The Last Will and Testament of Alexander the Great 2021-09-30

a re assessment of alexander the great s death exposing a conspiracy by alexander s generals after his death to undermine his empire alexander the great conquered the largest empire the world had ever seen while still in his twenties but fell fatally ill in babylon before reaching 33 years old his wife roxanne was still pregnant with what would be his only legitimate son so there was no clear cut heir the surviving accounts of his dying days differ on crucial detail with the most popular version claiming alexander uttered to the strongest when asked to nominate a successor on his deathbed decades of civil war ensued as alexander s hard won empire was torn asunder by generals in the bloody funeral games his alleged final words heralded in the fighting for supremacy inevitably led to the extermination of his bloodline but was alexander really so short sighted and irresponsible finally after 2 340 years the mystery is unravelled in a forensic first david grant presents a compelling case for what he terms the greatest succession cover up of all time alexander s lost last will and testament is given new credibility and grant deciphers events that led to its erasure from history by the generals who wanted to carve up the empire for themselves

The Eclectic Question Book 2023-07-18

this book is a collection of questions and answers on various subjects such as geography history literature and science the questions are designed to test the knowledge and reasoning skills of the reader and to provide an entertaining and educational pastime alexander duncan a scottish author and educator includes detailed explanations for each question and encourages the reader to think critically and creatively this book is an ideal resource for teachers parents and anyone who enjoys intellectual challenges this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

The Macedonian Question and the Macedonians 2020-12-31

this book is a comprehensive and dispassionate analysis of the intriguing macedonian question from 1878 until 1949 and of the macedonians and of their neighbours from the 1890s until today with the two themes intertwining the macedonian question was an offshoot of the wider eastern question i e the fate of the european remnants of the ottoman empire once it dissolved the initial protagonists of the macedonian question were greece bulgaria and serbia and a slav speaking population inhabiting geographical macedonia in search of its destiny the largest segment of which ended up creating a new nation comprising the macedonians something unacceptable to its three neighbours alexis heraclides analyses the shifting sands of the macedonian question and of the gradual rise of macedonian nationhood with special emphasis on the greek bulgarian and serbian claims to macedonia 1870s 1919 the birth and vicissitudes of the most famous macedonian revolutionary organization the vm o ro and of other organizations 1893 1940 the appearance and gradual establishment of the macedonian nation from the 1890s until 1945 titos s crucial role in macedonian nationhood cum federal status the greek macedonian name dispute 1991 2018 including the skeletons in the

cupboard the deep seated reasons rendering the clash intractable for decades the final greek macedonian settlement the 2018 prespa agreement the bulgarian macedonian dispute 1950 today and its ephemeral settlement in 2017 the issue of the macedonian language and the macedonian national historical narrative the author also addresses questions around who the ancient macedonians were and the fascination with alexander the great this monograph will be an essential resource for scholars working on macedonian history balkan politics and conflict resolution

ALEXANDER FLEMING 2023-11-25

most of what we know about alexander the great 356 323 bc comes from the pages of much later historians writing 300 years or more after these events but these roman era writers drew on the accounts of earlier authors who were contemporary with alexander some of whom took part in the momentous events they described david grant examines the fragments of these earlier eyewitness testimonies which are preserved as undercurrents in the later works he traces their influence and monopoly of the truth and spotlights their manipulation of events to reveal how the wars of the successors shaped the agendas of these writers it becomes clear that alexander s courtiers were no less ambitious than than their king and wanted to showcase their role in the epic conquest of the persian empire to enhance their credibility and legitimacy in their own quests for power in particular grant reveals why reports of the dying king s last wishes conflict and he explains why testimony relegated to romance may house credible grains of truth the author also skillfully explains how manuscripts became further corrupted in their journey from the ancient world to the modern day in summary this work by a recognized expert on the period highlights why the legacy of alexander is built on very shaky foundations

The Interrogator; Or, Universal Ancient History, in Questions and Answers. By a Lady 1837

this volume examines the way in which various strands of left thought have addressed the national question the re emergence of debates on the decolonisation of knowledge has revived interest in the national question which began over a century ago and remains unresolved tensions that were suppressed and hidden in the past are now being openly debated

despite this the goal of one united nation living prosperously under a constitutional democracy remains elusive this edited volume examines the way in which various strands of left thought have addressed the national question especially during the apartheid years and goes on to discuss its relevance for south africa today and in the future instead of imposing a particular understanding of the national question the editors identified a number of political traditions and allowed contributors the freedom to define the question as they believed appropriate in other words to explain what they thought was the unresolved national question this has resulted in a rich tapestry of interweaving perceptions the volume is structured in two parts the first examines four foundational traditions marxism leninism the colonialism of a special type thesis the congress tradition the trotskyist tradition and africanism the second part explores the various shifts in the debate from the 1960s onwards and includes chapters on afrikaner nationalism ethnic issues black consciousness feminism workerism and constitutionalism the editors hope that by revisiting the debates not popularly known among the scholarly mainstream this volume will become a catalyst for an enriched debate on our identity and our future

