2017-03-14

claims and counter claims accusations and allegations nsa spying and suppressed evidence cover ups and threats documented connections and intrigue suggestions of a new world order are we to believe the coincidences are mere chance might the paranoid be on to something who really holds the levers of power history admonishes us to be vigilant of hidden plots and nefarious agendas of governments and the powerful shedding light onto sometimes sinister and coercive groups secret societies the complete guide to histories rites and rituals is packed with details on nearly 200 organizations their histories found members backgrounds and suspected conspiracies it uncovers and examines the hidden overlooked and buried history of some of the most notorious groups including the illuminati the freemasons skull and bones world bankers the secret government and extraterrestrial invaders to name a few tracing the chilling and corrosive affects of powerful cliques and their plots it exposes their deep reach into the operations of today s world providing gripping details presenting the facts and letting the reader decide this revealing work probes the hidden agendas and agreements of secret cabals and associations along the way it debunks myths and presents the evidence on an invisible world of influence and power

The Secrets of Gaining the Upper Hand in High Performance Negotiations

2011

although negotiations are an ever present part of our everyday lives many of us know little as to why we sometimes get our way while on other occasions we walk away feeling frustrated that we did not reach the desired agreement or we may have left too much value on the table knowing how to gain the upper hand to get what is necessary from a negotiation is particularly important when the stakes are high especially in a situation where a negotiator feels the options and choices are limited yet something must be achieved a negotiation can cause a lot of stress making the stakes even higher and the negotiation dynamics more difficult to manage new communication technologies play an increasingly important role in day to day negotiations it is important to be aware of these situations in order to know what works and what does not work and how to maximize the outcome in such negotiation situations the contributions in this book as well as the exclusive interview with chris voss an international business negotiator capture the key concepts and the most important learning points on how to gain the upper hand in high stake negotiations the book deals in a concise way with proven tools such as recognizing escalation mechanisms and the techniques on how to de escalate or deal with emotions readers will gain access to crucial insights from professionals like the fbi or us army negotiators who are experienced in negotiating under extreme pressure in situations where lives are literally on the line

The Secret Gospel of Mark Unveiled

2007-01-01

in 1958 bible scholar morton smith announced the discovery of a sensational manuscript a second century letter written by st clement of alexandria who quotes an unknown longer version of the gospel of mark when smith published the letter in 1973 he set off a firestorm of controversy that has raged ever since is the text authentic or a hoax is smith s interpretation correct did jesus really practice magic or homosexuality and if the letter is a forgery why through close examination of the discovered manuscript s text peter jeffery unravels the answers to the mystery and tells the tragic tale of an estranged episcopalian priest who forged an ancient gospel and fooled many of the best biblical scholars of his time jeffery shows convincingly that smith s secret gospel is steeped in anachronisms and that its construction was influenced by oscar wilde s salomé twentieth century misunderstandings of early christian liturgy and smith s personal struggles with christian sexual morality

Secrets and Leaks

2016-05-10

secrets and leaks examines the complex relationships among executive power national security and secrecy state secrecy is vital for national security but it can also be used to conceal wrongdoing how then can we ensure that this power is used responsibly typically the onus is put on lawmakers and judges who are expected to oversee the executive yet because these actors lack access to the relevant information and the ability to determine the harm likely to be caused by its disclosure they often defer to the executive s claims about the need for secrecy as a result potential abuses are more often exposed by unauthorized disclosures published in the press but should such disclosures which violate the law be condoned drawing on several cases rahul sagar argues that though whistleblowing can be morally justified the fear of retaliation usually prompts officials to act anonymously that is to leak information as a result it becomes difficult for the public to discern when an unauthorized disclosure is intended to further partisan interests because such disclosures are the only credible means of checking the executive sagar writes they must be tolerated and at times even celebrated however the public should treat such disclosures skeptically and subject irresponsible journalism to concerted criticism

Top Secret Restaurant Recipes

1997-06-01

1 bestselling top secret recipes series with more than 4 million books sold every year americans spend billions of dollars gobbling up meals at full service restaurant chains inspiring todd wilbur to change his focus from cracking the recipes for convenience store foods to cloning the popular dishes served at these sit down stand bys wilbur s knock offs absolutely indiscernible from the originals are selected from national and regional chains many drawn from a list of the top ten full service restaurant chains including houlihan s red lobster and pizza hut also included in this savory cookbook is a special section devoted to dishes from hot theme restaurants such as hard rock cafe planet hollywood and dive recipes include applebee s quesadillas denny s moons over my hammy bennigan s cookie mountain sundae the olive garden toscana soup the cheesecake factory bruschetta t g i friday s nine layer dip pizza hut original stuffed crust pizza chi chi s nachos grande and many more

