territory most countries have formal boundaries and territory that the world recognizes as theirs  
test your knowledge on all of society and culture perfect prep for society and culture quizzes and  
tests you might have in school a society is a group of people sharing a community and culture the  
term culture generally describes the shared values beliefs norms language practices and artifacts of  
these people and includes material and nonmaterial elements different societies have different  
cultures however it is important not to confuse the idea of culture with society a culture  
represents the beliefs and practices of a group while society represents the people who share those  
beliefs and practices culture a set of shared beliefs values and customs varies globally it evolves  
over time adapting to new challenges and opportunities culture shapes our behaviors and values  
often without us noticing it s passed from one generation to the next helping humans adapt to  
different environments questions culture involves the symbols language norms values and  
artifacts that characterize any society and that shape the thoughts behaviors and attitudes of the  
members of the society scholars continue to debate the relative importance of biology and culture  
for human behavior the major elements of culture are symbols language norms values and artifacts  
language makes effective social interaction possible and influences how people conceive of  
concepts and objects major values that distinguish the united states include individualism  
competition and a commitment to the work ethic culture behaviour peculiar to homo sapiens

together with material objects used as an integral part of this behaviour thus culture includes language ideas beliefs customs codes institutions tools techniques works of art rituals and ceremonies among other elements culture was defined earlier as the symbols language beliefs values and artifacts that are part of any society as this definition suggests there are two basic components of culture ideas and symbols on the one hand and artifacts material objects on the other study with quizlet and memorize flashcards containing terms like explain poverty using the interactionist theory discuss how feminism as a movement can be explained using the conflict theory why is the gender gap deeply ingrained in japanese society and more through culture people and groups define themselves conform to society s shared values and contribute to society thus culture includes many societal aspects language customs values norms mores rules tools technologies products organizations and institutions culture questions google classroom studies have shown that in some tribal cultures it is normative to have multiple wives while it is not considered legal or common practice in many parts of the world researchers believe that an individual s norms and actions should be understood by others in terms of that individual s own cultural master your responses to culture related interview questions with our example questions and answers boost your chances of landing the job by learning how to effectively communicate your culture capabilities introduction objectives connections to curriculum standards lesson meiji
