in analyzing the selected texts emphasis is given to the continuation of biblical relevance even when the described world of social behavior works outside religious and biblical notions of good and evil instead this book embraces an interconnection between nietzsche s innocence of becoming and the biblical tree of life that had been rejected in western mythology it is this work argues the choice to sanctify the biblical tree of knowledge that presumed to know what was good and what was evil that brought about the lie of innocence the book focuses on the relationship between fathers and sons arguing that it is the orphan son cut away from paternal ties who embodies the possibility for the world to embrace an innocence of becoming it further shows with some optimism that in a post apocalyptic world as envisaged by mccarthy the son can be freed to choose the tree of life over the tree of knowledge the story as michael smith describes ribman has plunged into history and written a play about eleventh century england and its pacifist king ethelred ethelred has negotiated a treaty with sweyn of denmark whereby england pays tribute in silver in this study the third panel of a trilogy on j s tales about evil and innocence in the primeval era the author turns to genesis 11 1 9 another parable this time on the so called tower of babel the captivity of innocence analyzes a systemic robotization of society as a way of keeping innocence behind bars contending that innocence never fails to offend never fails to stir envy and hate here evil is not wrought by an individual like cain or lamech but by all the earth so that the summit of evil is now reached before abraham s breakthrough in genesis following chapter the present analysis uses a variety of techniques to interpret the biblical text including historical critical literary sociopolitical psychoanalytic and deconstructive approaches the inescapable conclusion is that babel is the kafkaesque image of our world and is a powerful paradigm of our hubristic contrivances and constructions des tours de babel says derrida in order to deny our finiteness then innocence is trampled upon but it is not overcome babel babylon s fate is to crumble down and to bring up from her ashes the knight of faith
