The Evolution of Labor Relations in Japan 2020-03-17

the century long process by which a distinct pattern of japanese labor relations evolved is traced through the often turbulent interactions of workers managers and at times government bureaucrats and politicians the author argues that although by the 1920s labor relations had reached a stage that foreshadowed postwar development it was not until the 1940s and 1950s that something closely akin to the contemporary pattern emerged the central theme is that the ideas and actions of the workers whether unionized or not played a vital role in the shaping of the system this is the only study in the west that demonstrates how japanese workers sought to change and to some extent succeeded in changing the structure of factory life managerial innovations and the efforts of state bureaucrats to control social change are also examined the book is based on extensive archival research and interviewing in japan including the use of numerous labor union publications and the holdings of the prewar elite s principal organization for the study of social issues the kyochokai both collections having only recently been catalogued and opened to scholars this is an intensive look at past developments that underlie labor relations in today s japanese industrial plants

Mercantilism, Account Keeping and the Periphery-Core Relationship 2018-07-11

mercantilism and accounting remain two dynamic and debated concepts in terms of definition and scope this volume brings together the research of international scholars from a wide variety of disciplines accounting anthropology native studies economic geography economic history and management to reflect on alternative approaches to the study of these concepts this book focuses particularly on how individuals across space and time negotiated and navigated systems of exchange and trade especially when confronted with world views and cultural systems that conflicted with and disrupted perceptions of their own through this the volume offers a helpful reinforcement to the view that the analysis of mercantilism must be more highly contextualised to time and place along with deeper focus on the local actors involved it is these local actors who negotiated exchanged and navigated differing world views and who enable us to tease out the longer run global economic and social processes and the impacts of these encounters complementing the growing interest in mercantilism indigenous studies and the relationships between colonists traders and their counterparts in colonies and trading ports this work provides a cross disciplinary examination of the subject area furthermore it encourages a renewed interest in the use of archival documents and documentary sources in novel and innovative ways

The Wiley-Blackwell Companion to Economic Geography 2016-09-26

SSC English Language Guide for CGL/ CHSL/ MTS/ GD Constable/ Stenographer 2017-08-01

disha s ssc english language guide is designed for students appearing for ssc exams such as cgl chsl mts gd constable stenographer it is a kind of book that focusses on mastering techniques to crack these examinations structure of the book the book has been divided into 18 chapters each chapter consists of theory with examples level i exercise level ii exercise solutions to the 2 levels of exercises level i this level target is to expose the students to solve problems based on the concepts they have learned in theory part the student develops a good foundation level ii this is a collection of moderate problems which will test a student on the application of the concepts the problems provide a good platform to develop a very good problem solving aptitude so as to take up the competitive exams the detailed solution to each and every question has been provided immediately after at the end of the 2 exercises the book contains past questions of various ssc exams

The Death of Asylum 2020-08-04

investigating the global system of detention centers that imprison asylum seekers and conceal persistent human rights violations remote detention centers confine tens of thousands of refugees asylum seekers and undocumented immigrants around the world operating in a legal gray area that hides terrible human rights abuses from the international community built to temporarily house eight hundred migrants in transit the immigrant reception center on the italian island of lampedusa has held thousands of north african refugees under inhumane conditions for weeks on end australia s use of christmas island as a detention center for asylum seekers has enabled successive governments to imprison migrants from asia and africa including the sudanese human rights activist abdul aziz muhamat held there for five years in the death of asylum alison mountz traces the global chain of remote sites used by states of the global north to confine migrants fleeing violence and poverty using cruel measures that if unchecked will lead to the death of asylum as an ethical ideal through unprecedented access to offshore detention centers and immigrant processing facilities mountz illustrates how authorities in the united states the european union and australia have created a new and shadowy geopolitical formation allowing them to externalize their borders to distant islands where harsh treatment and deadly force deprive migrants of basic human rights mountz details how states use the geographic inaccessibility of places like christmas island almost a thousand miles off the australian mainland to isolate asylum seekers far from the scrutiny of humanitarian ngos human rights groups journalists and their own citizens by focusing on borderlands and spaces of transit between regions the death of asylum shows how remote

detention centers effectively curtail the basic human right to seek asylum forcing refugees to take more dangerous risks to escape war famine and oppression

