Supporting and Learning from Academics 2023-02-02

in this fascinating book the author of the hinge factor and the weather factor surveys revolutions across the centuries vividly portraying the people and events that brought wrenching often enduring and always bloody change to countries and societies almost overnight durschmied begins with the french revolution and goes on to examine the revolutions of mexico in 1910 russia in 1917 and japan in 1945 as well as the failed putsch against hitler in 1944 his account of the cuban revolution is peppered with personal anecdotes for he was the first foreign correspondent to meet castro when the future leader was still in the sierra maestra he concludes with the iranian revolution that ousted the shah in 1979 another that he personally covered and in a new preface extends his analysis to the arab spring each revolution durschmied contends has its own dynamic and memorable cast of characters but all too often the end result is the same mayhem betrayal glory and death unlike the american revolution which is the counterexample few revolutions are spared the harsh reality that most devour their own children durschmied is a supremely gifted reporter who has transformed the media he works in newsweek a light and lively narrative that serves as a useful introduction for the general reader library journal

60 Must-Have Graphic Organizers, Grades K - 5 2012-01-03

writing is a critical component for teaching children about advocacy and empowering student voice as well as an essential tool for learning in many disciplines yet writing instruction in schools often focuses on traditional methods such as the composition of five paragraph essays or the adherence to proper grammatical conventions while these are two components of writing instruction and preparation in education they only provide a small glimpse into the depth and breadth of writing as such writing instruction is increasingly complex and requires multiple perspectives and levels of skill among teachers the handbook of research on writing instruction practices for equitable and effective teaching serves as a comprehensive reference of issues related to writing instruction and leading research about perspectives methods and approaches for equitable and effective writing instruction it includes practices beyond k 12 including best writing practices at the college level as well as the development of future teachers providing unique coverage on culturally relevant writing socio and racio linguistic justice and urgent writing pedagogies this major reference work is an indispensable resource for administrators and educators of both k 12 and higher education pre service teachers teacher educators libraries government officials researchers and academicians

Compose Yourself! 2010-07
