2022-11-17 colonial bureaucracy and contemporary citizenship examines how the legacies of colonial bureaucracy continue to shape political life after empire focusing on the former british colonies of india cyprus and israel palestine the book explores how post colonial states use their inherited administrative legacies to classify and distinguish between loyal and suspicious subjects and manage the movement of populations thus shaping the practical meaning of citizenship and belonging within their new boundaries the book offers a novel institutional theory of hybrid bureaucracy to explain how racialized bureaucratic practices were used by powerful administrators in state organizations to shape the making of political identity and belonging in the new states combining sociology and anthropology of the state with the study of institutions this book offers new knowledge to overturn conventional understandings of bureaucracy demonstrating that routine bureaucratic practices and persistent colonial logics continue to shape unequal political status to this day

Colonial Bureaucracy and Contemporary Citizenship 1974 publisher description
Bureaucracy, Positions and Persons 2006-09-21 bureaucratic elites in west european states provides valuable information about the structures and composition of the higher civil service and its position in the political structure through a comparative analysis of britain france germany italy spain belgium the netherlands austria greece denmark and sweden the book

explores how higher civil service has developed in the light of the massive changes in European societies in the past thirty years. Changes include the size of the top level of the civil service, the growing social diversity of its ranks, and well as the tendency to recruit from outside the civil service. The book also examines how wider social changes such as the democratisation of education, the growth of interest groups, and the increasing importance of the European Union impact on the higher levels of bureaucracy, producing similar patterns of change throughout Europe.

Bureaucracy in a Democratic State 1999-12-09

How to better coordinate policies and public services across public sector organizations has been a major topic of public administration research for decades. However, few attempts have been made to connect these concerns with the growing body of research on biases and blind spots in decision making. This book attempts to make that connection. It explores how day-to-day decision making in public sector organizations is subject to different types of organizational attention biases that may lead to a variety of coordination problems in and between organizations, and sometimes also to major blunders and disasters. The contributions address those biases and their effects for various types of public organizations in different policy sectors and national contexts. In particular, it elaborates on blind spots or not seeing the not seeing and different forms of bureaucratic politics as theoretical explanations for seemingly irrational organizational behaviour. The book's theoretical tools

and empirical insights address conditions for effective coordination and problem solving by public bureaucracies using an organizational perspective

Bureaucratic Elites in Western European States 2018-05-29

• this volume confronts one of the most central issues in the study and practice of bureaucracy questions about representativeness of public institutions raises key issues about legitimacy especially in contexts characterised by ethnic diversity and cleavages debates are shaped by normatively informed positions that contrasts those in favour of representativeness with those who point to limitations and side effects this volume offers a set of important contributions to these debates by linking the long standing debates about representative bureaucracy with an impressive range of country studies this volume is a fundamental contribution to the theme of representative bureaucracy

• ð martin lodge london school of economics uk the book explores one of the most topical issues of public bureaucracies worldwide the relationship between the composition of the public sector workforce and the nature of the society it serves taking a comparative and analytical perspective the authoritatively yet accessibly written country chapters show how salient the politics of representativeness have become in increasingly diverse societies at the same time they illustrate the wide variety of practice based on different political systems administrative structures and cultural settings providing comprehensive up to date information and analysis these studies will interest scholars and practitioners alike from comparative

public administration and management government public policy and diversity studies

The Blind Spots of Public Bureaucracy and the Politics of Non-Coordination

2013-01-01 this book traces the expansion of islamisation within a modern and plural state such as malaysia it elaborates on how elements of theology sacred space resources and their interactivity with secular instruments such as legislative electoral and new social technological platforms are all instrumentally employed to consolidate a divine bureaucracy the book makes the point that religious social movements and political parties are only few of the important agents of islamisation in society the other is the modern and secular state structure itself weber s legal rational bureaucracy or hegel s ethical bureaucracy predominantly characterises a modern feature of governmentality in this instance an islamic bureaucracy is advantageously situated not only within an ambit of modernity and therefore legality but divinity and therefore sacrality as well this positioning gives religious state agents more salience than any other form of bureaucracy leading to their unquestioned authority in the current contexts of societies with muslim majority rule one of the requisites of this condition is the homogenisation of islam followed by ring fencing of its constituents the latter can involve contestations with women other genders secular muslims non muslims as well as dissenting muslims with their differing truthful islams

The Divine Bureaucracy and Disenchantment of Social Life 2018-12-13

comparative analysis of the public bureaucracy s implementation of two asean policies in indonesia malaysia the philippines singapore and vietnam

