i believe that the stories we tell have written somewhere in the universe many times ago and transferred to humans hearts by people connecting with the universe with their hearts in their own unique way some of them transferred these stories with musical notes some of them used words told in a scene and some of them with dance or texts since when i have connected with my heart and discover what it is my way is to write what was born into my heart this story i told you is a fiction about the woman within us whom we have not taken out of the darkness courageously confronting the darkness with an intrinsic call finding herself and leaving her rooted and settled fears and coming to the stage of her own life this fiction which is fed by mythological characters tells us about one of lilith s and samael s daughters called ophelia in some beliefs it is believed that her mother lilith has been created before eve and when she wanted to equal rights with adam she was fired from the paradise on that day to this day she had been excluded from every mythology became hated and had been sentenced to darkness with samael in our collective fears ophelia was born in the darkness and had no any idea about lights she just could see world s shimmer too far away she faces with her darkness by an intrinsic call ascents to the light on her own life stage and courageously discovers what she is what is unique to her she goes on a journey with her heart leaving everything behind all her labels which she does not know where she is going by following the craving and quest in her heart from the darkness where all the fears imposed on her mother the woman who demands to take place in the stage of life with her own light the journey confronts ophelia the devils inside her her fears her longings that she dares and gives up her injustices to herself all the fearful lives she has turned down covered and hidden and ophelia continues to look into her heart although her fears despite her own demons at the end ophelia meet with hidden things which into her deepest of heart and things what she was and she comes out to her own life scene taking care of herself her soul her heart her abilities all the values that make her that and leaving all her fears worries judgments darkness is an area that we often fear not dare to get into and stay away from whereas we continue to look at all the fears which we don t want to see we discover all our treasures those we cover in darkness i believe that a world full of happy people will be created when we bring our talents in the dark to the light and make them visible when we let go of our fears and give ourselves the chance to be ourselves and become our true authentic self this story is dedicated to all women who bravely took place on their own stage excluded harmed killed throughout history to hypatia and to my own soul the brightest the most attractive pearls are in the deepest seas as long as you dare to look at your heart to find it

shakespeare was clearly fascinated by the relationship between fathers and daughters for this primal bond of domination and defiance structures twenty one of his comedies tragedies and romances in a conflict that is at once social and interpersonal shakespeare s fathers demand hierarchical obedience while their daughters affirm the new more personal values upheld by renaissance humanists and puritans in her penetrating analysis of this compelling relationship diane dreher examines the underlying psychological tensions as well as the changing concepts of marriage and the family during shakespeare s time she points to the pain and conflict caused by sex role polarization shakespeare s possessive fathers tyrannize over their daughters unwilling to relinquish their masculine power and control and leaving these young women with only two alternatives paternal domination or defiance and loss of love the logic of shakespeare s plays repudiates traditional stereotypes showing how women like ophelia and desdemona are destroyed by conforming to the passive renaissance ideal the book concludes with a consideration of shakespeare s androgynous characters dynamic women in doublet and hose and fathers who become sensitive caring and empathetic shakespeare s balanced characters thus reconcile the polarities within themselves and bring greater harmony to their world domination and defiance is the first book on this most provocative relationship in shakespeare shedding new light on the complex father daughter bond character and motivation it makes a major contribution to literary studies