The Bad Trip

2019-08-08

a history that makes perfect sense when the sky is falling down the sunday times beneath the psychedelic utopianism of the

sixties lay a dark seam of apocalyptic thinking that seemed to rupture into violence and despair by 1969 literary and cultural historian james riley descends into this underworld and traces the historical and conspiratorial threads connecting art film poetry politics murder and revolt the beatles and the rolling stones the manson family and roman polanski ley line hunters and illuminati believers aldous huxley joan didion and the beat poets radical protest movements and occult groups all come together in riley s gripping narrative steeped in the hopes dreams and anxieties of the late 1960s and early 70s the bad trip tells the strange stories of some of the period s most compelling figures as they approached the end of an era and imagined new worlds ahead

Family Secrets; Or, Hints to Those Who Would Make Home Happy

2024-05-25

reprint of the original first published in 1842

Innovating in a Secret World

2019-07

our national security increasingly depends on access to the most sophisticated and advanced technology yet the next time we set out to capture a terrorist leader we may fail why the answer lies in a conflict between two worlds one is the dynamic global commercial world with its thriving innovations the other is the world of national security in which innovation is a matter of life or death the conflict is about secrecy innovating in a secret world is a detailed examination of the u s government and innovation landscapes and of the current trends in often secret national security related research and development r d based on case studies detailed research and interviews with executives at fortune 500s startup entrepreneurs and military directors and program managers this accessible and timely book is a must read tina p srivastava evaluates whether the strategy of technology innovation in the world of national security leaves certain innovations behind or unintentionally precludes certain classes of innovators from participating she identifies the unintended consequences and emergent behaviors of this conflict this examination unfolds in a complex dynamic system that includes the legal framework in which technology innovation must exist for more than a decade srivastava has been on the front lines of cutting edge technology innovation she suggests focusing on an emerging class of r d strategy called open innovation a strategy that broadens participation in innovation beyond an individual organization or division traditionally assigned to perform r d activities through compelling stories of commercial and early government applications she shows how open technology innovation strategies can enable accelerate and enhance technology

innovation successful incorporation of open innovation into the previously closed u s government r d landscape can yield profound benefits to both national security and global leadership

The Secret Barrister

2018-03-22

an anonymous barrister offers a shocking darkly comic and very moving journey through the legal system and explains how it s failing all of us the sunday times number one bestseller winner of the books are my bag non fiction award shortlisted for waterstones book of the year shortlisted for specsavers non fiction book of the year you may not wish to think about it but one day you or someone you love will almost certainly appear in a criminal courtroom you might be a juror a victim a witness or perhaps through no fault of your own a defendant whatever your role you d expect a fair trial i m a barrister i work in the criminal justice system and every day i see how fairness is not guaranteed too often the system fails those it is meant to protect the innocent are wronged and the guilty allowed to walk free in the secret barrister stories of the law and how it s broken i want to share some stories from my daily life to show you how the system is broken who broke it and why we should start caring before it s too late a sunday times top ten bestseller for twenty four weeks eye opening funny and horrifying observer everyone who has any interest in public life should read it daily mail

Conversational Capacity: The Secret to Building Successful Teams That Perform When the Pressure Is On

2013-03-26

open balanced dialogue the key to peak team performance in a world of rapid fire change it s more important than ever to build teams that work well when the pressure is on and quality communication can mean the difference between success and failure conversational capacity provides the communication tools you need to ensure that your team remains on track even when dealing with its most troublesome issues that it responds to tough challenges with agility and skill and performs brilliantly in circumstances that would incapacitate less disciplined teams praise for conversational capacity this book blows the lid off everything you have learned about team building and will have you asking why didn t someone show me this before rick woodcock chief technology officer of the us naval institute annapolis easy to implement craig weber s techniques will transform your organization we put these principles into practice and saw immediate results scott goodey ceo greenpoint technologies a must read for leaders and those who aspire to lead it s one of the most influential books on the value of teaming benjamin ola akande phd professor of economics and dean of the george herbert walker school of business and technology webster university conversational capacity is one of those rare books that will forever change how you see yourself and the people with whom you work read it recommend it to your boss your team and your friends jan wilmott director of leadership development at the royal bank of canada this book provides a practical roadmap to learning the single most important skill that any leader can and should master conversational capacity will change the way you lead and transform your relationships at work and at home andy restivo president and ceo of creative channel services an omnicom group company conversational capacity shows leadership teams

