A Letter to Mr. H. Dundas ... in answer to his speech on the late ... Proclamation for the suppression of

sedition publications, etc. 1792

this book is an introduction to the relationship between the morphosyntactic properties of sentences and their associated illocutionary forces or force potentials the volume begins with several chapters dedicated to important theoretical and methodological issues such as sentence and utterance meaning illocutionary force clause types and cross linguistic comparison the bulk of the book is then composed of chapter length case studies that systematically investigate typologically prominent clause types and their forces such as declaratives and assertions interrogatives and questions and imperatives and commands these case studies begin with an overview of the necessary theoretical foundations followed by a discussion of the grammatical structures of english and an assessment of the relevant cross linguistic facts each chapter ends with a succinct summary of the most important findings practice exercises and recommendations for further reading and research overall the book works towards developing a gradient model of clause types that goes substantially beyond the traditional distinction between major and minor clause types it draws on insights from linguistics philosophy and sociology and may be used as a textbook for undergraduate or graduate courses in semantics pragmatics and morphosyntax

An Answer to the Speech Delivered by Mr. Richard Twining, at a General Court of Proprietors, at the East-India-House, on the 18th of June, 1794 1794

this volume offers a synthetic approach to language variation and language ideologies in multilingual communities although the vast majority of the world's speech communities are multilingual much of sociolinguistics ignores this internal diversity this volume fills this gap investigating social and linguistic dimensions of variation and change in multilingual communities drawing on research in a wide range of countries canada usa south africa australia papua new guinea solomon islands vanuatu it explores connections between the fields of creolistics language dialect contact and language acquisition how the study of variation and change particularly in cases of additive bilingualism is central to understanding social and linguistic issues in multilingual communities how changing language ideologies and changing demographics influence language choice and or language policy and the pivotal place of multilingualism in enacting social power and authority and a rich array of new empirical findings on the dynamics of multilingual speech communities

A Modest Answer to a Printed Pamphlet, Entitled, A Speech Lately Made by a Noble Peer of the Realm 1681

prayer is our basic expression of religious belief it is our personal and most private act of devotion words cannot do justice to the feelings wishes terrors pains or pleasures that we exchange with god this book sets out to define prayer as both a means of drawing nearer to god everyday and as a coping tool that people can use in order to achieve harmony balance and satisfaction in their in their lives

Speech Acts and Clause Types 2018

this book brings together theoretical and empirical approaches to second language L2 fluency and provides a state of the art overview of current research on the topic the strength of the volume lies in its interdisciplinarity the chapters approach fluency from non traditional starting points and go beyond disciplinary boundaries in their contributions the volume includes chapters investigating fluency from an L2 perspective and integrates perspectives from related fields such as psycholinguistics sign language studies and L2 assessment the book extends the common foci and approaches of fluency studies and offers new perspectives that enable readers to evaluate critically existing paradigms and models this encourages the development of more comprehensive frameworks and directs future L2 fluency research into new areas of L2 learning and use

Social Lives in Language--sociolinguistics and Multilingual Speech Communities 2008

in a business world where we are told that time is money the real currency is communicating clearly at a poised and measured pace better business speech techniques tricks and shortcuts for public speaking at work by paul geiger focuses on the challenges of being a strong communicator in a range of business settings it begins with the basic premise that all speaking for business is public speaking therefore these are the communication scenarios where any lack of confidence in speech ability will be magnified the obstacles that stand in the way of successful meetings presentations networking events job interviews and sales calls are all clearly described seasoned speech coach paul geiger offers tricks techniques and shortcuts that all seem shockingly simple but it is the retraining of the mind and body that is the hard part he details practical daily exercises that lead to better speech habits and addresses the causes of ineffective speech pattern in both personal and business settings the physical and mental aspects of speech are explored in the context of forming a strong speech technique foundation that never loses sight of the importance of always sounding authentic by offering action steps and helpful online tutorials geiger provides readers with the tools necessary to make lasting changes that will enhance speaking skills in all facets of business life

