this is the story of a bored forty year old professor who seeks the adventure of a second career with a german company attempting to establish a manufacturing base in the united states his colorful story spans three continents and the men and women of three distinct cultures initially rejected and subjected to demeaning treatment by his american bosses he spends the first

two years in the bowels of an assembly plant where the heat the noise swarms of rats and his bosses make his life a living hell he seeks solace in alcohol and in the arms of many women his marriage is destroyed he is eventually given an opportunity to prove his ability by a scholarly german vice president he experiences many adventures as he is called upon to solve problems caused by the mistrust and misunderstandings of a company consisting of the prejudiced provincials of germany and the united states although he gives a respectable account of himself he soon finds himself in the no man s land between the germans and the americans as different as the two sides are they have one powerful instinct in common prejudice against and mistrust for the naïve but cosmopolitan ex professor the provincials of both camps make his life as miserable as they can and in so doing reveal the territorial nature of primitive man the ex professor eventually flees to another company and leaves the provincials of the two continents to destroy each other the failure of the german company is the result
