the right level of detail help students learn to think critically about the thousands of media messages they encounter each day via art music video games radio tv websites newspapers magazines ads and packaging the standards based activities in this book require students to deconstruct examine discuss and create media messages as they develop media literacy they learn to make thoughtful informed decisions media education for digital citizenship is predicated upon the ability to access analyze evaluate and produce media content and communication in a variety of forms while many media literacy approaches overemphasize the end goal of accessing digital media content through the acquisition of various technology software apps and analytics this book argues that the goals for comprehensive and critical digital literacy require grasping the means through which communication is created deployed used and shared regardless of which tools or platforms are used for meaning making and social interaction drawing upon the intersecting matrices of digital literacy and media literacy the volume provides a framework for developing critical digital literacies by exploring the necessary skills and competencies for engaging students as citizens of the digital world as most public safety professionals are aware the events that require emergency response personnell also frequently attract members of the news media with this in mind media relations for public safety professionals provides a primer for emergency responders who find themselves confronted by the media the main strength of this book is that it presents a human side to american government that challenges students to think critically while still presenting the teaching side with objectives self tests and chapter reviews kathleen barrett university of west georgia in the second edition of american government author scott f abernathy tunes in to the voices of all americans showing how our diverse ideas shape the way we participate and behave the laws we live by and the challenges we face from the constitutional convention to ferguson missouri each chapter features rich personal narratives that illustrate how the american political system is the product of strategies calculations and miscalculations of countless individuals it focuses on real people the actions they take the struggles they face and how their choices influence outcomes the key concepts are memorable because they are tied to real politics where students see political action and political choices shaping how institutions advance or impede the fulfillment of fundamental ideas participation is at the heart of this groundbreaking new text with ample background on how and why to participate not only will all students see themselves reflected in the pages but they will come to understand that they too are strategic players in american politics with voices that matter a complete teaching and learning package sage vantage digital
