**Social Action, Private Choice, and Philanthropy** 1998 standard economic models assume that many small investors own firms this is so in most large u s firms but wealthy individuals or families generally hold controlling blocks in smaller u s firms and in all firms in most other countries given this the lack of theoretical and empirical work on tightly held firms is surprising what corporate governance problems arise in tightly held firms how do these differ from corporate governance problems in widely held firms how do control blocks arise and how are they maintained how does concentrated ownership affect economic growth how should we regulate tightly held firms drawing together leading scholars from law economics and finance this volume examines the economic and legal issues of concentrated ownership and their impact on a shifting global economy

Concentrated Corporate Ownership 2007-12-01 conventional wisdom recommends the superiority of private ownership of enterprises the reality confronts it with a rich diversity in ownership and governance structures this volume examines five types of unorthodox ownership and governance form emerging in the industrial sector across major economies it analyzes two cases to demonstrate that there are alternative ways to harden budget constraints of state owned enterprises it investigates the driving forces behind these evolving dynamics and explores policy implications for developing and transition economies

Ownership and Governance of Enterprises 2003-10-16 the concept of beneficial ownership is frequently called one of the most decisive questions in international tax law despite this fact neither scholars nor courts have found a generally accepted definition this book provides a comprehensive overview of the latest developments concerning the concept of beneficial ownership highly renowned tax experts both from academia and practice analyse the most important decisions recently made by courts around the world moreover the recently published oecd discussion draft on the meaning of beneficial ownership is being taken into account and the meaning of the term beneficial owner used in european tax law in comparison to its meaning in tax treaty law is being assessed the authors not only draw a better picture of the status quo but also enhance the discussion of the future meaning of the term beneficial owner

Beneficial Ownership: Recent Trends 2013 this book uses a case study of a low cost home ownership initiative at the margins of renting and owning provided by social landlords known as shared ownership to challenge everyday assumptions held about the social and the legal in property the authors provide a study of the construction of property ownership from the creation of this idea through to the present day and offer a fresh consideration of key issues surrounding property ownership and the social analysing a diverse range of sources from archives to micro blogs observation of housing providers and interviews with shared owners the authors explain the significance of the things from the formal documents like leases to odd materials like sweet wrappers and cigarette butts commonly found in the narratives around shared ownership which are used to construct it as private ownership in everyday life ultimately they uncover how this dream of ownership can become tarnished when people s identities as owners come under threat and as such these findings will provide fascinating insight into the intricacies of so called home ownership for scholars of law criminology and sociology

**Ownership, Narrative, Things** 2018-05-09 examines the effect of ownership structure and the disclosure of related party transactions on the firm valuation of group affiliated firms in india

Ownership Structure, Related Party Transactions, and Firm Valuation 2019-03-21 the empirical studies presented in this book model the endogeneity by applying the simultaneous equations methodology on the relation of ownership and financial performance as well as on different ownership dimensions themselves its final model comprises a four equations system containing performance general ownership concentration managerial and institutional ownership

Equity Ownership and Performance 2007-05-06 this authoritative book provides a structural global view of evolving judicial and doctrinal trends in the understanding of beneficial ownership in international taxation błażej kuźniacki presents a route towards an international autonomous meaning of beneficial ownership while also offering a comprehensive explanation of the divergent understandings and tax policy arguments underpinning its continuing ambiguity

Absentee Ownership of Farmland 1980 this book explores the concept of beneficial ownership in equity law the domestic tax laws of the united kingdom canada and the united states as well as its varied and increasing uses in international tax law by analysing the evolution of beneficiary rights in equity and the use of beneficial ownership wording in tax law the book draws a roadmap for dealing with beneficial ownership in both national and international tax law this approach highlights those common misconceptions that can be avoided by understanding the origins of the concept and its engagement with equity as well as the differences with tax law however the book does not limit itself to dealing with theoretical discussion but also offers an instructive and detailed practical case study offering both academic commentary and a practitioner focus the book will be of the utmost interest to scholars and practitioners from common and civil law countries dealing with tax and estate law particularly given beneficial ownership s increasing relevance

