Pen and Sword 2010-10-01 richard tregaskis reached the pacific during world war ii in time to see doolittle s planes take off from the hornet to bomb tokyo he was an eyewitness to the battle of midway and was in the first wave of marines to land at Guadalcanal from this experience came the world famous Guadalcanal diary after this richard tregaskis reached the mediterranean theatre in time for d day flew on the first B-17 raid over Rome and participated in the entire Sicilian campaign the capture of Naples and the action on the Volturno river front gravely wounded at Cassino he later returned to Europe and the Western Front where he observed within constant fire range the soldiers and events that provided the spirit of his first great novel of World War II *Stronger Than Fear*

Stronger Than Fear 2000-04 presents the history of the United States participation in World War II including the role of women and African Americans and the internment of Japanese Americans *World War II* 2003 activated in May 1942 the 504th Parachute Infantry Regiment earned high praise for its very first mission when it effected the first U.S. mass regimental combat jump of World War II in the invasion of Sicily according to German general Kurt Student if it had not been for the Allied Airborne forces blocking the tanks of the Hermann Göring Division from reaching the beachhead that division would have driven the initial Seaborne forces back into the sea led by Col. Reuben Tucker the 504th subsequently dropped into the endangered Fifth U.S. Army beachhead at Salerno bitter fighting led to hard won success at Altavilla and Hill 424 and the regimental motto strike and hold birth of a regiment is the first book length account of the birth of U.S. Airborne forces and the first to fully capture the details danger and crucial stakes of the initial 504th missions in the unforgettable voices of the newly minted paratroopers who fought the first Allied battles in the ETO up through the

victorious entry into naples these initial missions were all the more important in that they would determine future allied strategy planning and tactics it is not to be forgotten that sicily was a testing ground for the allied coalition the first time an american army and a british army managed at the top by a unified allied staff would undertake a major campaign according to james m gavin the commanding general of the 82nd abd at the end of the war who had jumped into sicily himself what was learned in that first cooperative action affected the whole outcome of world war ii personally interviewed by the author over a period of 20 years nearly 200 veterans of the 504th recount their remembrance of combat permitting readers of birth of a regiment to relive epic battles of the eto through the words of the very men who made history participants include survivors and witnesses of the tragic decimation of 23 aircraft and the death of 164 paratroopers and crew when u s troops mistook them for the enemy and fired on their planes as they flew into sicily veterans recount the ferocious desperate battle at biazzi ridge and the later regimental action at the salerno beachhead where the 504th crucially took hill 424 after a night drop and seaborne landing having undisputedly proven their prowess tucker s troopers were chosen to spearhead the fifth army drive into naples these dramatic unforgettable memories of the war provide new information from the foxhole view on up giving historians and lay readers alike fresh perspective on the initial u s engagements in wwii and the difficult birth of allied airborne operations the volume is enriched by new maps and historic archival photos including many previously unpublished photos and provided by 504th veterans

Air Corps News Letter 1961 three new york times bestselling world war ii histories including the true story of the miraculous evacuation portrayed in the christopher nolan film dunkirk the monumental scope and breathtaking heroism of world war ii are brought to vivid life in three riveting accounts that span the conflict s western front eastern front and pacific theater the miracle of dunkirk the definitive account of the evacuation of 338 000 british and french soldiers from the beaches of dunkirk based on interviews with hundreds of survivors and masterfully woven together into a cinematic portrait the miracle of dunkirk captures a pivotal moment when the outcome of world war ii hung in the balance stunning the difference between the lord technique and that of any number of academic historians is the originality of his reportage the new york times enemy at the gates new york times bestseller and the inspiration for the 2001 film starring joseph fiennes and jude law the siege of stalingrad lasted five months one week and three days nearly two million men and women died and germany s 6th army was completely destroyed considered by many historians to be the turning point of world war ii in europe the soviet army s victory foreshadowed hitler s downfall and the rise of a communist superpower crafted from five years of exhaustive research and interviews with hundreds of survivors enemy at the gates is probably the best single work on the epic battle of stalingrad an unforgettable and haunting reading experience cornelius ryan author of the longest day Guadalcanal diary 1 new york times bestseller and the basis for the 1943 film starring anthony quinn and richard conte volunteer combat correspondent richard tregaskis was one of two journalists to witness the invasion of Guadalcanal the first major allied offensive against japanese forces and the first time in history that a combined air land and sea assault had ever been attempted hailed by the new york times as one of the literary events of its time Guadalcanal diary is a superb example of war reporting at its best mark bowden author of black hawk down

