Terror and Consent 2013-04-04 the wars against terror have begun but it will take some time before the nature and composition of these wars is widely understood the objective of these wars is not the conquest of territory or the silencing of any particular ideology but rather to secure the necessary environment for states to operate according to principles of consent and make it impossible for our enemies to impose or induce states of terror terror and consent argues that like so many states and civilizations in the past that suffered defeat we are fighting the last war with weapons and concepts that were useful to us then but have now been superseded philip bobbitt argues that we need to reforge links that previous societies have made between law and strategy to realize how the evolution of modern states has now produced a globally networked terrorism that will change as fast as we can identify it to combine humanitarian interests with strategies of intervention and above all to rethink what victory in such a war if it is a war might look like no occupied capitals no treaties no victory parades but the preservation protection and defence of states of consent this is one of the most challenging and wide ranging books of any kind about our modern world

International Law and Civil Wars 2013 this book examines the international law of forcible intervention in civil wars in particular the role of party consent in affecting the legality of such intervention in modern international law it is a near consensus that no state can use force against another the main exceptions being self defence and actions mandated by a un security council resolution however one more potential exception exists forcible intervention undertaken upon the invitation or consent of a government seeking assistance in confronting armed opposition groups within its territory although the latter exception is of increasing importance the numerous questions it raises have received scant attention in the current body of literature this volume fills this gap by analyzing the consent exception in a wide context and attempting to delineate its limits including cases in which government consent power is not only negated but might be transferred to opposition groups the book also discusses the concept of consensual intervention in contemporary international law in juxtaposition to traditional legal doctrines it traces the development of law in this context by drawing from historical examples such as the spanish civil war as well as recent cases such those of the democratic republic of the congo somalia libya and syria this book will be of much interest to students of international law civil wars the responsibility to protect war and conflict studies and ir in general

The War on Informed Consent 2021-08-24 to preserve public vaccine policy dr paul thomas was disbarred and discredited discover how he was punished for pursuing the truth for his patients on december 3 2020 the oregon medical board issued an emergency order to suspend the license of renowned physician paul thomas md the ostensible reason was that dr thomas posed a threat to public health by failing to vaccinate his pediatric patients according to the cdc s schedule however the order came just days after thomas published a peer reviewed study indicating that his unvaccinated patients were the healthiest children in his practice the medical board ignored this data despite having requested thomas to produce peer reviewed evidence to support his alternative approach dr paul started out practicing medicine the way he was trained to which meant vaccinating according to the cdc s routine childhood vaccine schedule but then he went on a journey of awakening becoming what he calls vaccine risk aware and arrived at a place where no longer in good conscience could he continue business as usual with this one size fits all approach he left a private group practice to open his own clinic with the foundational principles of individualized care and respect for the right to informed consent he wrote the vaccine friendly plan with jennifer margulis phd to help parents navigate the decision making process then the accusations from the medical board started coming the war on informed consent exposes how the medical board suspended dr thomas s license on false pretexts illuminating how the true reason for the order was that by practicing informed consent he posed a threat to public vaccine policy which is itself the true threat to public health

State Consent to Foreign Military Intervention during Civil Wars 2022-04-04 examining the legality of foreign military

intervention in internal conflicts with the consent of the government this book analyses a to the point account of post cold war state practice with more than 45 incidents of such interventions on a scale neglected in current scholarship *Women and War in the Twentieth Century* 2004 an examination of the way the argentinian military dictatorship was able to commit human rights abuses because it was abetted by the willingness of argentine civilians to either ignore or either assist their perpetration

Consent of the Damned 2012 consent legacies representations and frameworks for the future examines the conceptualisation of consent across various historical periods cultures and disciplines to offer an expansive pluralistic vision for future articulations of consent as it circulates throughout contemporary life in sexual encounters medical contexts and media representations this volume is distinctive in its diverse conceptual scope and commitment to cross disciplinary dialogue accommodating perspectives on consent that are contextually sensitive and culturally diverse the chapters examine a range of topics from socio cultural engagements with consent in latin american music feminist movements in pakistan and bdsm in poland to theoretical and pedagogical ones exploring alternative possibilities for framing and understanding consent through intersectional approaches and institutional curricula consent legacies representations and frameworks for the future is of value to researchers practitioners undergraduate and postgraduate students and general readers interested in histories representations and future possibilities of consent in its many manifestations the introduction and afterword of this book are freely available as downloadable open access pdfs at taylorfrancis com under a creative commons attribution cc by 4 0 license

