the enchanted life of adam hope is an unconventional and passionately romantic love story that is as breathtaking and wondrous as the time traveler s wife and the story of edgar sawtelle during wwii teenager evelyn roe is sent to manage the family farm in rural north carolina where she finds what she takes to be a badly burned soldier on their property she rescues him and it quickly becomes clear he is not a man and not one of us the rescued body recovers at an unnatural speed and just as fast evelyn and adam fall deeply in love in the enchanted life of adam hope rhonda riley reveals the exhilarating terrifying mystery inherent in all relationships no matter how deeply we love someone and no matter how much we will sacrifice for them we can only know them so well

milton and the spiritual reader considers how john milton s later works demonstrate the intensive struggle of spiritual reading milton presents his own rigorous process of reading in order to instruct his readers how to advance their spiritual knowledge recent studies of milton s readers neglect this spiritual dimension and focus on politics since milton considers the individual soul at least as important as the body politic ainsworth focuses on uncovering the spiritual characteristics of the reader milton tries to shape through his texts he also examines milton s reading practices without postulating the existence of some ideal or universal reader and without assuming a gullible or easily manipulated reader milton does not simply hope for a fit audience but writes to nurture fit readers his works offer models of strenuous and suspicious close reading subjecting all authors except god to the utmost of scrutiny milton presents biblical interpretation as an interior struggle a contention not between reader and text but within that reader s individual understanding of scripture ainsworth s study rethinks the basic relationship between reading and religion in seventeenth century england and concludes that for milton and his contemporaries distinguishing divine truths in worldly texts required a spiritually guided form of close reading

a great deal of scholarship has too often juxtaposed scholasticism and piety resulting in misunderstandings of the relationship between protestant churches of the early modern era and the theology taught in their schools but more recent scholarship especially conducted by richard a muller over the last number of decades has remapped the lines of continuity and discontinuity in the relation of church and school this research has produced a more methodologically nuanced and historically accurate representation of church and school in early modern protestantism written by leading scholars of early modern protestant theology and history and based on research using the most relevant original sources this collection seeks to broaden our understanding of how and why clergy were educated to serve the church contributors include yuzo adhinarta willem van asselt irena backus jordan j ballor j mark beach andreas beck joel r beeke lyle d bierma raymond a blacketer james e bradley dariusz m bryćko amy nelson burnett emidio campi heber carlos de campos jr kiven choy r scott clark paul fields john v fesko paul fields w robert godfrey alan gomes albert gootjes chad gunnoe aza goudriaan fred p hall byung soo paul han nathan a jacobs frank a james iii martin klauber henry knapp robert kolb mark j larson brian j lee karin maag benjamin t g mayes andrew m mcginnis paul mpindi adriaan c neele godfried quaedtvlieg sebastian rehnman todd rester gregory d schuringa herman selderhuis donald sinnema keith stanglin david steinmetz david sytsma yudha thianto john l thompson carl truelman theodore g van raalte cornelis venema timothy wengert reita yazawa jeongmo yoo and jason Zuidema

the satan of paradise lost has fascinated generations of readers this book attempts to explain how and why milton s satan is so seductive it

reasserts the importance of satan against those who would minimize the poem's sympathy for the devil and thereby make milton orthodox neil forsyth argues that william blake got it right when he called milton a true poet because he was of the devil's party even though he set out to justify the ways of god to men in seeking to learn why satan is so alluring forsyth ranges over diverse topics from the origins of evil and the relevance of witchcraft to the status of the poetic narrator the epic tradition the nature of love between the sexes and seventeenth century astronomy he considers each of these as milton introduces them as satanic subjects satan emerges as the main challenge to christian belief it is satan who questions and wonders and denounces he is the great doubter who gives voice to many of the arguments that christianity has provoked from within and without and by rooting his satanic reading of paradise lost in biblical and other sources forsyth retrieves not only an attractive and heroic satan but a milton whose heretical energies are embodied in a satanic character with a life of his own

this book is about how the living soul can attain eternal peace and hence eternal life as a living soul would yield it when abiding in the lord jesus christ tapping the lord's prayer as the authorized spiritual vehicle to communicate with god this book attests that the name of the lord jesus christ is the foundation the seal of salvation and the bearing point to overcome the world by showing the intrinsic relationship of the invisible with the manifested world the heavenly and the earthly this book lucidly defines why the soul should glorify god as an end to life's purpose while seeking righteousness and fulfilling the commandments by presenting ground breaking revelations about the spiritual realm and hence the living god through the spiritual compass this book would help the reader to discern wisdom about how to worship the lord in truth and spirit to see the glimpse of eternal life and enjoy eternal peace not as the world offers it but as the lord jesus confers it on the living soul

samuel taylor coleridge called edward irving a minister of christ after the order of paul edward irving was a great preacher probably the best in georgian britain he was also a profound theologian and a caring pastor yet it is a strange fact of history that this paul like minister of christ was eventually removed from the church he had made famous unfairly expelled from his denomination for heresy and at the end of his brief life was demoted in the sect that emerged from his ministry towards the end of irving s life charismatic gifts emerged in his church amidst great controversy he had already developed a theological rationale for such gifting and his extensive teaching on spiritual gifts is still widely consulted today edward irving was and is a controversial figure it is time that his life ministry and teaching were reconsidered who was edward irving how did he live what made him outstanding what made him so controversial what is his legacy these are the questions answered in edward irving reconsidered it is a compelling story as sad as it is powerful

renaissance suppliants studies supplication as a social and literary event in the long european renaissance it argues that scenes of supplication are defining episodes in a literary tradition stretching back to greco roman antiquity taking us to the heart of fundamental questions of politics and religion ethics and identity sexuality and family as a perennial mode of asymmetrical communication in moments of helplessness and extreme need supplication speaks to ways that people live together despite grave inequalities it is a strategy that societies use to regulate and perpetuate themselves to negotiate conflict and to manage situations in which relationships threaten to unravel all the writers discussed here vergil petrarch shakespeare and milton find supplication indispensable for thinking about problems of antagonism difference and hierarchy bringing the aesthetic resources of supplicatory interactions to bear on their unique literary and cultural circumstances the opening chapters establish a conceptual framework for thinking about supplication as facilitating transitions between states of feeling and positions of relative status beginning with homer and classical literature vergil s aeneid is paradigmatic instance in which literary and social structures of the ancient past are transformed to suit the needs of the present and supplication becomes a figure for the act of cultural translation subsequent chapters take up different aspects of renaissance supplicatory discourse showing how postures of humiliation and abjection are appropriated and transformed in erotic poetry drama and epic the book ends with

milton who invests gestures of self abasement with unexpected dignity
