1854

this collection explores ways in which theories of space and place can be used in understanding processes of exclusion and inclusion in education the contributions foreground how the spatial turn and geographical knowledges can inform debates on the relationships between learning space and place understandings of the ways in which space and place affect education and learning familiar research agendas through the application of conceptual perspectives from different disciplines the ten chapters which make up this book are by contributors from australia italy and the united kingdom who draw in very different ways on spatial theory as a means of exploring processes of inclusion and exclusion in education each one of the authors not

only seeks to challenge growing orthodoxies in their respective field but is interested in cross disciplinarity and spatial theory in education this book provides key readings for experienced and beginning teachers studying for bachelors masters and research degrees or professional qualifications it will be particularly useful to equality and diversity post holders lecturers researchers and policy makers working in all education establishments which take issues of inclusion seriously the international content of the diverse papers in space place and inclusive learning will be of interest not only to those practising in the united kingdom but to educationists working in other countries who seek to understand how space and place modulate opportunities for inclusion this book was originally published as a special issue of the international journal of inclusive education

in this careful double exposition of the bible and islam ida glaser and hannah kay emphasise godly attitudes loving action and a deep appreciation of god s grace and goodness as essential traits of any christian the authors walk the reader through two underlying frameworks necessary to think biblically about islam the first is to understand the dynamic of religion in people s lives through genesis 4 11 s account of the world after the fall and hence to understand bible stories within the religious contexts in which they occurred the second is at the heart of the book the idea that islam inverts the exaltation of christ above the prophets in the narrative of the transfiguration in luke 9 and 10 examining the themes of the land zeal law and the cross in these chapters of luke s gospel and the old testament stories of moses and elijah we are led to better understand the bible islam and god s heart towards muslims

a great critic s quarrels with himself and others as revealed in his correspondence in the mid twentieth century lionel trilling was america s most respected literary critic his powerful and subtle essays inspired readers to think about how literature shapes our politics our culture and our selves his 1950 collection the liberal imagination sold more than 100 000 copies epitomizing a time that has been called the age of criticism to his new york intellectual peers trilling could seem reserved and circumspect but in his selected letters trilling is revealed in all his variousness and complexity we witness his ardent courtship

of diana trilling who would become an eminent intellectual in her own right his alternately affectionate and contentious rapport with former students such as allen ginsberg and norman podhoretz the complicated politics of partisan review and other fabled magazines of the period and trilling s relationships with other leading writers of the period including saul bellow edmund wilson and norman mailer in life in culture edited by adam kirsch trilling s letters add up to an intimate portrait of a great critic and of america s intellectual journey from the political passions of the 1930s to the cultural conflicts of the 1960s and beyond

2023-03-29

jacob is all too often underappreciated in works on biblical theology he nevertheless stands squarely in the line of promise and is the man who becomes israel his blessings come not because he is virtuous but because god remains faithful in this his story contributes to the themes of genesis and of the pentateuch as a whole and extends into the life of the church jacob

s story as christian scripture begins with a reading of genesis 25 to 35 and then moves beyond the boundaries of genesis to track the words he pronounces over his twelve sons jacob s blessings give shape to balaam s oracles and ultimately to subsequent prophecies concerning the lion of the tribe of judah prophetic appropriation of jacob s story presented here via a fresh investigation of ot passages from jeremiah obadiah micah and others includes troubling elements of jacob s character to indict the nation in the hope that god s people like the patriarch will stop being jacob and become israel

It Happened at 920

2017-12-04

a fast paced plot with plenty of false leads keeps the reader turning the pages publishers weekly when a powerful development company sets its sights on mason country virginia as the location for a sprawling resort for the rich the locals begin taking sides many residents see the resort as economic salvation for the small blue ridge mountains community while others fear the county will become financially dependent on a predatory company few oppose the development more vocally than veterinarian rachel goddard she sides with locals reluctant to sell their land and in the process complicates the life of her new husband sheriff tom bridger when a beloved couple is gunned down on the very farm they refused to sell it seems supporters will stop at nothing to ensure the success of the resort now disagreement in the community has exploded into civil war with both sides lashing out as the violence escalates rachel discovers the attacks are more sinister than they appear can

she bring the truth to light before her community tears itself apart

Ecocriticism

2010-10-20

apart from genesis tobit contains more information about marriage than any other biblical book it reflects third century beliefs and customs yet also serves a didactic function teaching diaspora jews what they should value in their own marriages this monograph elucidates these elements by asking four questions 1 whom should one marry 2 how does one get married 3 what role does god play in marriage 4 what do actual marriages look like by contextualizing tobit in light of the old testament and relevant ancient near eastern texts one can appreciate the book s unique claims endogamy is defined more narrowly than in other old testament texts as israelites are now enjoined to marry close relatives monetary matters such as the payment of the bride price are downplayed while adherence to the mosaic law is emphasized in the marriage contract and the wedding ceremony furthermore intertextual links with genesis 24 cast tobiah and sarah as founders of a new israel showing that god becomes involved in their marriage so that the nation of israel will not die out finally the author s portrayal of three married couples in the book reveals much about gender roles and also creates a realistic portrait of the marital relationship in terms of communication cooperation and conflict

The Torah

2005

this book is about a young lady who finds the love of her life but doesn't realize that someone else wants to hurt her she goes into protective custody and falls for the young cop protecting her her boyfriend tells her that he loves someone else and it breaks her heart in the end she finally finds the man of her dreams