Air Force and Space Digest 1961 authorized by the estate of richard tregaskis with personal memorabilia and introduction by his widow moana tregaskis richard tregaskis considered stronger than fear to be the most important book he ever wrote about world war ii because it strikes closer to the heart of war than any other he wrote it stands well after the years because it hits into the basic human values involved in war aside from politics or patriotism this is tregaskis great war novel told in less than 30 000 words world war ii street fighting in germany reminded richard tregaskis of the jungle campaigning he had seen on Guadalcanal and other south pacific islands the enemy fought hard in his home ground everything was close in the rows of houses were like trees and street corners were like thickets and every house was a potential sniper s nest as r t accompanied the platoon of ten men to which he was attached he reflected on one central question to a veteran what does it mean when fighting becomes a way of life and peace is only a dream it was a strange paradox that in a way of life devoted to killing maiming and destruction of the enemy men could be kinder and more unselfish and self sacrificing towards those on his own side than he had ever been before or probably ever would if he survived the war the characters in this book are drawn from scores of soldiers richard

tregaskis watched at work he witnessed many military men who fought the good battle and came out winners in the most important battle of the one that goes on inside even if they were killed doing their jobs that is what war or anything else is really about if you get down to fundamentals part of the richard tregaskis classics collection

Solomon Islanders in World War II 2017-12-18 tens of thousands of italian civilians perished in the allied bombing raids of world war ii more of them died after the armistice of september 1943 than before when the air attacks were intended to induce italy s surrender allied air attacks and civilian harm in italy 1940 1945 addresses this seeming paradox by examining the views of allied political and military leaders allied air crews and italians on the ground it tells the stories of a little known diplomat myron charles taylor military strategist solly zuckerman resistance fighter aldo quaranta and peace activist vera brittain architects and opponents of the bombing strategies it describes the fate of ordinary civilians drawing on a wealth of local and digital archival sources memoir accounts novels and films including joseph heller s catch 22 and john huston s the battle of san pietro the book will be of interest to readers concerned about the ethical legal and human dimensions of bombing and its effects on civilians to students of military strategy and italian history and to world war ii buffs they will benefit from a people focused history that draws on a range of eclectic and rarely used sources in english and italian the open access version of this book available at taylorfrancis com has been made available under a creative commons attribution non commercial no derivatives 4 0 license

the literature of world war ii

1942 2006-04-03 in cold blood the electric kool aid acid test fear and loathing in las vegas slouching towards bethlehem the armies of the night starting in 1965 and spanning a ten year period a group of writers including tom wolfe jimmy breslin gay talese hunter s thompson joan didion john sack and michael herr emerged and joined a few of their pioneering elders including truman capote and norman mailer to remake american letters the perfect chroniclers of an age of frenzied cultural change they were blessed with the insight that traditional tools of reporting would prove inadequate to tell the story of a nation manically hopscotching from hope to doom and back again from war to rock assassination to drugs hippies to yuppies kennedy to the dark lord nixon traditional just the facts reporting simply couldn t provide a neat and symmetrical order to this chaos marc weingarten has interviewed many of the major players to provide a startling behind the scenes account of the rise and fall of the most revolutionary literary outpouring of the postwar era set against the backdrop of some of the most turbulent and significant years in contemporary american life these are the stories behind those stories from tom wolfe s white suited adventures in the counterculture to hunter s thompson s drug addled invention of gonzo to michael herr s redefinition of war reporting in the hell of vietnam weingarten also tells the deeper backstory recounting the rich and surprising history of the editors and the magazines who made the movement possible notably the three greatest editors of the era harold hayes at esquire clay felker at new york and jann werner at rolling stone and finally weingarten takes us through the demise of the new journalists a tragedy of hubris miscalculation and corporate menacing this is the story of perhaps the last great good time in american journalism a time when writers didn t just cover stories but immersed themselves in them and when journalism didn t just report america but reshaped it within a seven year period a group of writers emerged seemingly out of nowhere tom wolfe jimmy breslin gay talese hunter s thompson joan didion john sack michael herr to impose some order on all of this american mayhem each in his or her own distinctive manner a few old hands like truman capote and norman mailer chipped in as well they came to tell us stories about ourselves in ways that we couldn t stories about the way life was being lived in the sixties and seventies and what it all meant to us the stakes were high deep fissures were rending the social fabric the world was out of order so they became our master explainers our town criers even our moral conscience the new journalists from the introduction