Handbook of Bureaucracy 2016-02-12 in a writing style that is suitable for both the graduate and undergraduate student as well as professional scholar in the fields of public administration political science and organization theory the author looks at the rise of public bureaucracy in government he contends that the concept of citizenship which he defines as the interaction between a person and his her government is most significantly experienced by people as bureaucratic constituents clients and victims this hypothesis is tested by applications to the areas of political economy social welfare and defense originally published by winthrop publishers in 1977

The Role of the Public Bureaucracy in Policy Implementation in Five ASEAN Countries 1988 matthew quinn plots a landmark reimagination of governance and public administration underpinned by sustainable development and civic republicanism

American Politics in a Bureaucratic Age 2023-07-03 this book explores how the

often well meaning routines and assumptions of a generous welfare state can reflect and even contribute to the stigmatisation of refugees and muslims in europe today while the main cases are from sweden examples are included from the uk france switzerland germany and the netherlands mark graham examines how suspicion is woven into the fabric of welfare bureaucracies with potential adverse consequences for the people they serve he complicates our understanding of what islamophobia means and how it is expressed and created by exploring contexts in which the logic of othering muslims operates but where explicit islamophobia itself is absent the book starts with swedish public sector bureaucracies and attempts by staff to make sense of muslim refugee clients with categories and models that reappear in wider society it goes on to explore the logic of integration policies official concepts of culture swedish multiculturalism educational strategies in schools and debates surrounding genuine and false refugees in all cases the homologies between these different socio cultural domains are explored

Towards a New Civic Bureaucracy 2018-10-09 the rise of the administrative state is the most significant political development in american politics over the past century while our constitution separates powers into three branches and requires that the laws are made by elected representatives in the congress today most policies are made by unelected officials in agencies where legislative executive and judicial powers are combined this threatens constitutionalism and the rule of law this book examines the history of

administrative power in america and argues that modern administrative law has failed to protect the principles of american constitutionalism as effectively as earlier approaches to regulation and administration

Bureaucracy, Integration and Suspicion in the Welfare State 2017-07-30 this is the first book to develop a formal theory of supply by bureaus niskanen develops an original and comprehensive theory of the behavior of bureaus with the institutions of representative government he challenges the traditional view that monopoly bureaus are the best way to organize the public sector and he suggests ways to use competitive bureaus and private firms to perform operations such as delivering mail fighting wars or running schools more efficiently than the present government agencies the theory concludes that most bureaus are too large grow too fast use too much capital and exploit their sponsor his theory explains the relation of the output and budget of a bureau to demand and cost decisions it compares bureaus with other forms of organization facing like conditions and delineates the production and investment behavior of a bureau the behavior of nonprofit firms with no sponsor the behavior of mixed bureaus with financing from a sponsor and from the sale of services the effects of competition between a bureau and a competitive industry the book also develops a simple theory of the market for public services financed through a representative government the final section suggests a set of changes to improve the performance of our bureaucratic and political institutions based both on theory and niskanen s

professional experience it is essential reading for professionals and students in the social sciences and could prove instrumental in reforming some of our government institutions

Bureaucracy in America 2017-09-29 using previously inaccessible archival documents this study provides a longitudinal investigation of the middle levels of soviet bureaucracy responsible for overseeing olympic sport during the cold war spanning the period from the ussr s olympic debut in 1952 through the 1980 games held in moscow this book argues that behind the high profile performances of soviet elite athletes a legion of sports administrators worked within international sports organizations and the soviet party state to increase soviet chances of success and make soviet representatives a respected voice in international sports soviet officials helped expand the olympic movement increasing the participation of women developing nations and socialist bloc countries while achieving soviet political and diplomatic aims soviet representatives over the course of only a few decades became a dominant and respected voice within international sports circles actively promoting olympic ideals abroad even as they transformed those ideals to better align with soviet goals in the process soviet sports contributed to the evolution of olympic sport integrating the soviet union into an emerging global culture and contributing to transformations within the soviet union back home in the ussr the sports committee s leading personalities represented a new kind of soviet bureaucrat

who emerged in the late years of stalinism and contributed to the professionalization of party state apparatus standing at the intersection between state and society between soviet political goals and their execution and between olympic sport and communist ideology mid level soviet sports administrators demonstrated ideological drive political savvy and professional pragmatism providing the impetus expertise and experience to transform broad ideological constructs into specific policies and procedures in the soviet union and realize soviet propaganda and foreign policy goals in international and olympic sports

