research education association research education association rea is an organization of educators scientists and engineers specializing in various academic fields founded in 1959 with the purpose of disseminating the most recently developed scientific information to groups in industry government high schools and universities rea has since become a successful and highly respected publisher of study aids test preps handbooks and reference works rea s test preparation series includes study guides for all academic levels in almost all disciplines research education association publishes test preps for students who have not yet completed high school as well as high school students preparing to enter college students from countries around the world seeking to attend college in the united states will find the assistance they need in rea s publications for college students seeking advanced degrees rea publishes test preps for many major graduate school admission examinations in a wide variety of disciplines including engineering law and medicine students at every level in every field with every ambition can find what they are looking for among rea s publications while most test preparation books present practice tests that bear little resemblance to the actual exams rea s series presents tests that accurately depict the official exams in both degree of difficulty and types of questions rea s practice tests are always based upon the most recently administered exams and include every type of question that can be expected on the actual exams rea s publications and educational materials are highly regarded and continually receive an unprecedented amount of praise from professionals instructors librarians parents and students our authors are as diverse as the fields represented in the books we publish they are well known in their respective disciplines and serve on the faculties of prestigious high schools colleges and universities throughout the united states and canada chapter 1 about the sat ii chemistry subject test about this book this book provides you with an accurate and complete representation of the sat ii chemistry subject test inside you will find a complete course review designed to provide you with the information and strategies needed to do well on the exam as well as six practice tests based on the actual exam the practice tests contain every type of question that you can expect to appear on the sat ii chemistry test following each test you will find an answer key with detailed explanations designed to help you master the test material about the test who takes the test and what is it used for students planning to attend college take the sat ii chemistry subject test for one of two reasons 1 because it is an admission requirement of the college or university to which they are applying or 2 to demonstrate proficiency in chemistry the sat ii chemistry exam is designed for students who have taken one year of college preparatory chemistry who administers the test the sat ii chemistry subject test is developed by the college board and administered by educational testing service ets the test development process involves the assistance of educators throughout the country and is designed and implemented to ensure that the content and difficulty level of the test are appropriate when should the sat ii chemistry be taken if you are applying to a college that requires subject test scores as part of the admissions process you should take the sat ii chemistry subject test toward the end of your junior year or at the beginning of your senior year if your scores are being used only for placement purposes you may be able to take the test in the spring of your senior year for more information be sure to contact the colleges to which you are applying when and where is the test given the sat ii chemistry subject test is administered five times a year at many locations throughout the country mostly high schools to receive information on upcoming administrations of the exam consult the publication taking the sat ii subject tests which may be obtained from your guidance counselor or by contacting college board sat program p o box 6200 princeton nj 08541 6200 phone 609 771 7600 website collegeboard com is there a registration fee yes there is a registration fee to take the sat ii chemistry consult the publication taking the sat ii subject tests for information on the fee structure financial assistance may be granted in certain situations to find out if you qualify and to register for assistance contact your academic advisor how to use this book what do i study first remember that the sat ii chemistry subject test is designed to test knowledge that has been acquired throughout your education therefore the best way to prepare for the exam is to refresh

yourself by thoroughly studying our review material and taking the sample tests provided in this book they will familiarize you with the types of questions directions and format of the sat ii chemistry subject test to begin your studies read over the review and the suggestions for test taking take one of the practice tests to determine your areas of weakness and then restudy the review material focusing on your specific problem areas the course review includes the information you need to know when taking the exam be sure to take the remaining practice tests to further test yourself and become familiar with the format of the sat ii chemistry subject test when should i start studying it is never too early to start studying for the sat ii chemistry test the earlier you begin the more time you will have to sharpen your skills do not procrastinate cramming is not an effective way to study since it does not allow you the time needed to learn the test material the sooner you learn the format of the exam the more comfortable you will be when you take the exam format of the sat ii chemistry the sat ii chemistry is a one hour exam consisting of 85 multiple choice questions the first part of the exam consists of classification questions this question type presents a list of statements or questions that you must match up with a group of choices lettered a through e each choice may be used once more than once or not at all the exam then shifts to relationship analysis questions which you will answer in a specially numbered section of your answer sheet you will have to determine if each of two statements is true or false and if the second statement is a correct explanation of the first the last section is composed strictly of multiple choice questions with choices lettered a through e material tested the following chart summarizes the distribution of topics covered on the sat ii chemistry subject test

