Assessment and Documentation in Early Childhood Education 2014-01-21

documentation in early childhood education is typically seen as a means to enhance the quality of care and education and as a way to take account of the child's view assessment and documentation in early childhood education considers the increasing trend towards systematic child documentation especially in early childhood institutions the authors present ways in which assessment and evaluation is done sometimes explicitly but more often implicitly in these practices and

explore its means aims forms and functions they also examine the rationalities of child documentation from the perspective of professional practice and professionalism and suggest that documentation and assessment practices can weaken and constrain but also empower and strengthen teachers children and parents topics explored include different forms of documentation and assessment documentation and listening to the children dilemmas of assessment and documentation participation by children involvement of parents this timely book will be appealing for those studying in the field of early childhood education teacher education special education general education social work counselling psychology sociology childhood studies and family studies

Nursing Documentation 1997-01-01

if these are your concerns i ll never get time to finish my nursing notes is it legal can i use white out can t they make a better form than this how can i record this family set up quickly weren t computers made for clerks not nurses there has to be something wrong with documenting for funding how do you record the pain level of someone who has a dementing illness who walks down critical pathways what happens if a home health record gets lost how can i document my client s spiritual concerns realistically will managed care affect what i write is there a culturally appropriate way to document what is charting by exception how did nurses document before nanda then this book is for you back cover