Bureaucracy and Representative Government 2016-12-27 bureaucracy is a curse it seems we can t live with it we can t live without it it is without doubt one of the fundamental ideas which underpin the business world and society at large in this book tom vine observes analyses and critiques the concept placing it at the heart of our understanding of organisation the author unveils bureaucracy as an endlessly emergent phenomenon which defies binary debate in analysing organisation we are all bureaucrats in building an experiential perspective the book develops more effective ways to interact with bureaucracy in theory and practice empirical material take centre stage whilst the book employs ethnographic and auto ethnographic methods to illuminate the existential function of bureaucracy taking examples from art history and culture this book provides an entertaining alternative academic analysis of bureaucracy as a key idea in business and society which will be

essential reading for students and scholars of work and organisation
Bureaucracy and Representative Government 2020-09-20 in the mid 1980s cuba began a process of rectificacion a reform process that has bucked the trends of economic and political liberalization that are reshaping the global order sustaining an official commitment to socialism in the face of economic crisis and international pressures cuba s survival seems puzzling indeed sheryl lutjens uses the c

The Olympic Games, the Soviet Sports Bureaucracy, and the Cold War 2019-05-29 given the influence of public bureaucracies in policymaking and implementation steven j balla and william t gormley assess their performance using four key perspectives bounded rationality principal agent theory interest group mobilization and network theory to help students develop an analytic framework for evaluating bureaucratic accountability the new fourth edition provides a thorough review of bureaucracy during the obama and trump administrations as well as new attention to state and local level examples and the role of bureaucratic values

Bureaucracy 2017-07-26 in restructuring the soviet economic bureaucracy paul r gregory takes an inside look at how the system worked and why it has traditionally been so resistant to change gregory s findings shed light on a bureaucracy that was widely considered the greatest threat to gorbachev s efforts at perestroika or restructuring

The State, Bureaucracy, And The Cuban Schools 1990-07-27 in trotsky and the

problem of soviet bureaucracy thomas m twiss traces the development of trotsky s thinking on the issue of post revolutionary bureaucracy from the first years after the bolshevik revolution through the moscow trials of the 1930s

Bureaucracy and Democracy 2014-05-08 this study casts doubt on the classic model of bureaucracy and its relevance to developing areas in particular hodder challenges the weberian distinction between the role of emotion and a modern bureaucracy s impersonal and rational qualities he suggests that bureaucracies function differently and offers a different perspective the focus is the philippines but hodder s conclusions are applicable to other developing areas two main themes are discussed the first explores the classic weberian model of bureaucracy the second concerns ways of thinking about the social features of bureaucracy the focus is dimensions of bureaucracy that are less dependent upon structure what emerges is an innovative description of the social world of bureaucracy and its attributes hodder observes that discussions with civil servants and politicians in developing countries suggest that deepening emotion a strengthening sense of the importance of social relationships and informality are vital to the emergence of professional and stable organizations hodder believes it is possible to account for these social features of bureaucracy by understanding participants representations and practices while these ideas are discussed in the context of the philippines they have wider relevance to other states

especially those whose bureaucracies are characterized as weak and personalistic the author suggests that these characterizations and possible remedies may need to be reconsidered he argues that through informality and emotion effective and stable organizations can be built excessive formalism may exacerbate the problems that governments of developing countries are trying to solve the means to strengthen bureaucracies in developing countries are already available and rather than be ignored or suppressed need be identified and encouraged

Restructuring the Soviet Economic Bureaucracy 2017-07-28 until now political scientists have devoted little attention to the origins of american bureaucracy and the relationship between bureaucratic and interest group politics in this pioneering book daniel carpenter contributes to our understanding of institutions by presenting a unified study of bureaucratic autonomy in democratic regimes he focuses on the emergence of bureaucratic policy innovation in the united states during the progressive era asking why the post office department and the department of agriculture became politically independent authors of new policy and why the interior department did not to explain these developments carpenter offers a new theory of bureaucratic autonomy grounded in organization theory rational choice models and network concepts according to the author bureaucracies with unique goals achieve autonomy when their middle level officials establish reputations among diverse coalitions for effectively providing unique services these

coalitions enable agencies to resist political control and make it costly for politicians to ignore the agencies ideas carpenter assesses his argument through a highly innovative combination of historical narratives statistical analyses counterfactuals and carefully structured policy comparisons along the way he reinterprets the rise of national food and drug regulation comstockery and the progressive anti vice movement the emergence of american conservation policy the ascent of the farm lobby the creation of postal savings banks and free rural mail delivery and even the congressional cannon revolt of 1910