Consent 2023-11-10 this study begins with the assumption that individual rights exist and stand as moral obstacles to the pursuit of national no less than personal interests that assumption might seem to demand a pacifist rejection of all war for any sustained war effort requires military operations that predictably kill many non combatants most of whom presumably have a right not to be killed yet the book concludes that sometimes recourse to war is justified its argument relies on the insights of john locke to develop and defend a framework of rights to serve as the foundation for a new just war theory

March and April, 1880 ... with an appendix, containing addresses to the Midlothian electors and a letter to Count Karolyi 1880 revisits the sex wars of the 1970s and 80s and examines their influence on how we think about sexual harm in the metoo era metoo s stunning explosion on social media in october 2017 radically changed and amplified conversations about sexual violence as it revealed how widespread the issue is and toppled prominent celebrities and politicians but as the movement spread a conflict emerged among feminist supporters and detractors about how punishment should be doled out and how justice should be served the new sex wars reveals that these clashes are nothing new delving into the contentious debates from the 70s and 80s brenda cossman traces the striking echoes in the feminist divisions of this earlier period in exploring the history of past conflicts the resistance to finding common ground the media s pleasure in portraying the debates as polarized cat fights the simplification of viewpoints as pro and anti sex she shows how they have come to shape the metoo era from the 70s to today cossman examines tensions between the need for recognition and protection under the law and the colossal and ongoing failure of that law to redress historic injustice by circumventing law altogether metoo has led us to question whether justice can be served outside of the courtroom cossman argues for a different way forward one based on reparative models that focus on shared desired outcomes and the willingness to understand the other side thoughtful and compelling the new sex wars explores what can be learned from these stories what traps we repeatedly fall into how we have been denied our anger and where to begin to make law work

War and Individual Rights 2015 this book provides a thorough critical overview of the current debate on the ethics of war as well as a modern just war theory that can give practical action guidance by recognizing and explaining the moral force of widely accepted law traditionalist walzerian and revisionist approaches have dominated contemporary

debates about the classical jus ad bellum and jus in bello requirements in just war theory in this book uwe steinhoff corrects widely spread misinterpretations of these competing views and spells out the implications for the ethics of war his approach is unique in that it complements the usual analysis in terms of self defense with an emphasis on the importance of other justifications that are often lumped together under the heading of lesser evil it also draws on criminal law and legal scholarship which has been largely ignored by just war theorists ultimately steinhoff rejects arguments in favor of moral fundamentalism the view that the laws and customs of war must simply follow an immutable morality in contrast he argues that widely accepted laws and conventions of war are partly constitutive of the moral rules that apply in a conflict the ethics of war and the force of law will be of interest to scholars and advanced students working in just war theory applied ethics political philosophy political theory philosophy of law and criminal and military law

The New Sea Wars 2021-10-26 this book examines the nature and character of naval expeditionary warfare in particular in peripheral campaigns and the contribution of such campaigns to the achievement of strategic victory naval powers which can lack the massive ground forces to win in the main theatre often choose a secondary theatre accessible to them by sea and difficult for their enemies to reach by land giving the sea power and its expeditionary forces the advantage the technical term for these theatres is peripheral operations the subject of peripheral campaigns in naval expeditionary warfare is central to the british the us and the australian way of war in the past and in the future all three are reluctant to engage large land forces because of the high human and economic costs instead they rely as much as possible on sea and air power and the latter is most often in the form of carrier based aviation in order to exert pressure on their enemies they have often opened additional theaters in on going regional and civil wars this book contains thirteen case studies by some of the foremost naval historians from the united states great britain and australia whose collected case studies examine the most important peripheral operations of the last two centuries this book will be of much interest to students of naval warfare military history strategic studies and security studies

History of the Irish Confederation and the War in Ireland, 1641 [-1649]: (1646-1649) History ... by R. Bellings, in conclusion from vol. vi., p. 48 ; *Letters, documents, etc* 1891 every major government's military makes plans for waging wars hoping that they never have to be employed in the early part of the last century the us government prepared a number of war contingency plans for invading a number of nations both hostile and friendly these color coded plans were designed for various political and military events some of which actually unfolded in the second world war never wars the us war plans to invade the world explores and provides details on a number of these key military invasion plans their triggers units involved etc some of these plans if executed would have altered the globe or changed the events of the twentieth century and beyond included with this was the 1914 war plan against a triumphant germany a 1935 plan to attack great britain the 1920s us plans to land forces in mexico to topple their government a plan for invading china and even a 1905 strike into the heart of canada from a plan to invade the azores to an incursion into cuba never wars presents never before published plans for the us to strike out at the world