Ideology and Shop-Floor Industrial Relations 2023-03-24

first published in 1981 ideology and shop floor industrial relations is based on data obtained in observational research amongst managers shop stewards and workers examines the informal processes by which accommodations are or are not reached by managers and workers since the publication of the donovan report industrial relations research has increasingly moved away from studies of formal procedures and institutions and focused more on informal custom and practice in this book the authors develop a theory of workplace rule making and argue that it is in negotiations over such detailed and often minor daily industrial issues that the relationship between capital and labour is worked out this book is a must read for scholars of industrial economics and management studies

The Boundaries Between Us 2006

although much has been written about the old northwest the boundaries between us fills a void in this historical literature by

examining the interaction between euro americans and native peoples and their struggles to gain control of the region and its vast resources comprised of twelve original essays the boundaries between us formulates a comprehensive perspective on the history and significance of the contest for control of the old northwest the essays examine the socio cultural contexts in which natives and newcomers lived tradod negotiated interacted and fought delineating the articulations of power and possibility difference and identity violence and war that shaped the struggle the essays do not attempt to present a unified interpretation but rather focus on both specific and general topics revisit and reinterpret well known events and underscore how cultural political and ideological antagonisms divided the native inhabitants from the newcomers together these thoughtful analyses offer a broad historical perspective on nearly a century of contact interaction conflict and displacement the history of early america the frontier and cultural interaction

Human Relations, Concepts and Cases in Concrete Social Science 1953

how do we apply chairman mao s thought to get fat pigs squad leader ho who knew the most about pigs replied that according to chairman mao one must investigate the problem fully from all sides and then integrate practice and theory ho concluded that the reason for our skinny pigs had to be found in one of three areas the relationship between the pigs and their natural environment excluding man the relationship between the cadres and the pigs and the relationship among the pigs themselves and so the city slickers sent down to the countryside for political reeducation set out to find the thousand dollar pig much to the bemusement of the local peasants the sixteen stories collected in this remarkable book give firsthand accounts of daily life in contemporary china from 250 interviews conducted in hong kong between 1972 and 1976 mr frolic has created charming vignettes that show how individuals from all parts of china led their lives in the midst of rapid social change and political unrest we hear about oil prospectors rubber growers and factory workers widow wang and her sit in to get a larger apartment the thoroughly corrupt man who loved dog meat the young people who flew kites to protest antidemocratic tendencies as fresh and original as the individual accounts are common and timeless themes emerge the sluggishness of an agrarian society in responding to modernization the painful lack of resources in a poor and gigantic country the constraints imposed on common people by the bureaucracy the way in which individuals outwardly support the system and inwardly resist it the limitations of heavy and conflicting doses of ideology in motivating individuals but there are also recurrent motifs of economic and social progress production rises illiteracy declines and socialist values have impact a new china has emerged though change is occurring far more slowly than its leaders had intended mao s people contains much new information on china both for the general reader and for specialists in the field above all it is a completely engrossing and vivid glimpse into the ways of a nation we are only beginning to discover

Mao's People 2009-06-30

the routledge history of u s foreign relations provides a comprehensive view of u s diplomacy and foreign affairs from the founding to the present with contributions from recognized experts from around the world this volume unveils america s long and complicated history on the world stage it presents the united states evolution from a weak player even a european pawn to a global hegemonic leader over the course of two and a half centuries the contributors offer an expansive vision of u s foreign relations from u s native american diplomacy in eighteenth and nineteenth centuries to the post 9 11 war on terror they shed new light on well known events and suggest future paths of research and they capture lesser known episodes that invite reconsideration of common assumptions about america s place in the world bringing these discussions to a single forum the book provides a strong reference source for scholars and students who seek to understand the broad themes and changing approaches to the field this book will be of interest to students and scholars of u s history political science international relations conflict resolution and public policy amongst other areas

