Young People's Perspectives on End-of-Life 2004-01-01 this book explores the concept of the end of literature through the lens of hegel s philosophy of art in his version of hegel s end of art thesis arthur danto claimed that contemporary art has abandoned its distinctive sensitive and emotive features to become increasingly reflective contemporary art has become a question of philosophical reflection on itself and on the world thus producing an epochal change in art history the core idea of this book is that this thesis applies quite well to all forms of art except one namely literature literature resists its end unlike other arts which have experienced significant fractures in the contemporary world campana proposes that literature has always known how to renew itself in order to retain its distinguishing features so much so that in a way it has always come to terms with its own end analysing the distinct character of literature this book proposes a new and original interpretation of the end of art thesis showing how it can be used as a key conceptual framework to understand the contemporary novel Interstices 1978-09 late in april 1861 president lincoln ordered federal troops to evacuate forts in indian territory that left the five civilized tribes cherokees chickasaws choctaws creeks and seminoles essentially under confederate jurisdiction and control the american indian and the end of the confederacy 1863 1866 spans the closing years of the civil war when southern fortunes were waning and the immediate postwar period ø annie heloise abel shows the extreme vulnerability of the indians caught between two warring sides the failure of the united states government to afford to the southern indians the protection solemnly guaranteed by treaty stipulations had been the great cause of their entering into an alliance with the confederacy she writes her classic book originally published in 1925 as the third volume of the slaveholding indians makes clear how the indians became the victims of uprootedness and privation pillaging government mismanagement and finally a deceptive treaty for reconstruction