how to think actively and adapt quickly better yet the simplicity of the book enables the reader to apply the concepts and ideas in any leadership position mark milliner ceo of personal insurance at suncorp craig weber has a gift for connecting what it means to build healthy relationships with the nuts and bolts of running an organization in conversational capacity he brings a refreshing combination of practical tools personal examples and wisdom from having worked with hundreds of leaders over the years if you are a leader or someone interested in getting better at what you do conversational capacity is a must read rob mckenna phd executive director of the center for leadership research and development and author of dying to lead craig weber challenges us to think differently about the way we talk to each other not since the seminal work of chris argyris have i read a book that so well documents the promise and the peril of dialogue readers will learn to develop conversational competence with team members and with leaders at all levels you will learn to become more mindful in difficult situations appreciate the power of curiosity and develop ways to experiment compare reframe and reengage with renewed commitment we need this book now more than ever once you read it you will want to share it as soon as possible frank j barrett phd professor of management and organizational behavior global public policy at the graduate school of business and public policy naval postgraduate school and author of yes to the mess this book has transformed the way i lead teach and facilitate weber captures the essence of team effectiveness and provides a well researched and tested model that supports the other building blocks of leadership dr tony herrera direct of partner development at schreiber foods required reading improving the conversational capacity of your team and organization is invaluable these same skills are needed to address the broader issues we face as a society get this book share it with your colleagues friends and family chris soderquist president of pontifex consulting and author of the strategic forum craig weber s conversational capacity works it works to build an internal culture that allows our organization to focus on the work at hand without the drama emotions and egos that often get in the way of creating a high functioning organization it also works when building relationships with funders stakeholders and other clients allowing our team to listen for commonalities and to find areas of true agreement michele lueck president and ceo of the colorado health institute those who aspire to use a conversational process to facilitate and deliver high impact team results have come to the right place having worked with craig weber to design training programs for colleagues i can personally attest to his brilliance in using narratives to capture our attention and emotional intelligence with evidence based methods to build our conversational skills with clarity practicality and case examples this book will help you find the sweet spot in any conversation while ensuring a productive outcome dr kathleen keil senior manager of learning and development at pfizer animal health craig weber s conversational capacity reduces organizational fear through a simple effective technique that increases trust and maximizes creativity it will help any organization realize new levels of confidence creativity and success the tools within these pages may very well be the most important keys to both change and growth in the twenty first century scott eck president of leadership masters we often see the need for collaboration but do not have the tools and skills required to make it happen using craig weber s techniques to build conversational capacity is exactly what we need in both our professional and personal lives karen minyard phd director of the georgia health policy center at the andrew young school of public policy georgia state

university the ideas in these pages are profound life changing and applicable to every area of life my nonprofit team acquired a new set of skills that increased our capacity to tackle governance interpersonal relationships and the future in a dynamic and changing economy don't miss this opportunity to learn from a master the tools required to elevate awareness skill and discipline to achieve desired and amazing results jane soderquist board chair of the upper valley waldorf school

Poole's Index to Periodical Literature

1853

the enigmatic and elusive filmmaker stanley kubrick has not been treated to a full length biography in over twenty years stanley kubrick an odyssey fills that gap it is based on access to the latest research especially into his archive at the university of the arts london and other papers as well as new interviews with family members and those who worked with him it offers comprehensive and in depth coverage of kubrick's personal private public and working life we discuss not only the making of his films but also about those he wanted but failed to make like burning secret napoleon aryan papers and a i we discover what he was doing when he was not making films this biography will puncture a few myths about this allegedly reclusive filmmaker who created some of the most important works of art of the twentieth century

Kubrick

2024-01-16

an innovative account that brings together cognitive science ethnography and literary history to examine patterns of mindreading in a wide range of literary works for over four thousand years writers have been experimenting with what cognitive scientists call mindreading constantly devising new social contexts for making their audiences imagine complex mental states of characters and narrators in the secret life of literature lisa zunshine uncovers these mindreading patterns which have until now remained invisible to both readers and critics in works ranging from the epic of gilgamesh to invisible man bringing together cognitive science ethnography and literary studies this engaging book transforms our understanding of literary history central to zunshine's argument is the exploration of mental states embedded within each other as for instance when ellison's invisible man is aware of how his white communist party comrades pretend not to understand what he means when they want to reassert their position of power paying special attention to how race class and gender inform literary embeddings zunshine contrasts this dynamic with real life patterns studied by cognitive and social psychologists she also considers community specific mindreading values and looks at the rise and migration of embedment patterns across genres and national literary

traditions noting particularly the use of deception eavesdropping and shame as plot devices finally she investigates mindreading in children s literature stories for children geared toward different stages of development she shows provide cultural scaffolding for initiating young readers into a long term engagement with the secret life of literature