Patton's War 2021-11-01 from huddled command conferences to cramped cockpits john lundstrom guides readers through the maelstrom of air combat at Guadalcanal in this impressively researched sequel to his earlier study picking up the story after Midway the author presents a scrupulously accurate account of what happened describing in rich detail the actual planes and pilots pitted in the ferocious battles that helped turn the tide of war based on correspondence with 150 American and Japanese veterans or their families he reveals the thoughts pressures and fears of the airmen and their crews as he reconstructs the battles these are the story of the Wildcat and Zero fighters and the dauntless Avenger Betty Kate and Val bombers lavishly illustrated with drawings maps and photographs this fresh look at the campaign set a standard for aviation histories when first published in 1994

What Journalism Could Be 2017-05-23 some warriors are drawn to the thrill of combat and find it the defining moment of their lives others fall victim to fear exhaustion impaired reasoning and despair this was certainly true for twentieth century American ground troops whether embracing or being demoralized by war these men risked their lives for causes larger than themselves with no promise of safe return this book is the first to synthesize the wartime experiences of American combat soldiers from the doughboys of World War I to the grunts of Vietnam focusing on both soldiers and Marines it draws on histories and memoirs oral histories psychological and sociological studies and even fiction to show that their experiences remain fundamentally the same regardless of the enemy terrain training or weaponry Peter Kindsvatter gets inside the minds of American soldiers to reveal what motivated them to serve and how they were turned into soldiers he recreates the physical and emotional aspects of war to tell how fighting men dealt with danger and hardship and he explores the roles of comradeship leadership and the sustaining beliefs in cause and country he also illuminates

soldiers attitudes toward the enemy toward the rear echelon and toward the home front and he tells why some broke down under fire while others excelled here are the first tastes of battle as when a green recruit reported that for the first time i realized that the people over the ridge wanted to kill me while another was befuddled by the unfamiliar sound of bullets whizzing overhead here are soldiers struggling to cope with war s stress by seeking solace from local women or simply smoking cigarettes and here are tales of combat avoidance and fraggings not unique to vietnam of soldiers in korea disgruntled over home front indifference and of the unique experiences of african american soldiers in the jim crow army by capturing the core band of brothers experience across several generations of warfare kindsvatter celebrates the american soldier while helping us to better understand war s lethal reality and why soldiers persevere in the face of its horrors

Skeeter Beaters 2002 the american fleet aircraft carrier hornet is widely acknowledged for the contributions she made to the war effort the doolittle raid launched from the hornet s deck inaugurated america s pacific counteroffensive and transformed the aircraft carrier into one of the world s prime strategic weapon systems she was one of three carriers to participate in the victory at midway and the fighting around Guadalcanal through the experiences of this key warship and the eyes of her crew and the aviators who flew from her deck lisle rose recreates the first desperate year of the war in the pacific he tells how the hornet was molded into a deadly weapon of war how the ship was fought and ultimately lost and what it was like to live aboard her at a time when the fate of the united states depended on the navy s tiny carrier fleet in chronicling the carrier s operational history the author contends that the fate of the hornet s air group at midway remains one of the great controversies in modern naval history and that the ship s importance in helping to keep the japanese juggernaut at bay during the most critical period of the pacific war is incontestable his arguments ring true today as the controversy continues rose succeeds both in letting the reader see things the way the men of the hornet did and in placing their experiences in a broad historical context
