that there is a living stream of johannine
christianity can no longer be doubted there is now
an abundant literature from rosicrucian and
esoteric traditions from the deepest prayer and
meditation that addresses the exalted nature of
john the evangelist as expressed through his
gospel letters and the book of revelation yet it
fell to hermann beckh to elucidate clearly how the
individual known as john became the source of such
undying love and wisdom in christ according to
rudolf steiner john was the ailing lazarus called
from death to a new life as the disciple jesus
loved beckh demonstrates how john s invaluable
writings were based on personal spiritual
knowledge and experience expressing the divine
work of the cosmic christ on human nature and on
the earth leading far into the future whilst beckh
s authorship originated within the context of the
emerging christian community founded in 1922 his
profoundly original books could not be confined to
its framework not only could beckh tackle original
texts in tibetan sanskrit and avestan but through
his independent vision he was able to establish
new links with philosophical alchemy jakob böhme

the mormons had just arrived in utah after their 1300 mile exodus across the great plains and over the rocky mountains food was scarce the climate shocking in its extremes and local indian bands uneasy despite the challenges brigham young and his counselors in the first presidency sent church members out to establish footholds throughout the great basin but the church leaders felt they had a commission to do more than simply establish zion

hermann beckh s masterful study of mark s gospel
offers much more than scholarly argument it is the
work of a true visionary who allows his readers to
discover the meaning of the earth and of humanity
for themselves beckh was in the forefront of
entirely new research and recovery of the gospel
writing more for the future than for his own time
it is not uncommon for biblical scholars to view
st mark s gospel as little more than an assemblage
of fragmentary sources and a copy of uncertain
early memories the gospel is said to have little
historical veracity harmony or guiding structure
beckh s contemporary the german writer arthur
drews even argued that the text was nothing more
than a simplistic solar myth wherein another sun
hero pursued his way around the greco roman
constellations mark s gospel the cosmic rhythm is

most people don't realize charles dickens has a biblical foundation each of the spirits that appear in a christmas carol directly correlates with an advent lesson that is found in the church of england's book of common prayer perhaps that is what attracts christians to the story of a christmas carol every advent christians revisit this old victorian moral story with its images of snow covered english cobblestone streets the sentimentally portrayed ragged poor and its familiar story line doesn't seem to grow tiresome through the years we revisit this story because it echoes with the ancient lessons of advent hearing the gospel through charles dickens's a christmas carol is a christian devotional that uses a christmas carol as a tool to teach the ancient advent lessons of hope faith peace love and joy each week's devotion begins with a section from a christmas carol which dramatizes the advent lesson and is followed with a scriptural advent lesson from the church of england's book of prayer the word ebenezer is defined in scripture as the lord is my help 1 samuel 7:12 as we travel through ebenezer's redemptive healing journey the devotional invites the participants to examine how christ is born in their past present and future as a christian pastor i am grieved that the modern