The President's "map" Speech Audience 1942

based on research focusing on the experience of having confused speech and being with confused speakers this book begins with everyday commonly understood ideas such as talking too much and examines how confused speech is brought off as a collaborative activity by the people involved the author became involved in this project because she was interested in how confusion seemed to be something that everyone is not only involved in but also recognizes as part of ordinary life at the same time confusion is a word that is used somewhat as a blanket category for some people considered permanently incompetent and set apart from ordinary members of society her study analyzes how talk between confused and normal speakers throws light on this tension

Primary Speech 1982-01-01

contemporary civil libertarians claim that their works preserve a worthy american tradition of defending free speech rights dating back to the framing of the first amendment transforming free speech challenges the worthiness and indeed the very existence of one uninterrupted libertarian tradition mark a graber asserts that in the past broader political visions inspired libertarian interpretations of the first amendment in reexamining the philosophical and jurisprudential foundations of the defense of expression rights from the civil war to the present he exposes the monolithic free speech tradition as a myth instead of one conception of the system of free expression two emerge the conservative libertarian tradition that dominated discourse from the civil war until world war i and the civil libertarian tradition that dominates later twentieth century argument the essence of the current perception of

the american free speech tradition derives from the writings of zechariah chafee jr 1885 1957 the progressive jurist most responsible for the modern interpretation of the first amendment his interpretation however deliberately obscured earlier libertarian arguments linking liberty of speech with liberty of property moreover chafee stunted the development of a more radical interpretation of expression rights that would give citizens the resources and independence necessary for the effective exercise of free speech instead chafee maintained that the right to political and social commentary could be protected independent of material inequalities that might restrict access to the marketplace of ideas his influence enfeebled expression rights in a world where their exercise depends increasingly on economic power untangling the libertarian legacy graber points out the disjunction in the libertarian tradition to show that free speech rights having once been transformed can be transformed again well conceived and original in perspective transforming free speech will interest political theorists students of government and anyone interested in the origins of the free speech tradition in the united states

The Origin of Speech 1981

2010年10月10日，美国最高法院在“*公民联合诉联邦选举委员会*”案中，以5比4的票数裁定，允许企业和个人在联邦选举中投入巨额资金，以支持或反对特定候选人。这一裁决被视为美国言论自由史上的一个重要里程碑。此前，联邦选举委员会曾规定，企业和个人在选举中投入的资金不得超过一定限额。这一规定旨在防止企业通过巨额资金投入来影响选举结果，从而确保选举的公平性。然而，反对者认为，这一规定侵犯了企业的宪法权利，特别是言论自由权。最高法院在裁决中指出，企业和个人在选举中投入资金的行为，本质上是一种言论表达，应受到宪法第一修正案的保护。因此，法院裁定，联邦选举委员会的相关规定违宪，应予废除。这一裁决引发了广泛的社会争议，支持者认为这有助于保护企业的言论自由，反对者则认为这可能导致企业通过巨额资金投入来操控选举，损害民主制度的公平性。

Cobbett's Parliamentary Debates 1889

since the publication of vygotsky's thought and language in the united states a number of north american and european investigators have conducted systematic observations of children's spontaneous private speech giving substantial support to vygotsky's major hypotheses particularly those regarding the social origins of higher psychological functions however there still remain many vital questions about the origins significance and functions of private speech how can social and private speech be validly differentiated what kinds of social interactions promote the use of private speech what are the sources of individual differences in the use of private speech this unique volume addresses these and many other important questions characterized by a strong emphasis on original data it reports on systematic observations of spontaneous private speech in children and adults in both laboratory and naturalistic settings in addition to its systematic analysis of common methodological problems in the field the book contains the most comprehensive bibliography of the private speech literature currently available

Parliamentary Debates 1890

speech and language pathologists like all professionals who claim to be scientific in their practice make a public commitment to operate on the basis of knowledge derived in accordance with sound scientific standards yet students in communication disorders are given relatively little grounding in the fundamentals of science indeed they often receive

implicit encouragement to rely on clinical wisdom this pathbreaking text introduces the principles of critical scientific thinking as they relate to assessing communication problems deciding about alternative approaches to intervention and evaluating outcomes the author provides many illustrative examples to help readers contextualize the ideas her clear presentation will help not only undergraduate and graduate students but also established professionals reason more effectively about what they are doing and why though the examples come from speech and language pathology this illuminating and readable book constitutes a valuable resource for all clinical practitioners
