Trustworthy Global Computing 2014-07-08

in 1984 the newly elected labour government s anti nuclear policy collided with a united states foreign policy based on nuclear deterrence after three years of ship visits denied angry meetings fraught diplomacy and press conferences the stand off led to the unravelling of the anzus military alliance established in 1951 based on previously classified government records in new zealand australia the united states and the united kingdom interviews with key protagonists from throughout the world and the author s own involvement in events friendly fire tells the inside story of the dramatic confrontation we hear what bob hawke and george schultz really thought of david lange we see the internal machinations within the labour party as geoffrey palmer wrestled with what to do about the uss buchanan s proposed visit while david lange was stuck in the middle of the pacific on an old boat and we see the complex play of cultural loyalties strategic objectives and personal relationships that led from policy differences to confrontation to collapse this is the definitive account of a key turning point in new zealand history a dramatic story of powerful personalities arguing key questions on the world stage

Friendly Fire 2013-10-01

the book analyses the institutions of the european financial market supervision and the challenges of financial markets the current european supervisory structure for financial markets represents a major development in european supervisory history its operation however has to be explored and analysed critically has it gone far enough to provide a sufficiently comprehensive and resilient system to reduce or mitigate systemic risks and handle financial crises some claim it has gone too far already fresh and rigorous critical legal and economic analysis from an independent scholarly perspective are needed to assess whether the institutional design of the european supervisory architecture has proved itself to be an efficient and effective model this book discusses many dimensions of the structure and workings of the european system from various angles providing different dimensions the book makes an important contribution to the limited literature on financial market supervision

Papers Relating to the Foreign Relations of the United States 1974

this book provides a comprehensive overview of european union eu central banking law a field of eu economic law which emerged in the late 1990s and has developed rapidly ever since european central banking law pertains to the rules governing the functions operation tasks and powers of the european central bank ecb and the national central banks ncbs of eu member states systematically presenting and analysing the role of the ecb as a monetary and banking supervisory authority the book discusses its changing and developing responsibilities following the financial crisis of 2007 2009 and the ongoing fiscal crisis in the euro area the book also highlights the ecb s significant role in relation to the resolution of credit institutions as well as conversely its relatively limited role in respect of last resort lending to eu credit institutions exposed to liquidity risk the related tasks and powers of the ecb are presented in light of its interaction with ncbs within the eurosystem the european system of financial supervision the single supervisory system and the single resolution mechanism providing a detailed analysis of the legal framework governing mainly the ecb s monetary policy and other basic tasks within the eurosystem and its specific tasks in relation to banking supervision and macro prudential financial oversight this comprehensive book will be of interest to researchers practitioners and students in the fields of eu monetary and banking law

Regulating and Supervising European Financial Markets 2016-08-16

from 1964 to 1980 the united states was buffeted by a variety of international crises including the nation's defeat in vietnam the growing aggression of the soviet union and washington's inability to free the fifty two american hostages held by islamic extremists in iran through this period and in the decades that followed commentary human events and national review magazines were critical in supporting the development of gop conservative positions on key issues that shaped events at home and abroad these publications and the politicians they influenced pursued a fundamental realignment of us foreign policy that culminated in the election of ronald reagan paving the way for reagan closely examines the ideas and opinions conveyed by the magazines in relationship to their critiques of the dominant liberal foreign policy events of the 1960s and 1970s revealed is how the journalists key insights and assessments of the us strategies on vietnam china the strategic arms limitations talks salt the united nations the panama canal rhodesia and the middle east applied pressure to leaders on the right within the gop who they believed were not being faithful to conservative principles their views were ultimately adopted within the conservative movement and subsequently helped lay the foundation for reagan's peace through strength foreign policy incorporating primary sources and firsthand accounts from writers and editors jurdem provides a comprehensive analysis of how these three publications played a fundamental role influencing elite opinion for a paradigm shift in us foreign policy during this crucial sixteen year period

European Central Banking Law 2020-02-14

renaissance lawman the education and deeds of eliot h lumbard details the life education and public service career of eliot howland lumbard a lawyer who most of his life lived and worked in manhattan and whose legal career spanned more than fifty years beginning in the early 1950s lumbard is easily identified as a renaissance lawman for having gained considerable expertise in the operations of the political and justice systems and for proceeding to capitalize on this knowledge to become both an advocate and initiator of progressive reforms for criminal justice his contributions on behalf of public safety have been largely forgotten but throughout this intriguing biography martin alan greenberg successfully juxtaposes many of lumbard's professional activities with many of the major historical developments and challenges of his time the chronicled events emphasize what motivated the people in his generation to behave as they did since the world today is a much different place than what americans were experiencing in the first three decades after ww ii cultural and technological changes have combined to make our present day world quite different from over a half century ago renaissance lawman proves to be especially rewarding to a wide range of readers interested in police work criminal justice history public service leadership and legal ethics there are no other comparable books on the market lumbard certainly had a unique legal career and his impactful contributions have seldom if ever been duplicated even if his contributions on behalf of public safety have been largely forgotten

