how does one summarize the thirty nine books of the old testament how might one determine the message of the old testament with others this book attempts an answer to these questions the answer is taken from a single scripture passage exodus 5 22 6 8 which is here considered a theological table of contents for the old testament in addition to such topics as deliverance community and experiencing god the book has an extended discussion on land a subject which deals with a wide range of interests but which only rarely receives attention in books on biblical theology the current edition features reflections and a set of discussion questions following each of the seventeen chapters a boon for university and seminary teachers and students and of large help for church study groups
