Review of the Evaluative Literature on Open Admissions at CUNY 1974 shedding light on the inner workings of one of the most important public institutions in the nation pathways to reform provides the first full account of how despite opposition a complex higher education initiative was realized from jacket flap

Pathways to Reform 2017-09-19 the encyclopedia of african american education covers educational institutions at every level from preschool through graduate and professional training with special attention to historically black and predominantly black colleges and universities other entries cover individuals organizations associations and publications that have had a significant impact on african american education the encyclopedia also presents information on public policy affecting the education of african americans including both court decisions and legislation it includes a discussion of curriculum concepts theories and alternative models of education and addresses the topics of gender and sexual orientation religion and the media the encyclopedia also includes a reader s guide provided to help readers find entries on related topics it classifies entries in sixteen categories alternative educational models associations and organizations biographies collegiate education curriculum economics gender graduate and professional education historically black colleges and universities legal cases pre collegiate education psychology and human development public policy publications religious institutions segregation desegregation some entries appear in more than one category this two volume reference work will be an invaluable resource not only for educators and students but for all readers who seek an understanding of african american education both historically and in the 21st century

**Encyclopedia of African American Education** 2010 providing a comprehensive history of the city university of new york this book chronicles the evolution of the country s largest urban university from its inception in 1961 through the tumultuous events and policies that have shaped its character and community over the past fifty years on april 11 1961 new york state governor nelson rockefeller signed the law creating the city university of new york cuny this legislation consolidated the operations of seven municipal colleges four senior colleges brooklyn college city college hunter college and queens college and three community colleges bronx community college queensborough community college and staten island community college under a common board of higher education enrolling at the time approximately 91 000 students cuny would evolve over the next fifty years into the largest urban university in the country serving more than 500 000 students reflecting on its uniqueness and broader place in u s higher education picciano and jordan examine in depth the development of the cuny system and all of its constituent colleges with emphasis on its rapid expansion in the 1960s and the end of its free tuition in the 1970s and open admissions policies in the 1990s while much of cuny s history is marked by twists and turns unique to its locale many of the issues and experiences at cuny over the past fifty years shed light on the larger nationwide developments in higher education

*CUNY's First Fifty Years* 2017-07-06 the uber ization of the classroom and what it means for faculty one of the most significant trends in american higher education over the last decade has been the shift in faculty employment from tenured to contingent now upwards of 75 of faculty jobs are non tenure track two decades ago that figure was 25 one of the results of this shift along with the related degradation of pay benefits and working conditions has been a new push to unionize adjunct professors spawning a national labor movement professors in the gig economy is the first book to address the causes processes and outcomes of these efforts kim toley brings together scholars of education labor history economics religious studies and law all of whom have been involved with unionization at public and private colleges and universities their essays and case studies address the following questions why have colleges and universities come to rely so heavily on contingent faculty how have federal and state laws influenced efforts to unionize what happens after unionization how has collective bargaining affected institutional policies shared governance and relations between part time and full time faculty and finally how have unionization efforts shaped the teaching and learning that happens on campus bringing substantial research and historical context to bear on the cost and benefit questions of contingent labor on campus professors in the gig economy will resonate with general readers scholars students higher education professionals and faculty interested in unionization contributors a j angulo timothy reese cain elizabeth k davenport marianne delaporte tom depaola kristen edwards luke elliott negri kim geron lorenzo giachetti shawn gilmore adrianna kezar joseph a mccartin gretchen m reevy gregory m saltzman kim toley nicholas m wertsch

Professors in the Gig Economy 2018-05-01 in how to lose the hounds celeste winston explores marronage the practice of flight from and placemaking beyond slavery as a guide to police abolition she examines historically black maroon communities in the maryland suburbs of washington dc that have been subjected to violent excesses of police power from slavery until the present day tracing the long and ongoing historical geography of black freedom struggles in the face of anti black police violence in these communities winston shows how marronage provides critical lessons for reimagining public safety and community well being these freedom struggles take place in what winston calls maroon geographies sites of flight from slavery and the spaces of freedom produced in multigenerational black communities maroon geographies constitute part of a black placemaking tradition that asserts life affirming forms of community winston contends that maroon geographies operate as a central method of black flight holding ground and constructing places of freedom in ways that imagine and plan a world beyond policing

Departments of Transportation, Treasury, HUD, the Judiciary, District of Columbia, and Independent Agencies Appropriations for 2007 2006 at its rhythmic beating heart close to the edge asks whether hip hop can change the world hip hop rapping beat making b boying deejaying graffiti captured the imagination of the teenage sujatha fernandes in the 1980s inspiring her and politicizing her along the way years later armed with mc ing skills and an urge to immerse herself in global hip hop she embarks on a journey into street culture around the world from the south side of chicago to the barrios of caracas and havana and the sprawling periphery of sydney she grapples with questions of global voices and local critiques and the rage that underlies both an engrossing read and an exhilarating travelogue this punchy book also asks hard questions about dispossession racism poverty and the quest for change through a microphone
