Cyclopaedia Bibliographica

1854

william v uttley s outline of kitchener s growth from the 1840 s into 20th century is shot through with a reassuring consistency and integration of purpose the complex of life as we still know it social freedom and social restraint economy and ecology has its genesis here in the account compiled by william uttley his work comes as close to a personal anecdotal history of the city as we can hope to retrieve a spotted chronicle of a community that can never exist again and one in which almost every reader will find a point where past confronts present as nostalgia tugs against progress

Current Diagnosis and Treatment Surgery, 15th Edition

2020-04-24

there is no one volume book in print that carries so much valuable information on london and its history illustrated london news the london encyclopaedia is the most comprehensive book on london ever published in its first new edition in over ten years completely revised and updated it comprises some 6 000 entries organised alphabetically cross referenced and supported by two large indexes one for the 10 000

people mentioned in the text and one general and is illustrated with over 500 drawings prints and photographs everything of relevance to the history culture commerce and government of the capital is documented in this phenomenal book from the very first settlements through to the skyline of today the london encyclopaedia comprehends all that is london written in very accessible prose with a range of memorable quotations and affectionate jokes a monumental achievement written with real love financial times

Chitty's Collection of Statutes, with Notes Thereon ... Second Edition, Containing All the Statutes of Practical Utility in the ... Administration of Justice in the Present Time. By W. N. Welsby ... and E. Beaven

1851

of all the activities of the most neglected century in english history england s trade has received the least attention in proportion to its importance it was obviously in the course of the later middle ages and more particularly in the fifteenth century that there took place the great transformation from medieval england isolated and intensely local to the england of the tudor and stuart age with its world wide connections and imperial designs it was during the same period that most of the forms of international trade characteristic of the middle ages were replaced by new methods of commercial organization and regulation national in scope and at times definitely nationalistic in object and that a marked movement towards capitalist methods and principles took place in the sphere of domestic trade yet little has been written concerning english trade in this period first published in 1933 this classic volume goes a long way to fills this gap superbly there is an abundance of material and the writers have compiled a statistical analysis of the enrolled customs account from 1377 1482 which provides an essential measure of the nature volume and movement of english foreign commerce during the period

reprint of the original first published in 1881

The Coventry Leet Book: Or Mayor's Register

1913

how did a scrawny black kid the son of a barber and a domestic who grew up in harlem and trenton become the 106th mayor of new york city it s a remarkable journey david norman dinkins was born in 1927 joined the marine corps in the waning days of world war ii went to howard university on the g i bill graduated cum laude with a degree in mathematics in 1950 and married joyce burrows whose father daniel burrows had been a state assemblyman well versed in the workings of new york s political machine it was his father in law who suggested the young mathematician might make an even better politician once he also got his law degree the political career of david dinkins is set against the backdrop of the rising influence of a broader demographic in new york politics including far greater segments of the city s gorgeous mosaic after a brief stint as a new york assemblyman dinkins was nominated as a deputy mayor by abe beame in 1973 but ultimately declined because he had not filed his income tax returns on time down but not out he pursued his dedication to public service first by serving as

city clerk in 1986 dinkins was elected manhattan borough president and in 1989 he defeated ed koch and rudy giuliani to become mayor of new york city the largest american city to elect an african american mayor as the newly elected mayor of a city in which crime had risen precipitously in the years prior to his taking office dinkins vowed to attack the problems and not the victims despite facing a budget deficit he hired thousands of police officers more than any other mayoral administration in the twentieth century and launched the safe streets safe city program which fundamentally changed how police fought crime for the first time in decades crime rates began to fall a trend that continues to this day among his other major successes mayor dinkins brokered a deal that kept the us open tennis championships in new york bringing hundreds of millions of dollars to the city annually and launched the revitalization of times square after decades of decay all the while deflecting criticism and some outright racism with a seemingly unflappable demeanor criticized by some for his handling of the crown heights riots in 1991 dinkins describes in these pages a very different version of events a mayor s life is a revealing look at a devoted public servant and a new yorker in love with his city who led that city during tumultuous times