Trotsky and the Problem of Soviet Bureaucracy 2020-06-16 bureaucracy is an age old form of government that has survived since ancient times it has provided order and persisted with durability dependability and stability the popularity of the first edition of this book entitled handbook of bureaucracy is testimony to the endurance of bureaucratic institutions reflecting the accelerated globalization of corporate capitalism cultures and governance systems and the additional complexity in the tasks of public administrators bureaucracy and administration presents a comprehensive global perspective that highlights the dramatic changes of the last 15 years in governance business and public administration reflects dramatic changes in governance business and public administration through articles contributed by international experts this volume provides a thorough analysis of bureaucracies worldwide and their effect on politics economics and society

the book begins by exploring the historical antecedents of bureaucracy looking at some of the great ancient civilizations and their administrative traditions achievements and contributions to modern administration and governance systems in the next section leading scholars from political science sociology governance and public administration present a detailed review of theoretical and conceptual perspectives on bureaucracies and bureaucratic politics following an examination of bureaucracy and public management and presenting topics such as the response to hurricane katrina training of bureaucrats and ethical issues contributors review bureaucratic politics in the americas europe the middle east and asia the book concludes with a focused analysis of bureaucracy change reform and revolution highlighting implications for future governance and administration comprising theoretical and empirical analyses and including perspectives which span from ancient to modern times this volume comprehensively and authoritatively advances the knowledge of the nature role and function of bureaucracy as the core of sound governance and administration around the world

Emotional Bureaucracy 2009-06-23 charles goodsell has long taken the position that u s bureaucracy is neither a generalized failure nor sinkhole of waste as mythologized by anti government ideologues rather it is one of the most effective and innovate sets of administrative institutions of any government in the world today indispensable to our democracy it keeps government reliable and dependable to the citizens it serves however the new case for

bureaucracy goes beyond empirically verifying its quality now an extended essay written in a conversational tone goodsell expects readers to form their own judgments at a time when congress is locked in partisan and factional deadlock he argues for the increased importance of bureaucrats and discusses how federal agencies must battle to keep alive in terms of resources and be strong enough to retain the integrity of their missions

The Forging of Bureaucratic Autonomy 2014-02-28 the political economy of bureaucracy applies public choice theory and a complex systems view of government institutions to analyze policy implementation as an economic process it addresses the common and vexing question of why managing federal agencies for results is so difficult by challenging traditional assumptions of institutional design and policy analysis using creative methods that focus on relationships that constrain the choices of executives and managers in a political hierarchy the author reveals control and coordination as goals that are imperfectly achieved and often conflicting with one another despite decades of intense study serious reform efforts and impressive technological advances the u s government remains a typical bureaucracy that fails to meet citizens expectations clearly policy analysis is missing something the problem may rest with machine models of government rules especially those governing expenditures are assumed to be feasible and effective analysis of the federal government as a complex system of relationships between semi autonomous agents helps explain the disconnect between policy and results the

solution is to roll back micro management of ends and means policymakers should focus on objectives and facilitate implementation by selectively relaxing constraints that prevent experimentation needed to determine the most effective methods this book devotes unusual attention to the interaction between executive and legislative branches of government and between political appointees and career civil servants most studies of government policy take existing institutional structure for granted different conclusions emerge from this analysis by virtue of the systems view that accepts status quo hierarchies but questions the effectiveness of the rules that govern policy implementation this book will be of interest to postgraduates and researchers focussing on economic theory public choice institutional economics and political science as well as to those working in the public sector interested in public administration public policy and organizational behavior

Bureaucracy and Administration 2012-09-10 the study of bureaucracy must include certain key questions what are bureaucrats and bureaucracies why do they exist and what are their functions how do they behave how much power do they possess what is their impact on efficiency and production and how do they affect society this book contains analyses of all these issues done by a variety of economists of differing backgrounds approaches and opinions broadly categorized under the labels neoclassical institutionalist and marxist although there are overlaps and correspondences that cross

ideological and or paradigmal boundaries in this book the labels are employed as a guide to the reader with a preference for one approach over the others and as an indication of how chapters in different sections are related in their approaches

The New Case for Bureaucracy 2020-09-28 using a model of fragmented authoritarianism this volume sharpens our view of the inner workings of the chinese bureaucracy the contributors interviews with politically well placed bureaucrats and scholars along with documentary and field research illuminate the bargaining and maneuvering among officials on the national provincial and local levels contributors nina p halperncarol lee hamrindavid m