**Beneficial Ownership in International Taxation** 2022-08-12 in international tax law the term beneficial ownership refers to which parties involved in a cross border transaction are entitled to tax treaty benefits however determining beneficial ownership is a complex and often disputed issue subject to different meanings in different countries archival research on its early use in tax treaties and in the developing oecd model reveals that its meaning has changed dramatically over the decades leading to new interpretations significantly affecting current tax practice and scholarship this book dedicated to establishing how beneficial ownership should ideally be interpreted compares the use and interpretation of beneficial ownership both current and historical in a wide range of national jurisdictions as well as the eu ultimately shedding a clearer light than has heretofore been available on the meaning of the term in her very thorough analysis of the application of beneficial ownership the author touches on such aspects as the following historical development of the beneficial ownership requirement as used in tax treaties and in the oecd model tax convention on income and on capital rules of double taxation conventions application of the oecd s action plan on base erosion and profit shifting beps the problem of so called white income use of the substance over form principle attribution of income rules and the role of agents nominees and conduit companies specific analysis of the use and interpretation of beneficial ownership in a domestic law and treaty context in numerous jurisdictions with particular emphasis on the united kingdom australia the united states and germany is a major feature of the presentation as a thorough guide to determining whether a person claiming tax treaty benefits is the true owner and which parties are excluded from treaty benefits and to what extent this book will be of immeasurable value to

lawyers tax authorities policymakers and other professionals working with taxable international transactions of any kind

**Beneficial Ownership in Tax Law and Tax Treaties** 2020-05-28 albania land ownership and agricultural laws handbook strategic information and basicl regulations

**Beneficial Ownership in International Tax Law** 2016-06-07 nepal land ownership and agricultural laws handbook strategic information and basicl regulations

Albania Land Ownership and Agricultural Laws Handbook Volume 1 Strategic Information, Land Ownership, Reforms and Regulations 2009-04-04 this book explores the meaning of local ownership in peacebuilding and examines the ways in which it has been and could be operationalized in post conflict environments in the context of post conflict peacebuilding the idea of local ownership is based upon the premise that no peace process is sustainable in the absence of a meaningful degree of local involvement despite growing recognition of the importance of local ownership however relatively little attention has been paid to specifying what precisely the concept means or how it might be implemented this volume contributes to the ongoing debate on the future of liberal peacebuilding through a critical investigation of the notion of local ownership and challenges conventional assumptions about who the relevant locals are and what they are expected to own drawing on case studies from bosnia afghanistan and haiti the text argues that local ownership can only be fostered through a long term consensus building process which involves all levels of the conflict affected society this book will be of great interest to students of peacebuilding peace and conflict studies development studies security studies and ir

*The Quality of the Legal System, Firm Ownership, and Firm Size* 2009-04-04 winner of the myrdal prize for evolutionary political economy the last few years have seen the spectacular failure of market fundamentalism in europe and the us with a seemingly never ending spate of corporate scandals and financial crises as the environmental limits and socially destructive tendencies of the current profit driven economic model become daily more self evident there is a growing demand for a fairer economic alternative as evidenced by the mounting campaigns against global finance and the politics of austerity reclaiming public ownership tackles these issues head on going beyond traditional leftist arguments about the relative merits of free markets and central planning to present a radical new conception of public ownership framed around economic democracy and public participation in economic decision making cumbers argues that a reconstituted public ownership is central to the creation of a more just and sustainable society this book is a timely reconsideration of a long standing but essential topic

**Nepal Land Ownership and Agricultural Laws Handbook Volume 1 Strategic Information and Important Regulations** 2001 a thorough investigation of financial market integration in europe

