The Century Dictionary and Cyclopedia 1897

this is a casebook on louise erdrich s first novel love medicine which came out in 1984 to instant national acclaim winning a national book circle critics award and launching a tetralogy which it would take erdrich ten years to complete

Louise Erdrich's Love Medicine 2000 this book focuses on the highly touristed but surprisingly under researched lesser antilles region after offering a brief overview of the region s geologic and tectonic history as well as its basic climatology subsequent chapters then discuss each island s or island set s geomorphology and geology and how the settlement history tourism and hazards have affected their individual landscapes written by regional experts and replete with up to date information stunning color imagery and beautiful cartography maps it is the only comprehensive scientific evaluation of the lesser antilles and serves as the region s definitive reference resource accessible to non experts and amateur explorers the book includes in depth discussions and reference sections for each island island set usable as both a textbook and guidebook it offers readers a straightforward yet detailed assessment of an interesting and intriguing but often overlooked and under appreciated locale
