many studies in cognitive psychology have provided evidence of systematic deviations in cognitive task performance relative to that dictated

by optimality rationality or coherency the texts in this volume present an account of research into the cognitive biases observed on various tasks reasoning categorization evaluation and probabilistic and confidence judgments the authors have attempted to discern the contribution of the study of bias to our understanding of the cognitive processes involved in each case rather than proposing an inventory of the different types of biases a special section has been devoted to studies on the correction of biases and cognitive aids

REQUIEM FOR AN EDUCATOR 2014-04

this book compares two countries with striking parallels in economic and political outcomes yet with some distinct features in terms of institutional structures relative size and culture therefore this book forms a fruitful platform for the study of the similarities and differences in the economic and societal development of japan and finland despite their geographic distance from one another and the aforementioned differences both countries experienced rather similar economic and societal development patterns after the second world war the study of these societies both individually and through commonalities will provide a unique perspective on the emergence of modern economies and institutions the book provides comprehensive coverage on issues such as welfare state formation and society security and military spending education system industrial development international trade governmental economic policies energy solutions and bubbles and their collapse thus issues typical for these countries as well as most modern states studied from a longitudinal perspective the book aims to answer a fundamental question in social science why do there seem to be common trends and developmental paths among countries differing in size culture and economic structure this book will provide insights for those seeking to decipher how the developments in their own countries came about and where they may be headed to
