life is not what you get out of it it s what you put back in yet our current means for summarizing life s work from resumes to salaries are devoid of what matters most this is why the work we do is often bad for our wellbeing when it should be making us happier and healthier what are the most meaningful contributions we can make this is life s great question life is about what you do that improves the world around you it is about investing in the development of other people and it is about efforts that will continue to grow when you are gone life s great question will show you how to make your work and life more meaningful and greatly boost your wellbeing in this remarkably quick read author tom rath describes how finding your greatest contribution is far more effective than following talent or passion alone more than a book each copy includes a code for an online program that identifies the most significant contributions you can make this deeply practical book will alter how you look at your work and change the way you live each day

Official Gazette

1920

this book looks at the campaign for the 1999 election how people voted and why and the formation of the minority centre left coalition it highlights key election issues and the leadership contest between jenny shingley and helen clark as well as the referenda on the size of parliament and on the justice system

Flying Magazine

1987-05

2001

the first comprehensive work on nonfiction as an art form shows how nonfiction especially how to and self help can take on the same power and luminosity as great fiction develops processes to reliably induce the dreaming state from which all writing comes teaches the skill of analogical thinking that is the core perceptual tool for writers explores the subtle techniques of powerful writing from inducing associational dreaming in the reader to language symmetry sound patterning foreshadowing feeling flow and more approaching writing as a sacred art stephen buhner explores the core of the craft the communication of deep meaning that feeds not just the mind but also the soul of the reader tapping into the powerful archetypes within language he shows how to enrich your writing by following golden threads of inspiration while understanding the crucial invisibles essential to the art of both fiction and nonfiction how to craft language with feeling and vision employ altered states of mind to access the writing trance clear your work by recognizing the powerful sway of clichéd thinking and hidden baggage and intentionally generate duende that physical emotional response to art that gives you chills opens up unrecognized aspects of reality or simply resonates in your soul covering some very practical aspects of writing such as layering and word symmetry the author also explores the inner world of publishing what you really will encounter when you become a writer he then shows how to develop a powerful and engaging book proposal based on understanding the proposal as a work of fiction the map is never the territory nor is the proposal the book that it will become this book written using all the techniques discussed within it offers a powerful experiential journey into the heart of writing it does for nonfiction what john gardner s books on writing did for fiction it is one of the most significant works on writing published in our time

Applying Social Psychology

2021-03-03

this fully updated edition of the engaged sociologist by kathleen odell korgen carries the public sociology movement into the classroom while at the same time providing an engaging overview of the entire field it demonstrates how to think sociologically to develop a sociological eye and to use sociological tools to become effective participants in a democratic society perfect as a supplement for an introductory course or as a main text for any course that has public sociology at its roots this inspiring book will serve as a guidebook to any student who is passionate about applying sociological concepts to the world around them
