Notes for lessons on the Gospel history

1880

lesson planning and preparation is one of the most important aspects of teaching it is also one of the hardest aspects to learn student teachers for example often find it difficult to gauge how to pitch or pace a lesson this book provides solutions it not only provides easily understood practical ideas but also sets them in a coherent overall framework based on the ideas that planning and preparation are part of a total cyclical process involving pedagogy curriculum learning and assessment planning and preparation are personal matters related to an individual teacher but this does not mean that teachers cannot learn from each other or that thinking about planning and preparation is arbitrary coverage includes often neglected areas such as the affective curriculum language across the curriculum and homework