The Political Economy of Bureaucracy 2012-12-06 a comparative study of the power and limits of bureaucracy in historical empires from ancient rome to the twentieth century

Bureaucracy 2018-05-04 the authors explore the many ways that gender and communication intersect and affect each other every chapter encourages a

consideration of how gender attitudes and practices past and current influence personal notions of what it means not only to be female and male but feminine and masculine the second edition of this student friendly and accessible text is filled with contemporary examples activities and exercises to help students put theoretical concepts into practice

Bureaucracy: Three Paradigms 2016-08-11 what makes bureaucracy work for the least advantaged across the world countries have adopted policies for universal primary education yet policy implementation is uneven and not well understood making bureaucracy work investigates when and how public agencies deliver primary education across rural india through a multi level comparative analysis and more than two years of ethnographic field research mangla opens the black box of indian bureaucracy to demonstrate how differences in bureaucratic norms informal rules that guide public officials and their everyday relations with citizens generate divergent implementation patterns and outcomes while some public agencies operate in a legalistic manner and promote compliance with policy rules others engage in deliberation and encourage flexible problem solving with local communities thereby enhancing the quality of education services this book reveals the complex ways bureaucratic norms interact with socioeconomic inequalities on the ground illuminating the possibilities and obstacles for bureaucracy to promote inclusive development

Bureaucracy, Politics, and Decision Making in Post-Mao China 1992-02-05 for

basic text supplement use in bureaucracy public administration organization theory policy implementation and american government courses demonstrating our need to think more deeply about our dissatisfactions with bureaucracy this proactive text combines original explanations of bureaucratic red tape with prescription and case examples challenging students to develop a deeper understanding of bureaucracy as a set of trade offs among politics accountability and efficiency fair minded in approach it distinguishes bureaucratic normalities from bureaucratic pathologies in the internal and inter organizational management of organizations helping students discern the difference between which rules and regulations are reasonable accountability or coordination mechanisms and which in fact can be labeled red tape

Empires and Bureaucracy in World History 2022-12-01 given the influence and impact of public bureaucracies in policy implementation and the accountability they owe to the american public their performance must be assessed in a systematic manner with this new edition the authors revisit their four key perspective bounded rationality principal agent theory interest group mobilization and network theory to help students develop an analytic framework for comprehensively evaluating bureaucratic performance

The State of Public Bureaucracy 2000 how the executive branch not the president alone formulates executive orders and how this process constrains the chief executive s ability to act unilaterally the president of the united states is commonly thought to wield extraordinary personal power through the

issuance of executive orders in fact the vast majority of such orders are proposed by federal agencies and shaped by negotiations that span the executive branch by executive order provides the first comprehensive look at how presidential directives are written and by whom in this eye opening book andrew rudalevige examines more than five hundred executive orders from the 1930s to today as well as more than two hundred others negotiated but never issued shedding vital new light on the multilateral process of drafting supposedly unilateral directives he draws on a wealth of archival evidence from the office of management and budget and presidential libraries as well as original interviews to show how the crafting of orders requires widespread consultation and compromise with a formidable bureaucracy rudalevige explains the key role of management in the presidential skill set detailing how bureaucratic resistance can stall and even prevent actions the chief executive desires and how presidents must bargain with the bureaucracy even when they seek to act unilaterally challenging popular conceptions about the scope of presidential power by executive order reveals how the executive branch holds the power to both enact and constrain the president s will Making Bureaucracy Work 2013 this ook redefines the bureaucracy of ancient chinese society during the western zhou period the analysis is based on inscriptions of royal edicts from the period carved into bronze vessels the inscriptions clarify the political and social construction of the western zhou and the ways in which it exercised its authority

Bureaucracy and Red Tape 2021-04-06 capital biased subsidies will increase the scrapping probability and reduce the expected life for urban transit buses and hence waste resources

Bureaucracy and Democracy: Accountability and Performance 3E 2008-12-11 this text on representative bureaucracy covers topics such as bureaucracy as a representative institution bureaucratic power and the dilemma of administrative responsibility and representative bureaucracy and the potential for reconciling bureaucracy and democracy

By Executive Order 1983

Bureaucracy and the State in Early China 2015-02-24

Capital-biased Subsidies, Bureaucratic Monitoring, and Bus Scrapping 1965

The Promise of Representative Bureaucracy: Diversity and Responsiveness in a Government Agency