topic	percentage	number of questions
atomic molecular structure	25	21 questions
states of matter	15	13 questions
reaction types	14	12 questions
stoichiometry	12	10 questions
equilibrium reaction times	7	6 questions
thermodynamics	6	5 questions
descriptive chemistry	13	11 questions
laboratory	8	7 questions

the questions on the sat ii chemistry are also grouped into three larger categories according to how they test your understanding of the subject material category definition approximate percentage of test 1 factual recall demonstrating a knowledge and understanding of important concepts and specific information 20 2 application taking a specific principle and applying it to a practical situation 45 3 integration inferring information and drawing conclusions from particular relationships 35 studying for the sat ii chemistry it is very important to choose the time and place for studying that works best for you some students may set aside a certain number of hours every morning to study while others may choose to study at night before going to sleep other students may study during the day while waiting on line or even while eating lunch only you can determine when and where your study time will be most effective be consistent and use your time wisely work out a study routine and stick to it when you take the practice tests try to make your testing conditions as much like the actual test as possible turn your television and radio off and sit down at a quiet desk or table free from distraction make sure to clock yourself with a timer as you complete each practice test score it and thoroughly review the explanations to the questions you answered incorrectly however do not review too much at any one time concentrate on one problem area at a time by reviewing the questions and explanations and by studying our review until you are confident you completely understand the material keep track of your scores by doing so you will be able to gauge your progress and discover general weaknesses in particular sections you should carefully study the reviews that cover your areas of difficulty as this will build your skills in those areas test taking tips although you may be unfamiliar with standardized tests such as the sat ii chemistry subject test there are many ways to acquaint yourself with this type of examination and help alleviate your test taking anxieties become comfortable with the format of the exam when you are practicing to take the sat ii chemistry subject test simulate the conditions under which you will be taking the actual test stay calm and pace yourself after simulating the test only a couple of times you will boost your chances of doing well and you will be able to sit down for the actual exam with much more confidence know the directions and format for each section of the test familiarizing yourself with the directions and format of the exam will not only save you time but will also ensure that you are familiar enough with the sat ii chemistry subject test to avoid nervousness and the mistakes caused by being nervous do your scratchwork in the margins of the test booklet you will not be given scrap paper during the exam and you may not perform scratchwork on your answer sheet space is provided in your test booklet to do any necessary work or draw diagrams if you are unsure of an answer guess however if you do guess guess wisely use the process of elimination by going through each answer to a question and ruling out as many of the answer choices as possible by eliminating three answer choices you give yourself a fifty fifty chance of answering correctly since there will only be two choices left from which to make your guess mark your answers in the

appropriate spaces on the answer sheet fill in the oval that corresponds to your answer darkly completely and neatly you can change your answer but remember to completely erase your old answer any stray lines or unnecessary marks may cause the machine to score your answer incorrectly when you have finished working on a section you may want to go back and check to make sure your answers correspond to the correct questions marking one answer in the wrong space will throw off the rest of your test whether it is graded by machine or by hand you don't have to answer every question you are not penalized if you do not answer every question the only penalty results from answering a question incorrectly try to use the guessing strategy but if you are truly stumped by a question remember that you do not have to answer it work quickly and steadily you have a limited amount of time to work on each section so you need to work quickly and steadily avoid focusing on one problem for too long before the test make sure you know where your test center is well in advance of your test day so you do not get lost on the day of the test on the night before the test gather together the materials you will need the next day your admission ticket two forms of identification e.g. driver's license student identification card or current alien registration card two no. 2 pencils with erasers directions to the test center a watch if you wish but not one that makes noise as it may disturb other test takers on the day of the test you should wake up early after a good night's rest and have breakfast dress comfortably so that you are not distracted by being too hot or too cold while taking the test also plan to arrive at the test center early this will allow you to collect your thoughts and relax before the test and will also spare you the stress of being late if you arrive after the test begins you will not be admitted to the test center and you will not receive a refund during the test when you arrive at the test center try to find a seat where you feel most comfortable follow all the rules and instructions given by the test supervisor if you do not you risk being dismissed from the test and having your scores canceled once all the test materials are passed out the test instructor will give you directions for filling out your answer sheet fill this sheet out carefully since this information will appear on your score report after the test when you have completed the sat ii chemistry subject test you may hand in your test materials and leave then go home and relax when will i receive my score report and what will it look like you should receive your score report about five weeks after you take the test this report will include your scores percentile ranks and interpretive information

