mechanics of structured media

Hearings 1971

lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the nasa scientific and technical information database

Annual Report of the Commissioner of Patents 1896

the book presents the state of the art in high performance computing and simulation on modern supercomputer architectures it covers trends in hardware and software development in general and the future of high performance systems and heterogeneous architectures specifically the application contributions cover computational fluid dynamics material science medical applications and climate research innovative fields like coupled multi physics or multi scale simulations are also discussed all papers were chosen from presentations given at the 20th workshop on sustained simulation performance in december 2014 at the hirs university of stuttgart germany and the subsequent workshop on sustained simulation performance at tohoku university in february 2015

Hydrometallurgy in Extraction Processes, Volume II 2017-11-01

contains the final statistical record of companies which merged were acquired went bankrupt or otherwise disappeared as private companies

Hydrometallurgy in Extraction Processes 1990-08-15

a few volumes include appendices some separately paged mainly reports of state officers

Counseling the Nursing Mother 2010-07-12

the fourth international mcdm conference follows a tradition that began with an exploratory gathering at the university of south carolina in 1973 the first international conference was held in jouy en josas in 1975 the second and third were held in buffalo 1977 and konigswinter 1979 we are grateful to the office of naval research for years of advice and funding and to springer verlag for providing a widely dispersed series of proceedings volumes in the case of the delaware conference we gratefully acknowledge new support from the corporate sector coordinated by the university of delaware s development office now that i have attended to the formal recognitions i wish to place my recollection of the human side of the conference into the record this is justifiable because multiple criteria problem solving has been nurtured by a close knit group of people whose interactions are not fully captured by the standard journal format this was the conference in which an animated discussion between dave bell and paul schoemaker caused mathilde stephenson to stand up and say don t stop it this is the best part of the conference another sort of moment occurred when lucas pun was asked to explain a certain chinese character in one of his transparencies he replied no alcohol allowed from erick duesing speaking with an historical perspective we had the insight that multiple criteria methods languished because mccarthyism had made planning suspect
