use over two years of study developed for an Australian and New Zealand audience. Management Accounting 9e explains the contemporary role of management accounting, taking a broad perspective in viewing management accounting as the efficient and effective use of resources, demonstrating how it creates and enhances value for customers and shareholders, as well as the wider aspects of business. The text has been developed using cases based on real Australian and international businesses and includes numerous real-life illustrations of current management accounting practices, in keeping with the need to be industry-focused. The new edition includes coverage of key contemporary topics including data analytics, big data, and business ethics. Highlights include coverage of contemporary topics including data analytics, big data, and business ethics, real-life cases that reflect the growing global nature of business, and Australia's role in our region. End-of-chapter exercises and problems, including algorithmic questions, and a comprehensive instructor resource manual are also included.

Company Accounting provides a thorough introduction to the theory and practice of financial reporting by tracking the lifecycle of a company. This fifth edition continues to provide students with a logical framework for learning, comprehensively revised and updated. Company Accounting Fifth Edition incorporates recent changes to the International Financial Reporting Standards (IFRS) as adopted by the Australian Accounting Standards Board (AASB), with an easily accessible 'how to approach' supported by in-depth theoretical coverage and evaluations of the reporting requirements. Students will find Company Accounting to be an oasis of clarity in the challenging subject area of tertiary accounting.

This pack contains Management Accounting 7e by Langfield Smith and Management Accounting 3e by Neish and Banks. Management Accounting 7e explains the contemporary role of management accounting in business and demonstrates how it creates and enhances value. This seventh edition continues to help students build a strong foundation in management accounting by showing how the theory translates into real-world application. Technical accuracy is once again a hallmark of this market-leading and trusted resource. This edition has been thoroughly updated, including revisions of sustainability reporting and social responsibility, and numerous case studies of real-world practices from Australia, New Zealand, and beyond. Brand new and revised end-of-chapter activities provide students with the opportunity to apply what they are learning in real-world situations.

Management Accounting 3e is an invaluable resource for students of Certificate IV Financial Services Accounting, Diploma of Accounting, and Advanced Diploma of Accounting in the FNS10 Financial Services Training Package, featuring a new user-friendly layout and writing style with updated revision exercises. This text is ideal for VET-level management accounting students.