The Ethics of War and the Force of Law 2020-11-25 from the female soldiers of abu ghraib prison to palestinian women suicide bombers women and their bodies have been powerful weapons in the afghanistan and iraq wars kelly oliver reveals how the media and the george w bush administration used metaphors of weaponry to describe women and female sexuality and forge a link between vulnerability and violence oliver analyzes the discourse surrounding women sex and gender and the use of women to justify america's decision to go to war she also considers the cultural meaning or lack of meaning that lead female soldiers at abu ghraib to abuse prisoners just for fun and the commitment to death made by women suicide bombers she examines the pleasure taken in violence

and the passion for death and what kind of contexts creates them oliver concludes with a diagnosis of our fascination with sex violence and death and its relationship with live news coverage and embedded reporting which naturalizes horrific events and stymies critical reflection

Naval Power and Expeditionary Wars 2010-12-09 born around 1532 in vienne france innocent gentillet was a huguenot lawyer who fled to geneva after the saint bartholomew s day massacre of 1572 in 1576 he published *discours sur les moyens de bien gouverner maintenir en paix un royaume ou autre principauté* contre nicolas machiavel florentin popularly known as anti machiavel despite a papal ban in 1605 anti machiavel went through twenty four editions in french latin english german and dutch it was read and used by montaigne and shakespeare this edition presents simon patericke s 1602 english translation revised for modern spelling and grammar and explores anti machiavel s connections with other works of the period

The International Law of War 2023-07-24 the us led coalition which launched an invasion of iraq on 20 march 2003 led to a decade long military presence in the country in the run up to that invasion many comparisons were made with the 1991 gulf war ahmed ijaz malik takes these two instances of military intervention by republican us governments to highlight how the official discourse of leaders and decision makers has an impact on foreign policy and its results by taking these two examples he examines how discourse affects real events and the extent to which the legacy of the cold war has influenced the decisions which are made at the upper echelons of the us government us foreign policy and the gulf wars critically analyses the post cold war liberal cosmopolitan and realist discourses related to these two instances of us military intervention using an approach which malik labels critical realism this book examines the ways in which discourses often act as ideological covers for material interests whilst still not holding a deterministic view whereby these interests alone shape policies from this perspective this book assesses the themes of just war humanitarianism and cosmopolitanism it furthermore uses the approach of critical realism to engage with a variety of arguments on the emerging role of the us as they were displayed in academic discourses and other intellectual contributions around each of the 1991 and 2003 wars malik relates these discussions to an analysis of the official discourses documents and policies displayed prior to the 1991 and 2003 wars as well as to an examination of the resulting actual conduct since the implications of the us military presence in the middle east are so central to the study of international relations and security studies this book will be invaluable for specialists in these disciplines as well as for those interested in policy formation and the wider middle east

The History of Mexico and Its Wars 1882 the last day of june 1559 was a gala day in paris the marriages of philip ii of spain with elizabeth of france daughter of king henry ii and catherine de medici and that of the french king s sister marguerite with emanuel philibert duke of savoy were to be celebrated but the torches of joy became funeral tapers before nightfall for henry ii was mortally wounded in the tournament given in honor of the occasion

Never Wars 2017-05-17 on july 25 1943 news of mussolini s resignation and subsequent arrest stunned italians leaving them dumbfounded after two decades fascism had fallen without any advance warning as festive events marked the incredible outcome and reminders of the past were destroyed an uncontrollable joy seemed to pervade italians but what did people actually celebrate how did they understand the bygone dictatorship which was soon to be reincarnated in the italian social republic rsi drawing on more than one hundred diaries written by ordinary citizens and some prominent figures as well and inspired by raymond williams s concept of structures of feeling the book examines italians perspectives on fascism at a very critical moment in their history with the country mired in a devastating war further complicated by the september 8 1943 armistice with the allies and subsequent german occupation followed by the eruption of an italian against italian conflict the switching of alliances and the declaration of war against germany on october 13 1943 the fast pace of history seemed to deflect italians attention from their immediate past amidst the daily experience of bombings hunger displacement and death coming to terms with

twenty years of dictatorship turned out to be an arduous enterprise whether those who had lived under the fascist regime wished not to think of it and not to speak any more about it as philosopher benedetto croce maintained it is hard to ascertain in truth little is known of what italians felt and thought about fascism after its precipitous demise this book remedies the gap in historical scholarship by assessing how italians confronted their present and negotiated their past during the two years from the fall of the regime to the definitive defeat of the rsi and the end of the world war in may 1945 by bringing to life the cultural imaginaries and practices of the past the book raises ostensibly intractable questions on the epochal impact of what often appears as inconsequential the typically unseen and seemingly banal power of everyday experiences

