a strength of the book is that the solution focused therapy process
was clearly identified in a step by step procedure with many examples
of specific dialogues and strategies that would be appropriate with a
client overall the book presented a coverage of the theoretical and
application components of solution focused counselling that would be
valuable reference for health psychologist or allied health
professionals working in a stress counselling role journal of family
studies solution focused therapy is of growing interest to a wide
range of professional not only because of the tight time limits within
which so many have to work counsellors are increasingly open to using
a variety of approaches based on what is most helpful to their clients
in their particular contexts this book aims to help practitioners to
extend their therapeutic repertoire of interventions by explaining
clearly how solution focused skills can help clients written for a
wide range of professionals psychologists counsellors social workers
probation officers and mental health workers this solution focussed
therapy manual looks at organizational and work related stress and on
developing solutions for groups
