History Of The Marvel Universe 2009 during the leadership of recep tayyip erdo an and the akp the turkish government shifted from a reactive to an activist foreign policy as a result many in the west increasingly began to see turkey as a key actor in the international relations of the region and indeed the wider international stage turkey and the west offers a unique approach to this transformation and considers questions of turkish national identity and its relations with the west through the lens of gender studies from the ottoman empire to the present day the book constructs an image of turkish foreign policy as reflecting a gendered insecurity one of a non western turkish masculinity subordinated to a western hegemonic masculinity and shows how turkey s subordination has in turn been internalised by its own politicians across a diverse range of sources bilgic takes advantage of new theories such as critical security studies css to paint a picture of a turkish republic anxious to make its mark on the world stage yet perennially insecure about its position as a global power turkey and the west is essential for students and researchers interested in turkish politics and the international relations of the middle east as well as those with an interest in gender and identity studies

Congressional Record 2016-09-29 this book interrogates rising fascism in america it spotlights the major facets of fascism that increasingly characterize contemporary us politics in relation to political authoritarianism the rise of anti intellectualism the mainstreaming of conspiracy theories the glorification of political street violence and state violence rising white supremacy and the militarization of us political discourse alongside this giroux and dimaggio show how **observation and analysis of stellar aphotosphere** 2023-07-30 on critical education and pedagogy is 6/15

central to the fascist program they stress the importance of reprioritizing education as a public good to combating fascist politics and ideology and draw links between fascism and the banning of books in schools whitewashing history and punishing policies aimed at black brown and transgender youth they challenge the commonly embraced notion that trumpism is primarily a function of economic insecurity within his support base documenting how support for the former president primarily centered on reactionary socio cultural values and white supremacy they also show how white supremacist values are central to the trump base defending the january 6th insurrection despite academics journalists and political officials in both major parties ignoring the threat of rising white nationalism

Turkey, Power and the West 2024-02-22 the medal of honor may be america s highest military decoration but all medals of honor are not created equal the medal has in fact consisted of several distinct decorations at various times and has involved a number of competing statutes and policies that rewarded different types of heroism in this book the first comprehensive look at the medal s historical legal and policy underpinnings dwight s mears charts the complex evolution of these developments and differences over time the medal of honor has had different qualification thresholds at different times and indeed three separate versions one for the army and two for the navy existed contemporaneously between world wars i and ii mears traces these versions back to the medal s inception during the civil war and continues through the ongoing wars in iraq and afghanistan along the way describing representative medal actions for all major conflicts and services as well as legislative and policy changes contemporary to each period he gives particular attention to retroactive army awards for the civil war legislation that modernized and expanded

the army's statutory award authorization the navy's grappling with both a combat and noncombat medal of honor through much of the twentieth century the vietnam era act that ended noncombat awards and largely standardized the medal of honor among all services and the perceived decline of medals of honor awarded in the ongoing global war on terror mears also explores the tradition of awards via legislative bills of relief extralegislatve awards administrative routes to awards through boards of correction of military records restoration of awards previously revoked by the army in 1917 judicial review of military actions in federal court and legislative actions intended to atone for historical discrimination against ethnic minorities unprecedented in scope and depth his work is sure to be the definitive resource on america's highest military honor

Fascism on Trial 2018-08-22 in this candid and concise volume kyle conway author of the art of communication in a polarized world considers how we can open ourselves to others and to ideas that scare us by reading difficult texts conway argues that because we resist ideas we don't understand we must embrace confusion as a constitutive part of understanding and meaningful exchange whether between a reader and a text or between two people building on the work of hermeneutics scholar paul ricoeur conway evaluates the recurring paradox of miscommunication that results in deeper understanding and proposes strategies for reading that will allow individuals give up the illusion of certainty in elegant and compelling prose conway introduces readers to the idea that it is through uncertainty that we can gain access to new and meaningful worlds those of texts and other people

explore the actor director s extensive career the result is a far reaching and nuanced portrait of one of america s most prolific and thoughtful filmmakers

The DC Comics Encyclopedia New Edition 2023-01-20

traces the history of racial caricature and the ways that black cartoonists have turned this visual grammar on its head revealing the long aesthetic tradition of african american cartoonists who have made use of racist caricature as a black diasporic art practice rebecca wanzo demonstrates how these artists have resisted histories of visual imperialism and their legacies moving beyond binaries of positive and negative representation many black cartoonists have used caricatures to criticize constructions of ideal citizenship in the united states as well as the alienation of african americans from such imaginaries the content of our caricature urges readers to recognize how the wide circulation of comic and cartoon art contributes to a common language of both national belonging and exclusion in the united states historically white artists have rendered white caricatures as virtuous representations of american identity while their caricatures of african americans are excluded from these kinds of idealized discourses employing a rich illustration program of color and black and white reproductions wanzo explores the works of artists such as sam milai larry fuller richard grass green brumscic brandon jr jennifer cruté aaron mcgruder kyle baker ollie harrington and george herriman all of whom negotiate and navigate this troublesome history of caricature the content of our caricature arrives at a gateway to understanding how a visual grammar of citizenship and hence american identity itself has been constructed