Women as Weapons of War 2007 this book presents a clear and comprehensive introduction to the diverse and wide ranging ethical aspects of war and peace in a fair minded and engaging analysis nigel dower introduces the different ethical theories in traditional and contemporary debates realism just war theory and pacifism and subjects each to detailed critical scrutiny he frames these debates within a related but distinct framework of three approaches to international relations namely skeptical realism internationalism and cosmopolitanism the book also identifies and evaluates two further important perspectives militarism and pacificism whilst analyzing the advantages and disadvantages of the different outlooks dower makes a strong case for a cosmopolitan pacifist position arguing that we need to see peace in more positive terms than merely the absence of war the book uses a wide range of examples from across the world and includes discussion of nuclear weapons new wars terrorism humanitarian intervention and human security written as a textbook for students who have no prior knowledge of philosophical ethics the ethics of war and peace is designed to help students understand and see the relevance of how a professional philosopher can engage ethically with the world each chapter contains a helpful survey of its contents at the beginning and a set of questions for individual reflection or group discussion at the end this book will be essential reading for students of security studies conflict resolution peace studies philosophy and political theory and anyone interested in the ethical questions which arise from the study of war and peace

Anti-Machiavel 2018-10-17 war and peace is regarded as one of the central works of world literature and charts the history of the french invasion of russia and the impact of the napoleonic era on tsarist society through the stories of five russian aristocratic families portions of an earlier version titled the year 1805 were serialized in the russian messenger between 1865 and 1867 newsweek in 2009 ranked it first in its top 100 books in 2007 time magazine ranked war and peace third in its poll of the 10 greatest books of all time while anna karenina was ranked first

US Foreign Policy and the Gulf Wars 2014-12-09 to commemorate the 150th anniversary of the end of the civil war diversion books is publishing seminal works of the era stories told by the men and women who led who fought and who lived in an america that had come apart at the seams the events leading up to the civil war reveal a country divided by more than just a belief in or revulsion of slavery it reveals a country still forming even as it fissures and breaks apart it reveals an industrial north and an agricultural south evolving into enemies even as they mutually benefit one another it reveals politicians playing to their bases riling up young men especially to take up arms against their fellow countrymen this astonishing historical work chronicles all this and more exploring the fractious ideologies and the most important figures who led the country into its bloodiest conflict

The Wars of Religion in France 2018-01-19 the major european powers drafted war plans before 1914 and executed them in august 1914 none brought the expected victory by christmas why this tightly focused collection of essays by international experts in military history reassesses the war plans of 1914 in a broad diplomatic military and political setting for the first time in three decades the book analyzes the war plans of austria hungary france germany great britain italy and russia on the basis of the latest research and explores their demise in the opening months of world war i collectively and comparatively these essays place contingency war planning before 1914 in the different

contexts and challenges each state faced as well as into a broad european paradigm this is the first such undertaking since paul kennedy s groundbreaking war plans of the great powers 1979 and the end result is breathtaking in both scope and depth of analysis

Cassell's Illustrated History of the Russo-Turkish War 1897 this volume describes a variety of public mental health and psychosocial programs in conflict and post conflict situations in africa and asia each chapter details the psychosocial and mental health aspects of specific conflicts and examines them within their sociopolitical and historical contexts this volume will be of great interest to psychologists social workers anthropologists historians human rights experts and psychiatrists working or interested in the field of psychotrauma

Fascism, the War, and Structures of Feeling in Italy, 1943-1945 2023-05-23 discursive practices during war polarize and politicize gender they normally require men to fulfill a single overriding task destroy the enemy but impose a series of often contradictory expectations on women the essays in the book establish links between political ideology history psychology cultural studies cinema literature and gender studies and addresses questions such as what is the role of women in war or military conflicts beyond the well studied victimization can the often contradictory expectations of women and their traditional roles be re thought and re constructed how do cultural representations of women during war times reveal conflicting desires and poke holes in the ideological apparatus of the state and society

The Ethics of War and Peace 2013-08-26 the carefully selected and edited readings in this book are chronologically arranged so that students can trace the progression of events and understand the thoughts of those living during the critical civil war and reconstruction periods both the civil war and reconstruction were pivotal moments in american history that have shaped race relations perceptions of national power and the relations between the national government and the states powerful political figures who were often guided by lofty motives found themselves caught up in circumstances that were largely beyond their direct control issues often proved far more complex than anticipated and many initial solutions that were set in motion more than 130 years ago continue to affect current u s politics this book provides american history students and teachers with a handy reference that examines all important aspects of the civil war and reconstruction eras the author models how an expert scholar interacts with primary sources thereby providing guidance that shows readers how to pick apart and critically evaluate firsthand the key documents chronicling these major events in american history the deftly edited readings in this book are presented in chronological order so that students can trace the progression of events and thinking of various individuals during the critical civil war and reconstruction periods annotations explain key terms and highlight key portions of laws presidential speeches and orders supreme court decisions and other sources from the period

