# **Communicating Religion and Atheism in Central and Eastern Europe**

2020-05-18

the question of to what extent manifestations of religious beliefs should be permitted in the european public sphere has become a salient and controversial topic in recent years despite the increasing interest however debates have rarely questioned the conventional wisdom that an increase in the range of security measures employed by a government inevitably leads to a decrease in the human rights enjoyed by individuals this book analyses the relationship between state security regime changes and the right to religious freedom in the eu it presents a comparative analysis of the impact these regime changes have had on the politics policies and protections of religious freedom across the eu member states in the post 2001 environment the book provides a timely investigation into the role of national legislation the european court of human rights and societal trends in the protection of religious freedom and in so doing demonstrates why the relationship between state security and religious freedom is one of the most socially significant challenges facing policymakers and jurists in europe at the present time

## **Out of the Box**

2009-01-01

this collection of articles utilises thematic orientations methodological approaches and data materials to give an insight into the opportunities and challenges that exist for education in society in relation to the growing cultural and linguistic complexity that exists it is written by researchers at inland norway university of applied sciences in norway and while the book is anchored in a specific norwegian educational cultural and political context it addresses issues that would be of interest to an international academic audience

2020-02-21

the most recent addition to the key issues on diverse college students series bridges theory to practice in order to help student affairs and higher education professionals understand the needs and experiences of religious minorities on college campuses religious minority students in higher education explores existing literature and research on religious minorities on american college campuses discusses the challenges and needs of religious minorities on campus and provides best practices and recommendations providing a foundational nuanced approach to religious minorities in the american college context this important resource will help educators at colleges and universities promote religious pluralism and tolerance to support student learning outcomes and campus inclusion among students of diverse religious backgrounds

## **What Makes Education Catholic**

2021-11-17

the bloomsbury handbook of religious education in the global south presents new comparative perspectives on religious education re across the global south including 23 chapters written by scholars from the global north and south this is the first authoritative reference work on the subject the handbook is thematically organised into seven sections the first three sections deal with provision response to changes in contemporary society and decolonizing re the next four sections explore young people and re perspectives on teachers re in higher education and finally challenges and opportunities for re the term global south is used here primarily to signify

the deep economic divide with the global north but the concept is also examined in historical geographical political social and cultural terms including the indelible influence of religion in all four broadly defined regions exploring re from local cross national as well as regional and sub regional perspectives the handbook examines re from its diverse past present realities and envisioned future revealing not only tensions contestations injustices and inequalities of power but importantly how inclusive forms of re can help solve these problems

## **Conceptualising Religion and Worldviews for the School**

2022-07-14

the main strength of this book is that it presents a human side to american government that challenges students to think critically while still presenting the teaching side with objectives self tests and chapter reviews kathleen barrett university of west georgia in the third edition of american government stories of a nation author scott f abernathy tunes in to the voices of all americans showing how our diverse ideas shape the way we participate and behave the laws we live by and the challenges we face from the constitutional convention to the 2020 presidential election each chapter features rich personal narratives that illustrate how the american political system is the product of strategies calculations and miscalculations of countless individuals it focuses on real people the actions they take the struggles they face and how their choices influence outcomes the key concepts are memorable because they are tied to real politics where students see political action and political choices shaping how institutions advance or impede the fulfillment of fundamental ideas participation is at the heart of this groundbreaking new text with ample background on how we participate and why not only will all students see themselves reflected in the pages but they will come to understand that they too are strategic players in american politics with voices that matter digital option courseware sage vantage is an intuitive digital platform that delivers this text s content and course materials in a learning experience that offers auto graded assignments and interactive multimedia tools all carefully designed to ignite student engagement and drive critical thinking built with you and your students in mind it offers simple course set up and enables students to better prepare for class assignable video with assessment assignable video available with sage vantage is tied to learning objectives and curated exclusively for this text to bring concepts to life lms cartridge import this title s instructor resources into your school s learning management system lms and save time don t use an lms you can still access all of the same online resources for this title via the password protected instructor resource site cq press lecture spark designed to save you time and ignite student engagement these free weekly lecture launchers focus on current event topics tied to key concepts in american government

## **Religion and the Constitution**

2006

balancing respect for religious conviction and the values of liberal democracy is a daunting challenge for judges and lawmakers particularly when religious groups seek exemption from laws that govern others should members of religious sects be able to use peyote in worship should pacifists be forced to take part in military service when there is a draft and should this depend on whether they are religious how can the law address the refusal of parents to provide medical care to their children or the refusal of doctors to perform abortions religion and the constitution presents a new framework for addressing these and other controversial questions that involve competing demands of fairness liberty and constitutional validity in the first of two major volumes on the intersection of constitutional and religious issues in the united states kent greenawalt focuses on one of the constitution s main clauses concerning religion the free exercise clause beginning with a brief account of the clause s origin and a short history of the supreme court s leading decisions about freedom of religion he devotes a chapter to each of the main controversies encountered by judges and lawmakers sensitive to each case s context in judging whether special treatment of religious claims is justified greenawalt argues that the state s treatment of religion cannot be reduced to a single formula calling throughout for religion to be taken more seriously as a force for meaning in people s lives religion and the constitution aims to accommodate the maximum expression of religious conviction that is consistent with a commitment to fairness and the public welfare
