fanchon went early one morning like little red riding hood to see her grandmother who lives right at the other end of the village but fanchon did not stop like little red riding hood to gather nuts in the wood she went straight on her way and she did not meet the wolf from a long way off she saw her grandmother sitting on the stone step at her cottage door a smile on her toothless mouth and her arms as dry and knotty as an old vine stock open to welcome her little granddaughter it rejoices fanchon s heart to spend a whole day with her grandmother and her grandmother whose trials and troubles are all over and who lives as happy as a cricket in the warm chimney corner is rejoiced too to see her son s little girl the picture of her own childhood they have many things to tell each other for one of them is coming back from the journey of life which the other is setting out on you grow a bigger girl every day says the old grandmother to fanchon and every day i get smaller i scarcely need now to stoop at all to touch your forehead what matters my great age when i can see the roses of my girlhood blooming again in your cheeks my pretty fanchon but fanchon asked to be told again for the hundredth time all about the glittering paper flowers under the glass shade the coloured pictures where our generals in brilliant uniforms are overthrowing their enemies the gilt cups some of which have lost their handles while others have kept theirs and grandfather s gun that hangs above the chimney piece from the nail where he put it up himself for the last time thirty years ago but time flies and the hour is come to get ready the midday dinner fanchon s grandmother stirs up the drowsy fire then she breaks the eggs on the black earthenware platter fanchon is deeply interested in the bacon omelette as she watches it browning and sputtering over the fire there is no one in the world like her grandmother for making omelettes and telling pretty stories fanchon sits on the settle her chin on a level with the table to eat the steaming omelette and drink the sparkling cider but her grandmother eats her dinner from force of habit standing at the fireside she holds her knife in her right hand and in the other a crust of bread with her toothsome morsel on it

for many the middle ages depicted in walt disney movies have come to figure as the middle ages forming the earliest visions of the medieval past for much of the contemporary western and increasingly eastern imagination the essayists of the disney middle ages explore disney s mediation and re creation of a fairy tale and fantasy past not to lament its exploitation of the middle ages for corporate ends but to examine how and why these medieval visions prove so readily adaptable to themed entertainments many centuries after their creation what results is a scrupulous and comprehensive examination of the intersection between the products of the disney corporation and popular culture s fascination with the middle ages

exploring forms of desire unaccounted for in previous histories of sexuality what can the renaissance tell us at our present moment about who and what is queer as well as the political consequences of asking in posing this question the shapes of fancy offers a powerful new method of accounting for

ineffable and diffuse forms of desire mining early modern drama and prose literature to describe new patterns of affective resonance starting with the question of how and why readers seek traces of desire in texts from bygone times and places the shapes of fancy demonstrates a practice of critical attunement to the psychic and historical circulations of affect across time within texts from texts to readers and among readers closely reading for uncharted desires as they recur in early modern drama witchcraft pamphlets and early atlantic voyage narratives and demonstrating how each is structured by qualities of secrecy impossibility and excess christine varnado follows four shapes of fancy the desire to be used to others ends indiscriminate bottomless appetite paranoid self fulfilling suspicion and melancholic longings for impossible transformations and affinities these affective dynamics go awry in atypical and perverse ways in other words argues varnado these modes of feeling are recognizable on the page or stage as queer because of how and not by whom they are expressed this new theorization of desire expands the notion of queerness in literature decoupling the literary trace of queerness from the binary logics of same sex versus opposite sex and normative versus deviant that have governed early modern sexuality studies providing a set of methods for analyzing affect and desire in texts from any period the shapes of fancy stages an impassioned defense of the inherently desirous nature of reading making a case for readerly investment and identification as vital engines of meaning making and political insight
