newfound affection and appreciation for the art of laundering. Finally, a book that presents

the facts dispels the myths and shows you how to be green without having to compromise yourself and your home the first book of its kind this is a book just about the ins and outs of laundry carin began to research a greener way of life not for profit or for business gain but to incorporate it with her most prized job being a mother grandmother and wife she explores the meaning of green the fads and the facts so that anyone can easily make their own decisions about what to do this book is filled with tips and stories that will give you and your family a new perspective on that never ending chore called laundry her biggest fear is that traditional washing and drying will become obsolete replaced by overpriced appliances and thoughtless damaging laundry products she has added laundry to the american experience with an alcove of rich stories about generations of laundry and love that she has collected on her journey to reconnect with mother nature love laundry or hate laundry this collection of short stories will present you with endless reasons to make laundry a part of your life and how this guide provides business profiles hiring and workplace culture information on more that 30 top employers including 3m coca cola company kraft and more the social dynamics of family violence explores family violence throughout the life course from child abuse and neglect to intimate partner violence and elder abuse paying special attention to the social character and institutional causes of family violence hattery and smith ask students to consider how social inequality especially gender inequality contributes to tensions and explosive tendencies in family settings students learn about individual preventative measures and are also invited to question the justice of our current social structure with implications for social policy and reorganization hattery and smith also examine violence against women globally and relate this to violence in the united states unique coverage of same sex and multicultural couples as well as of theory and methods make this text an essential element of any course considering the sociology of family violence this compelling text explores
