Feynman Lectures On Computation 2024-05-15

when in 1984 86 richard p feynman gave his famous course on computation at the california institute of technology he asked tony hey to adapt his lecture notes into a book although led by feynman the course also featured as occasional guest speakers some of the most brilliant men in science at that time including marvin minsky charles bennett and john hopfield although the lectures are now thirteen years old most of the material is timeless and presents a feynmanesque overview of many standard and some not so standard topics in computer science such as reversible logic gates and quantum computers
