help you visualize difficult material and illustrate how a disorder's multiple symptoms, treatments, and side effects relate to each other. Health promotion boxes address wellness and disease prevention, including diet, infection control, and more. Complementary and alternative therapies boxes offer information on how nontraditional treatments for medical/surgical conditions may be used to complement traditional treatment. Cultural considerations promote understanding and sensitivity to various ethnic groups. Nutrition considerations address the need for holistic care and reflect the increased focus on nutrition in the NCLEX examination. Patient teaching boxes provide step-by-step instructions and guidelines for post-hospital care. Home care considerations boxes focus on post-discharge adaptations of medical/surgical nursing care to the home environment. Mental health nursing unit includes information on disorders of anxiety and mood, eating disorders, cognitive disorders, thought and personality disorders, and substance abuse. Disaster management content includes material focusing on preparation and mitigation to avoid losses and reduce the risk of injury associated with both natural and bioterrorist disasters. Nursing care plans with critical thinking questions show how a care plan is developed and how to evaluate care of a patient. Review questions for the NCLEX-PN examination at the end of each chapter include alternate item format questions and help prepare you for class tests and the NCLEX exam. Critical thinking activities at the end of chapters include clinical situations and relevant questions allowing you to hone your critical thinking skills. Unique best practices are highlighted to show the latest evidence-based research related to interventions. Online resources listed at the end of each chapter promote comprehensive patient care based on current national standards and evidence-based practices. Unique icons in page margins point to related animations, video clips, additional content, and related resources on the Evolve site.

LPN/LVN State-approved Schools of Nursing 1999-2000 In this updated edition, Kathryn Neeb continues to squarely address mental health within the scope of practical vocational nursing, emphasizing that LPN/LVNs most commonly care for patients with psychiatric problems in general patient care settings rather than in specialized psychiatric facilities. This targeted approach, along with her accessible, friendly writing style, meets the legal licensing needs for the role of the LPN/LVN, thus making *Fundamentals of Mental Health Nursing* the leader in the LPN educational market.

**Medical-Surgical Nursing** 2013-05-28 This essential first-of-its-kind text for the LPN/LVN to BSN course covers every aspect of role transition to baccalaureate nurse and professional practice.
