Russia, EU and the Post-Soviet Democratic Failure 2019-05-22

by studying the influence of the two main external actors in post soviet space the eu and russia this study contributes to the increasing body of literature that studies the causes of democratic recession and authoritarian backlash in post soviet states and the role of regional actors in these processes empirically the study finds the eu to be both a democracy promoting and democracy hindering actor in post soviet states russia s impact on the other hand is far more negative than the literature on democratization and autocracy promotion typically suggests it negatively affects both the quality of democracy of post soviet states and limits the eu s options for promoting democracy in its neighborhood

International Investment Law and Globalization 2018-09-03

in a context of neoliberal globalization have the processes of elaboration and implementation of foreign investors responsibilities by intergovernmental organizations reached the realm of legality using an analytical framework and a methodology that combines international law with international relations this book provides a twofold answer to this question first it demonstrates that the normative integration of foreign investors responsibilities in international investment law is fragmented and consistent with the interests of the most powerful actors second while using the interactional theory of international law to assess the normative character of several international instruments elaborated and implemented by intergovernmental organizations it highlights the sense of obligation that each instrument generates the analysis demonstrates that such a codification process is marked by relations of power and has resulted in several social norms with relatively few legal norms

Eskiboy 2018-06-13

this book provides a concise guide to international disability law it analyses the case law of the crpd committee and other international human rights treaty bodies and provides commentaries on more than 50 leading cases the author elaborates on the obligations of states parties under the crpd and other international treaties while also spelling out the rights of persons with disabilities and the different mechanisms that exist at both domestic and international levels for ensuring that those rights are respected protected and promoted the author also delineates the traditional differentiation between civil and political rights on the one hand and economic social and cultural rights on the other he demonstrates through analysis of the evolving case law how the gap between these two sets of rights is gradually closing the result is a powerful tool for political decisionmakers academics legal practitioners law students persons with disabilities and their representative organisations human rights activists and general readers

International Disability Law 2009-02-17

this text integrates a wide range of research and tidal resource theory and data to present a detailed analysis of the physics and oceanography of tidal stream power devices together with a world wide resource analysis clearly structured throughout the book is divided into two distinct parts part one provides the theoretical background to the subject and deals with the historical development of the harmonic method for the synthesis of tidal currents the principles of fluid and tidal flow and the principles of device ducts turbines and electrical systems a review and analysis of more than forty tidal stream power proposals is also discussed part two provides a comprehensive overview of current practice the economic modelling of tidal stream power installations is covered with more than three hundred current meter records from around the world used to analyse the potential and cost of tidal stream power on a global basis hallmark features reviews the tidal resources around the world complete analysis of tidal stream power systems includes historical information on tidal science and biographical information on major figures

concentrates on engineering physical geography rather than engineering specifics includes a website with a wide range of computer models data and simulations

The Analysis of Tidal Stream Power 2021-03-11

haiti one of the least developed and most vulnerable nations in the western hemisphere made the international headlines in january 2010 when an earthquake destroyed the capital port au prince more than a year later little reconstruction has taken place in spite of a strong international funding commitment mats lundahl has written several seminal works on haiti and this volume brings together the best of his past work on haiti s economic and political history along with a comprehensive introduction and two new chapters which bring the story right up to the present day together the volume provides both historical background and explanation as to why haiti was so badly affected by the earthquake and to why reconstruction efforts have been ineffective this far lundahl argues that the two main causes can found in the interaction between the growth of the population and the destruction of the arable soil on the one hand and in the creation of a predatory state during the nineteenth century which still exists to this day this book provides a comprehensive analysis which charts these themes from the time of the arrival of columbus in the island in 1492 to the present day the book also deals with contemporary market and policy failures as well as the crucial recent elections and considers the path ahead for this impoverished nation this book will be of huge relevance and interest not only to students and researchers in economic history but also for all those working on development economics development studies and american and caribbean studies more generally

Digital technologies for health financing 2013

this book addresses the compulsions that underlie the china s relations with india and south korea both increasingly mutually dependent on china for markets trade investments technology tourism etc it inquires into two sets of regional relationships with china being the common linking factor while examining the generational change in the leadership of china india and south korea this study will be a significant addition to the evolving sphere of comparative regional relations

