for millennia what happens when we dream do dreams foretell future events if so how might their imagistic code be unlocked to yield predictions could dreams enable direct communication between the living and the dead or between humans and nonhuman animals the chinese dreamscape 300 bce 800 ce sheds light on how people in a distant age negotiated these mysteries and brings chinese notions of dreaming into conversation with studies of dreams in other cultures ancient and contemporary taking stock of how chinese people wrestled with and celebrated the strangeness of dreams campy asks us to reflect on how we might reconsider our own notions of dreaming