Alexander's Nursing Practice E-Book 2019-08-20

an inquiry made to obtain any information is known as an interrogation while asking the person tries to get an answer that allows him to satisfy his doubts the interviewers often ask simple questions in a very twisted fashion to confuse the candidates difficult questions answers reflect the knowledge of the giver as well as his overall personality for example which is heavier a kilogram of feathers or 1000 grams of lead solution both the weights are equal and what happened in kolkata yesterday from 8 to 9 o clock solution an hour had passed these questions have a trick because they are framed in such a way that the answers seem simple but in reality they are not it can be said that the questioners confuse the candidates as they hide their answers using rhetorical resources and various devices in some cases the answer is found in the question itself but in secret tricky questions are also used for fun or as a mental activity of logical practice like a truck driver passing down a street in the wrong direction some policemen saw him but they didn t say anything to him why solution because the truck driver was on foot he shaves all day but still has a beard who is he solution barber some months have thirty days and others thirty one but how many months have twenty eight solution every month has at least twenty eight days which object becomes wet when it dries solution towel how do you draw a square with three lines solution draw the square first and then draw three lines inside the square thus an answer to a tricky question can lead to confusion due to the confusion generated question these types of questions are very specific to the areas in which people s knowledge or behavior is evaluated generally such difficult questions can be perceived as misleading or incorrect because something is being implied that is not in reality however they can also be seen as methods whose precise purpose is to test the candidate and determine whether he or she is fully capable of answering the question that he or she is saying i know in this way about five thousand questions and answers have been given in the present book which is equally useful for all competitive examinations

The Unresolved National Question in South Africa 2017-03-01

in this study brian bosworth looks at the critical period between 329 and 325 bc when alexander the great was active in central asia and what is now pakistan he documents alexander s relations with the peoples he conquered and addresses the question of what it meant to be on the receiving end of the conquest drawing a bleak picture of massacre and repression at the same time alexander s views of empire are investigated his attitude to his subjects and the development of his concepts of personal divinity and universal monarchy analogies are thus drawn with the spanish conquest of mexico which has a comparable historiographical tradition and parallels many of alexander s dealings with his subjects although of concern to the specialist this book is equally directed at the general reader interested in the history of alexander and the morality of empire

Difficult Questions Have Easy Answers 2023-12-06

Essential SQA Exam Practice: National 5 History Questions and Papers 2019-12-02

in october 336 bc statues of the twelve olympian gods were paraded through the ancient capital of macedon following them was a thirteenth a statue of king philip ii who was deifying himself in front of the greek world moments later philip was stabbed to death it was a world shaking event that heralded in the reign of his son alexander the great equally driven by a heroic lineage stretching back to gods and heroes alexander conquered the persian empire in eleven years but died mysteriously in babylon some 2 300 years later a cluster of subterranean tombs were unearthed in northern greece containing the remains of the macedonian royal line this is the remarkable story of the quest to identify the family of alexander the great and the dynasty that changed the graeco persian world forever written in close cooperation with the investigating archaeologists anthropologists and scientists this book presents the revelations mysteries and controversies in a charming accessible style is this really the tomb of philip ii alexander s father and who was the warrior woman buried with weapons and armor beside him

An Analysis of Scripture History. With questions and examination papers, intended for readers of Old

Testament History, etc. Sixth edition ... improved 1853

what are ancient texts saying to us when they describe alexander the great's romantic relationship with his wife barsine or comment on his homosexual relationship with hephaestion what did it mean when the ancient writers told that alexander had been sired by a thunderbolt or by a gigantic snake what did it mean when they represented his mother olympias as a witch these questions and others are addressed in alexander the great myth and sexuality in this book daniel ogden discusses the mythologizing of procreation and sex in the ancient traditions surrounding alexander from the author's introduction a quick review of chapter titles will suggest that the first half answers the title's promise of myth and the second half that of sexuality but in fact the entire volume is devoted to what may be termed myth of one sort or another its central and unifying subject is the mythologizing of procreation and sex in the traditions surrounding the figure of alexander the great accor

Alexander and the East 1998

alexander the great is one of the most celebrated figures of antiquity in this book carol g thomas places this powerful figure within the context of his time place culture and ancestry in order to discover what influences shaped his life and career the book begins with an exploration of the macedonia that conditioned the lives of its inhabitants it also traces such influences on alexander's life as his royal argead ancestry his father philip ii and his mother olympias the author examines alexander's engagement with greek culture especially his relationship with aristotle and contemplates how other societal factors especially the highly militarized macedonian kingdom and the nature of macedonia's relationship with neighboring states contributed to his achievement what was the significance of these influences on the man who succeeded in conquering most of the known world from the adriatic sea to the indus river the author focuses on this question in exploring ancient landscapes and resurrecting key figures from antiquity in order to penetrate the motivation goals and inner being of alexander the great

Notes, Questions, and Answers On Our Lord's Parables 2023-07-18

this study based on the author's doctoral dissertation at ucla examines yugoslav economic policy from 1918 to 1929 how it was made and how it was affected by political developments of the time it studies the activities of yugoslavia's regional political and business elites political groups and corporations their reactions to yugoslav economic policy and their efforts to influence it the study contains a detailed analysis of party politics and the manner in which the political process affected economic policy the study uncovers and explains relationships between state elite class national confessional groups and territorial regions in the determination of social and economic policy in the kingdom of serbs croats and slovenes later renamed yugoslavia and the relationship between these groups and the yugoslav state