The Political Economy of Disaster 2015-08-12

should the european neighbourhood policy stop at the borders of the european union s immediate neighbouring countries this book is the first full length study of the neighbours of the eu s neighbours a concept originally introduced by the european commission with reference to saharan africa the middle east and central asia these regions in the eu s broader neighbourhood are often perceived as an arc of crisis from which manifold challenges emanate for europe this timely book takes stock of the state of the eu s cooperation with the neighbours of its neighbours and explores how the concept might help promote security stability and prosperity beyond the countries which are formally part of the european neighbourhood policy how can the eu create bridges between these regions what instruments does the eu have at its disposal and how can it link them in order to respond to the challenges and overcome the current fragmentation one of the conclusions is the suggestion to consider a pragmatic eu strategy for the neighbours of its neighbours which addresses the needs of the broader eu neighbourhood in a more systematic and consistent manner and helps transform in the long run the arc of crisis into another ring of friends

Sino-Indian and Sino-South Korean Relations 2016-02-24

the world guide to csr is the first book to provide comparable national profiles that describe the evolution and practice of

corporate sustainability and responsibility csr for 58 countries and 5 global regions each regional and national profile includes key information about the relevant csr history country specific issues trends research and leading organizations the purpose of the book is to give csr professionals including managers consultants academics and ngos focusing on the social environmental and ethical responsibilities of business a quick reference guide to csr in different regional and national contexts the need for the book is premised on the fact that csr professionals and researchers more often than not have a multinational remit and are required to benchmark performance internationally but find that country specific csr information is ad hoc limited or non existent even where national csr research exists it is often hidden in academic journals that practitioners cannot access or do not have the time or inclination to read the book is an edited volume with expert contributors from around the world all of whom have been screened and selected on the basis of their qualifications and experience in csr each regional country profile includes the following subsections csr in context priority issues trends legislation and codes organizations case studies educational institutions references this unique resource will be an essential acquisition for all organisations who need to benchmark their csr strategies throughout different regions and cultures and want the best possible intelligence on the key issues and concerns relating to corporate social responsibility in all of the markets in which they operate

The Neighbours of the European Union's Neighbours 2017-09-08

professional leadership is increasingly recognised as being vital to enhancing social work s reputation and effectiveness although professional leadership is one of the nine domains of the professional capability framework in england sometimes leadership is assumed to be the prerogative of managers rather than the responsibility of all professional social workers the participation of social workers and social work educators in shaping professional cultures within organisations through practice innovation practitioner research and workforce development is thus crucial drawing on theories that challenge hierarchical concepts of leadership this book will enable experienced social work practitioners and educators to develop their professional leadership to more expert levels throughout the book there are case examples illustrating examples of advanced professional leadership in action research highlights and exercises utilising self reflection action planning creative writing and imagery to provide practical support to the reader

The World Guide to CSR 2016-11-03

comparative capital punishment offers a set of in depth critical and comparative contributions addressing death practices around the world despite the dramatic decline of the death penalty in the last half of the twentieth century capital punishment remains in force in a substantial number of countries around the globe this research handbook explores both the forces behind the stunning recent rejection of the death penalty as well as the changing shape of capital practices where it is retained the expert contributors address the social political economic and cultural influences on both retention and abolition of the death penalty and consider the distinctive possibilities and pathways to worldwide abolition

Superman 2019

reflection is a critical skill which can enhance the quality of our professional and domestic lives yet in a world of busy reflective practice often falls to the bottom of the list we are not alone in the struggle to use the pause button well this book is here to help the book offers a practical toolkit which shows you how to create a sustainable reflective habit we begin by exploring the meaning and territory of reflection drawing from the literature to provide context and understanding the following chapters contain prompts and exercises which will appeal to different processing preferences the intention throughout this book is firstly to show that reflection means so much more than journaling and secondly to encourage an appetite for experimentation that

results in a desire to reflect on a regular and sustainable basis we invite you into an immersive experience playing with the multitude of reflective possibilities on offer it is only through repeated trial and error enlightenment and frustration that we will come to create our own reflective habit written by a coach and coach supervisor this practical book is an invaluable resource for helping practitioners but will also be immensely helpful to anyone and everyone who wants to get their pause button in good working order the book also provides learning development professionals with a suite of tools and materials to help build the reflective practice skill set in their organisation

Professional Leadership for Social Work Practitioners and Educators 2023-06-12
