## **Human Geography**

2015

this volume posits geography as a bridge between the natural and social sciences demonstrating how issues such as discrimination and poverty can be more

deeply understood with a spatial perspective from varying scales individual community region nation and world it explores new developments in geography and their implications for the k 12 social studies curriculum introducing teachers and teacher educators to new research in the field and providing theoretical and practical examples of geography in the curriculum

## **Geography and Social Justice in the Classroom**

2013

geographical knowledge construction and production teacher and student perspectives is a readable and illuminating account of three high school classrooms in suburban atlanta georgia it challenges the narrow focus of the advanced placement ap programme as a tool for admission into colleges and universities in the united states the research provides insight into the college board s ap programme and argues for teaching and learning that is transformative and geared toward equipping students with the skills and knowledge necessary to confront the challenges of the 21st century in particular it advocates for geographic education that is anchored in the structure of the subject teasing wherever possible the contradictions and tensions embedded in the complexities of facts relating to people and places this book is essential reading for professors and students of education teachers and students of ap courses parents administrators and state and federal agencies vested in the ap programme

## **Geographical Knowledge Construction and Production**

2015-09-02
