McGraw Hill 10 ACT Practice Tests, Seventh Edition 2010-12-14

estrogen is a powerful female hormone that protects women from many health risks in menopause estrogen levels decline and its protective qualities decline as well at the same time a lifetime of bad habits may begin to catch up with us and our genetic predispositions to disease begin to surface all this leads to a plethora of symptoms some temporary some chronic and some life threatening the menopause answer book allows women to carefully assess their own symptoms and then seek out the information and treatments that will be tailored to their own specific needs find out if you re at risk for diseases associated with menopause develop your menopause action plan assess the pros and cons of hormone replacement therapy find out what tests to request from your doctor find out how to get the attention and treatment that you need learn about important lifestyle changes to make right now women dealing with menopause and perimenopause are bombarded with information but often have a hard time figuring out what applies to them and how to choose between conflicting advice the menopause answer book is the must have companion to the top selling menopause books which are informational but don t help women tailor their treatment

Corporate Social Responsibility and Corporate Governance 2007-08

a new examination of how and why american religious parents seek to pass on religion to their children the most important influence shaping the religious and spiritual lives of children youth and teenagers is their parents a myriad of studies show that the parents of american youth play the leading role in shaping the character of their religious and spiritual lives even well after they leave home and often for the rest of their lives we know a lot about the importance of parents in faith transmission however we know much less about the actual beliefs feelings and activities of the parents themselves what christian smith and amy adamczyk call the intergenerational transmission of religious faith and practice to address that gap this book reports the findings of a new national study of religious parents in the united states the findings and conclusions in handing down the faith are based on 215 in depth personal interviews with religious parents from many traditions and different parts of the country and sophisticated analyses of two nationally representative surveys of american parents about their religious parenting handing down the faith explores the background beliefs informing how and why religious parents seek to pass on religion to their children examines how parenting styles interact with parent religiousness to shape effective religious transmission shows how parents have been influenced by their experiences as children influenced by their own parents reveals how religious parents view their congregations and what they most seek out in a local church synagogue temple or mosque explores the experiences and outlooks of immigrant parents including latino catholics east asian buddhists south asian muslims and indian hindus smith and adamczyk step back to consider how american religion has transformed

over the last 100 years and to explain why parents today shoulder such a huge responsibility in transmitting religious faith and practice to their children the book is rich in empirical evidence and unique in many of the topics it explores and explains providing a variety of sometimes counterintuitive findings that will interest scholars of religion social scientists interested in the family parenting and socialization clergy and religious educators and leaders and religious parents themselves