White Paper on Human Rights in North Korea 2014 2014-09-10

learning from singapore tells the inside story of the country's journey in transforming its education system from a struggling one to one that is hailed internationally as effective and successful it is a story not of the glory of international test results but of the hard work and tenacity of a few generations of policy makers practitioners and teacher trainers despite its success singapore continues to reform its education system and is willing to deal with difficult issues and challenges of change citing singapore's transformation author pak tee ng highlights how context and culture affect education policy formulation and implementation showing how difficult education reform can be when a system needs to negotiate between competing philosophies significant trade offs or paradoxical positions this book explores the successes and struggles of the singapore system and examines its future direction and areas of tension the book also explores how national education systems can be strengthened by embracing the creative tensions generated by paradoxes such as the co existence of timely change and timeless constants centralisation and decentralisation meritocracy and compassion and teaching less and learning more learning from singapore brings to the world the learning from singapore what singapore has learned from half a century of educational change and encourages every education system to bring hope to and secure a future for the next generation

NTA UGC NET Paper 1 Topic-wise 50 Solved Papers (2019 to 2004) 2020-07-04

this book examines the global and domestic factors that have influenced the decline of south african manufacturing quantitative and econometric techniques are used to analyse the macroeconomic conditions that derive improved performance within the manufacturing sector empirical evidence is used to set out policy recommendations that would allow the south african national development plan to meet its objectives this book aims to bring together analysis of industrial policy competition policy and merger remedies to produce a framework on how to preserve a competitive environment and support output investment and employment growth it is relevant to those interested in african development and labour economics

The Economics of Digital Transformation 2021-02-15

this book analyses the strategies used by public authorities to expand the uk aviation industry in relation to growing political opposition and the negative impact of flying on local communities and climate change its genealogical investigations show how governmental practices and technologies designed to depoliticise aviation and expand airports have generally failed to constitute an effective political will to counter community resistance and environmental protest criticising the dominant logics of uk airport expansion the authors promote a radical rethinking of our attitudes to aviation in terms of sufficiency degrowth and alternative hedonism laying the ground for a more sustainable future

Deepening Reform for China's Long-term Growth and Development 2014-07-10

focused on understanding and analyzing lgbtq activism and protest globally this edited collection brings together voices from different parts of the world to examine lgbtq protests and their impact through the lens of media culture and sociopolitical structures this collection highlights how cultural and technical factors like the emergence of social media and other digital platforms have impacted lgbtq activism this book draws on studies from countries as varied as zimbabwe bangladesh sri lanka hungary morocco china and the us the contributions provide important insight into how social media and digital platforms have provided space for self expression and protest and encouraged advocacy and empowerment for lgbtq movements it also examines the diversity and similarities between different national contexts and the various obstacles faced while spotlighting countries that are traditionally understudied in western academia in an important step toward decolonizing research each chapter through the voices of activists and media scholars moves beyond an oversimplified examination of queer protests to show in rich detail the exciting yet complicated terrain of queer protests throughout the globe this book is suitable for media communication and cultural studies students researchers academics and lgbtq activists as well as students and scholars from

related academic disciplines

India-Brazil-South Africa Dialogue Forum (IBSA) 2019-03-26

this book focuses on the dialectics between spatio organisational gaps and local contexts that characterise cross border investments interspatial investments be it mergers acquisitions m a or greenfield investments are usually characterised by what is referred to as otherness i e organisational and cultural distances of the firms involved in relation to their regional contexts at the same time economic political and socio cultural linkages are decisive for attracting cross border investments to regions and for providing firms with conditions supportive of their market success as a consequence of being locked into complex structures of proximities cross border investments are situated in contested terrain this terrain triggers learning processes in both regional actors and investors which can result in the convergence of mindsets and organisational issues this book is unique in that it combines interspace defined as the distance between the new owner and the cross border venture place the target region interpretation perception and understanding of the investment by the actors involved and context institutions actor networks and interaction thus offering better understanding of recent processes of globalisation crossing disciplinary boundaries by integrating economic geography and management studies the volume adopts an innovative and spatially informed perspective on foreign direct investments fdi this perspective will be of great value to scholars students and practitioners the volume is inventive in its approach in that it offers fresh readings from interdisciplinary theoretical approaches and combines these with valuable empirical insights from developed as well as emerging economies

Handbook of Research on Global Business Opportunities 2017-09-01

this book discusses the implementation of privacy by design in europe a principle that has been codified within the european data protection regulation gdpr while privacy by design inspires hope for future privacy sensitive designs it also introduces the need for a common understanding of the legal and technical concepts of privacy and data protection by pursuing an interdisciplinary approach and comparing the problem definitions and objectives of both disciplines this book bridges the gap between the legal and technical fields in order to enhance the regulatory and academic discourse the research presented reveals the scope of legal principles and technical tools for privacy protection and shows that the concept of privacy by design goes beyond the principle of the gdpr the book presents an analysis of how current regulations delegate the implementation of technical privacy and data protection measures to developers and describes how policy design must evolve in order to implement privacy by design and default principles

Ultimate Guide for FCI Assistant Grade - III Recruitment Exam Paper 1 & 2 2019-03-05

this book examines the evolution of airpower and specifically the growth and proliferation of remotely piloted aircraft rpas while most existing literature examines either the law or ethics of rpas and some newer scholarship looks to the battlefield effectiveness the gains from strikes versus the potential for blowback etc this work investigates it from a broader military perspective it examines the strategy for employment of rpas across the spectrum of warfare the potential deterrent value of rpas in some circumstances and the resulting ability of rpas to fundamentally shift the character of when and how wars are fought the central aim of this book is to evaluate the role of drones in warfare to date and make basic projections on how states will adopt rpas and ucavs in the future at the core is the goal of answering a broad underlying research question how will the rpa innovation impact military strategy and international security this book will be of much interest to students of airpower drone warfare military and strategic studies security studies and ir

DMRC Exam for Jr. Engineer (Electrical) Guide + Workbook (10 Practice Sets)
