1880

for centuries it was suspected that there must be an undiscovered continent in the southern hemisphere but explorers failed to find one on his second voyage to the pacific captain cook sailed further south than any of his rivals but still failed to sight land it was not until 1820 that the continent s frozen coast was finally sighted territorial rivalry intensified in the 1840s when british american and french expeditions sailed south to chart

further portions of the continent that had come to be called antarctica for the nearly two centuries since the race to claim exclusive possession of antarctica has gripped the imagination of the world antarctica a biography is the first ever major international history of this forbidding continent from the eighteenth century voyages of discovery to the fierce rivalries of today as governments scientists environmentalists and oil companies compete for control on one level it is the story of explorers battling the elements in the most hostile place on earth as they strive for personal triumph commercial gain and national glory on a deeper level it is the story of nations seeking to incorporate the antarctic into their own national stories and to claim its frozen wastes as their own