North East India 1978

the new society that the world awaited might yet be born in the humble guise of a backwoods village this was the belief shared by the many groups which moved into the american frontier to create experimental communities communities which they hoped would be models for revolutionary changes in religion politics economics and education in american society for as james madison wrote the american republic was useful in proving things before held impossible the communitarian ideal had its roots in the radical protestant sects of the reformation arthur bestor shows the connection between the holy commonwealths of the colonial period and the

nonsectarian experiments of the nineteenth century he examines in particular detail robert owen s ideals and problems in creating new harmony two essays have been added to this volume for the second edition in these patent office models of the good society and the transit of communitarian socialism to america bestor discusses the effects of the frontier and of the migration of european ideas and people on these communities he holds that the communitarians could believe in the possibility of nonviolent revolution through imitation of a small perfect society only as long as they saw american institutions as flexible by the end of the nineteenth century as american society became less plastic belief in the power of successful models weakened

Creek Country 2003

first published in 1970 modern english society is primarily concerned with the period since the great exhibition of 1851 judith ryder and harold silver begin by surveying the consequences good and ill of industrialization and go on to explore the changing pattern of social relationships to which it gave rise they discuss such topics as the growth of towns and of large scale administration the development of welfare services the emergence of mass politics the mass media and mass production they show how social attitudes and the interpretation of historical facts are colored by our ideological views in the second half of the book they examine the structure and functioning of contemporary social institutions the family education the economic and political systems and assess their implications for the individual for specific social groups and for society as a whole this book will be of interest to students of history and sociology

The Routledge History of U.S. Foreign Relations 2021-12-29

a two time national book award finalist s ambitious and provocative look at custer s last stand capitalism and the rise of the cowboys and indians legend the new york review of books in the fatal environment historian richard slotkin demonstrates how the myth of frontier expansion and subjugation of native americans helped justify the course of america s rise to wealth and power using custer s last stand as a metaphor for what americans feared might happen if the frontier should be closed and the savage element be permitted to dominate the civilized slotkin shows the emergence by 1890 of a mythos redefined to help americans respond to the confusion and strife of industrialization and imperial expansion a clearly written challenging and provocative work that should prove enormously valuable to serious students of american history the new york times an arresting hypothesis henry nash smith american historical review

The Fatal Environment 2024-01-23

a well researched and very readable new biography the wall street journal of the thomas edison of guns a visionary inventor who designed the modern handgun and whose awe inspiring array of firearms helped ensure victory in numerous american wars and holds a crucial place in world history few people are aware that john moses browning a tall humble cerebral man born in 1855 and raised as a mormon in the american west was the mind behind many of the world changing firearms that dominated more than a century of conflict he invented the design used in virtually all modern pistols created the most popular hunting rifles and shotguns and conceived the machine guns that proved decisive not just in world wars i and ii but nearly every major military action since yet few in america knew his name until he was into his sixties now author nathan gorenstein brings firearms inventor john moses browning to vivid life in this riveting and revealing biography embodying the tradition of self made self educated geniuses like lincoln and edison browning was able to think in three dimensions he never used blueprints and his gifted mind produced everything from the famous winchester 30 30 hunting rifle to the awesomely effective machine guns used by every american aircraft and infantry unit in world war ii the british credited browning s guns with helping to win the battle of britain his inventions illustrate both the good and bad of weapons sweeping lively and brilliantly told this fascinating book that gun collectors and historians of armaments will cherish kirkus reviews introduces a little known legend whose impact on history ranks with that of the wright brothers thomas edison and henry ford

Extension of National Labor Relations Act to Agricultural Employees 1967

this book examines the history of a military expedition the japanese government sent to southern taiwan in 1874 in the context of japan s subordination to western powers in the unequal treaty system in east asia it argues that events on the ground in taiwan show the japanese government intended to establish colonies in southern and eastern taiwan and justified its colonial intent based on the argument that a state must spread civilization and political authority to territories where it claimed sovereignty thereby challenging chinese authority in east asia and consolidating its power domestically the book considers the history of the taiwan expedition in the light of how japanese imperialism began it emerged as part of the process of consolidating government power after the meiji restoration it derived from western imperialism it developed in a dynamic relationship with western imperialism and it increased japan s leverage in its competition for influence in east asia