Federal Register 1945-07 in this second volume of his consent factory essays c j hopkins continues his irreverent coverage of the mainstream media and political establishment s reaction to the presidency of donald trump and the so called new populism that put him in office hilarious furious required reading matt taibbi rolling stone the essays in this collection cover the insanity of 2018 and 2019 russiagate mass fascism hysteria the new mccarthyism the war on dissent the hitlerization of jeremy corbyn the demonization of the working classes identity politics and all the rest of the establishment s war on populism in this time of extreme political polarization and enforced conformity on both the left and the right hopkins political satire and commentary presents a refreshingly unorthodox analysis of the forces at play in the world today global capitalism neo nationalism populism neo fascism etc and cuts through the official propoganda sensationalism and disinformation that often passes for mainstream news featuring popular hopkins essays like who doesn t love identity politics down with the working classes a russiagate requiem and trumpenstein must be destroyed the war on populism is an infuriating yet hilarious account of the establishment s attempts to crush the populist rebellion that began in the summer of 2016 and over the next four years brought

america to the brink of civil war or perhaps a color revolution

War and Peace 2016-11-03 for the united states the 1991 persian gulf war was a brief and successful military operation with few injuries and deaths however soon after returning from duty a large number of veterans began reporting health problems they believed were associated with their service in the gulf at the request of congress the institute of medicine iom has been conducting an ongoing review of the evidence to determine veterans long term health problems and potential causes the fourth volume in the series released in 2006 summarizes the long term health problems seen in gulf war veterans in 2010 the iom released an update that focuses on existing health problems and identifies possible new ones considering evidence collected since the initial summary gulf war and health volume 10 is an update of the scientific and medical literature on the health effects associated with deployment to the gulf war that were identified in volumes 4 and 8 this report reviews and evaluates the associations between illness and exposure to toxic agents environmental or wartime hazards or preventive measures and vaccines associated with gulf war service and provides recommendations for future research efforts on gulf war veterans

The Great Conspiracy (Civil War Classics) 2015-01-20 this book examines the use of presidential power during the war on terror justin deplato joins the debate on whether the constitution matters in determining how each branch of the federal government should use its power to combat the war on terror the actions and words of presidents george w bush and barack obama are examined deplato s findings support the theory that executives use their own prerogative in determining what emergency powers are and how to use them according to deplato the presidents argue that their powers are implied in article ii of the constitution not expressed this conclusion renders the constitution meaningless in times of crisis the author reveals that presidents are becoming increasingly cavalier and that the nation should consider adopting an amendment to the constitution to proffer expressed executive emergency powers

War Planning 1914 2009-11-30 this book focuses on the lives struggles and contrasting perspectives of the 60 000 workers military administrators and technical staff employed in the largest most strategic industry of the nationalist government the armaments industry based in the wartime capital chongqing the author argues that china s arsenal workers participated in three interlocked conflicts between 1937 and 1953 a war of national liberation a civil war and a class war the work adds to the scholarship on the chinese revolution which has previously focused primarily on rural china showing how workers alienation from the military officers directing the arsenals eroded the legitimacy of the nationalist regime and how the communists mobilized working class support in chongqing moreover in emphasizing the urban working class and nationalist components of the 1949 revolution the author demonstrates the multiple sources of workers identities and thus challenges previous studies that have exclusively stressed workers particularistic or regional identities

War Powers and Military Jurisdiction 1943 from earliest times sex has fascinated and repulsed society in equal measure in an effort to untangle western society s complex relationship with the realities of sex this provocative volume explores the ways in which governments religious leaders and cultures in europe tried to regulate sex and sexuality throughout history from the sacred texts of ancient israel to the slums of 19th century britain this book explores political legal and cultural controls on consensual sex and the individuals and movements that resisted them topics range from prostitution and homosexuality to marriage contraception and abortion while traditional narrative holds that europe alternated between sexual freedom and oppression through the victorian age this work reveals that the real story of how sex was regulated and how people defied regulation is not so clear cut

Trauma, War, and Violence 2006-04-11 more than 150 key social issues confronting the united states today are covered in this eight volume set from abortion and adoption to capital punishment and corporate crime from obesity

and organized crime to sweatshops and xenophobia