English 4 Tests Answer Key 2nd Edition 2005-02-11 the book class 11 12 physics multiple choice questions mcq quiz with answers pdf download college physics pdf book mcq questions chapter 1 13 practice tests with answer key 11th 12th grade physics textbook mcqs notes question bank includes revision guide for problem solving with hundreds of solved mcqs class 11 12 physics mcq with answers pdf book covers basic concepts analytical and practical assessment tests class 11 12 physics mcq book pdf helps to practice test questions from exam prep notes the ebook class 11 12 physics mcqs with answers pdf includes revision guide with verbal quantitative and analytical past papers solved mcqs class 11 12 physics multiple choice questions and answers mcqs pdf download an ebook covers solved quiz questions and answers on chapters applied physics motion and force work and energy atomic spectra circular motion current electricity electromagnetic induction electromagnetism electronics electrostatic fluid dynamics measurements in physics modern physics vector and equilibrium tests for college and university revision guide class 11 12 physics quiz questions and answers pdf download free ebook s sample covers beginner s solved questions textbook s study notes to practice online tests the book grade 11 12 physics mcqs chapter 1 13 pdf includes college question papers to review practice tests for exams class 11 12 physics multiple choice questions mcq with answers pdf digital edition ebook a study guide with textbook chapters tests for neet mcat sat act gate ipho competitive exam college physics practice tests chapter 1 13 ebook covers problem solving exam tests from physics textbook and practical ebook chapter wise as chapter 1 motion and force mcqs chapter 2 work and energy mcqs chapter 3 atomic spectra mcqs chapter 4 circular motion mcqs chapter 5 current and electricity mcqs chapter 6 electromagnetic induction mcqs chapter 7 electromagnetism mcqs chapter 8 electronics mcqs chapter 9 electrostatic mcqs chapter 10 fluid dynamics mcqs chapter 11 measurements in physics mcqs chapter 12 modern physics mcqs chapter 13 vector and equilibrium mcqs the e book motion and force mcqs pdf chapter 1 practice test to solve mcq questions newton's laws of motion projectile motion uniformly accelerated motion acceleration displacement elastic and inelastic collisions fluid flow momentum physics equations rocket propulsion velocity formula and velocity time graph the e book work and energy mcqs pdf chapter 2 practice test to solve mcq questions energy conservation of energy non conventional energy sources work done by a constant force work done formula physics problems and power the e book atomic spectra mcqs pdf chapter 3 practice test to solve mcq questions

bohr s atomic model electromagnetic spectrum inner shell transitions and laser
the e book circular motion mcqs pdf chapter 4 practice test to solve mcq
questions angular velocity linear velocity angular acceleration angular
displacement law of conservation of angular momentum artificial gravity
artificial satellites centripetal force cf communication satellites
geostationary orbits moment of inertia orbital velocity angular momentum
rotational kinetic energy and weightlessness in satellites the e book current
and electricity mcqs pdf chapter 5 practice test to solve mcq questions current
and electricity current source electric current carbon resistances color code
emf and potential difference kirchhoff s law ohms law power dissipation
resistance and resistivity and wheatstone bridge the e book electromagnetic
induction mcqs pdf chapter 6 practice test to solve mcq questions
electromagnetic induction ac and dc generator emf induced current and emf
induction and transformers the e book electromagnetism mcqs pdf chapter 7
practice test to solve mcq questions electromagnetism ampere s law cathode ray
oscilloscope e m experiment force on moving charge galvanometer magnetic field
and magnetic flux density the e book electronics mcqs pdf chapter 8 practice
test to solve mcq questions electronics logic gates operational amplifier oa pn
junction rectification and transistor the e book electrostatic mcqs pdf chapter
9 practice test to solve mcq questions electrostatics electric field lines
electric flux electric potential capacitor coulomb s law gauss law electric and
gravitational forces electron volt and millikan experiment the e book fluid
dynamics mcqs pdf chapter 10 practice test to solve mcq questions applications
of bernoulli s equation bernoulli s equation equation of continuity fluid flow
terminal velocity viscosity of liquids viscous drag and stroke s law the e book
measurements in physics mcqs pdf chapter 11 practice test to solve mcq
questions errors in measurements physical quantities international system of
units introduction to physics metric system conversions physical quantities si
units significant figures calculations and uncertainties in physics the e book
modern physics mcqs pdf chapter 12 practice test to solve mcq questions modern
physics and special theory of relativity the e book vector and equilibrium mcqs
pdf chapter 13 practice test to solve mcq questions vectors vector concepts
vector magnitude cross product of two vectors vector addition by rectangular
components product of two vectors equilibrium of forces equilibrium of torque
product of two vectors solving physics problem and torque