*Agency Conflicts, Ownership Concentration and Legal Shareholder Protection* 1979 china has done much to reform its price system achieve macroeconomic stability and restore growth nevertheless price distortions remain in three key areas this study suggests further price reforms for the energy grain and transport sectors it explains why energy price adjustments should have only a modest effect on consumer prices but a highly positive effect on the economy it discusses why china may have to reduce consumer subsidies to achieve the necessary reforms for grain prices the study describes what the government must do to strengthen commodity markets generate competition and make allowances for seasonal price

variations china's transport sector has been a critical development bottleneck the paper reviews tariff adjustments and other reforms that would modernize the transport system and help it meet growing demand these reforms also would encourage energy conservation and help integrate the national economy

*S. 388, the Small Business Employee Ownership Act* 2012-10-02 this is the first book length account of the controversy preceding and following the apa's decision in 1986 to include a premenstrually related diagnosis in its revised diagnostic manual dsm iii r figert examines why the decision was controversial and consequential in three main domains where people their interests and claims to ownership coincide the health and mental health domain the woman domain and the science domain

*Peacebuilding and Local Ownership* 2012-09-13 successful ownership transition requires effective decision making at the top engaged ownership is the definitive owner's guide to the family enterprise whether you're taking over a family business family office or trust this book shows you how to work effectively with the management and board to keep the enterprise moving in the right direction the first guide of its kind written from the owner's perspective this book is designed to help owners who are truly committed to growing all forms of capital be successful in their role you'll learn the time tested process that helps you unstick decision making become engaged and effective and manage the transfer from owner control to shared ownership while minimizing risk improve communication and relationships with the board and ensure that every stakeholder understands your strategies and vision for the future you'll allay the fears that frequently accompany ownership transfers and inspire a sense of teamwork that leads to sustainable success generation after generation as the baby boomers retire business founders and entrepreneurs worldwide are transferring ownership of privately held enterprises to their children in record numbers it can be a complex and difficult to navigate time for everyone involved this book helps you smooth the way to a successful transition and transcend the owner's traditionally passive role learn to work effectively with management and the board get everyone on the same page in terms of vision and direction build relationships that lead to forward thinking decision making succeed in the ownership role by bringing your expertise to the fore ownership transfer often triggers a radical change in family enterprise and if poorly managed can turn a business in the wrong direction engaged ownership shows you how to build a dynamic and effective partnership with trustees board and management and become a successful steward of the family's financial human social and operational capital

**Reclaiming Public Ownership** 2005-10-13 despite the influence corporations wield over all aspects of everyday life there has been a remarkable absence of critical inquiry into the social constitution of this power in analysing the complex relationship between corporate power and the widespread phenomenon of share ownership this book seeks to map and define the nature of resistance and domination in contemporary capitalism drawing on a marxist informed framework this book reconnects the social constitution of corporate power and changing forms of shareholder activism in contrast to other texts that deal with corporate governance this study examines a diverse and comprehensive set of themes from socially responsible investing to labour led shareholder activism and its limitations through this ambitious and critical study author susanne soederberg demonstrates how the corporate governance doctrine represents an inherent feature of neoliberal rule effectively disembedding and depoliticising relations of domination and resistance from the wider power and paradoxes of capitalism examining

corporate governance and shareholder activism in a number of different contexts that include the united states and the global south this important book will be of interest to students and scholars of international political economy international relations and development studies it will also be of relevance to a wider range of disciplines including finance economics and business and management studies winner of the davidson studies in political economy award

**The Internationalisation of Asset Ownership in Europe** 1993-01-01 this edited volume empirically examines key theoretical and practical issues relevant to the promotion of local ownership in contemporary international peacebuilding this book attempts to provide comprehensive understanding of the issue of local ownership in international peacebuilding by providing an empirical analysis of nine case studies the volume aims to supplement contemporary academic discussions on local ownership which have thus far mainly focused on its normative or theoretical dimensions the case studies included here examine the peace operations in a wide range of countries afghanistan bosnia herzegovina cambodia cyprus kenya uganda sierra leone south sudan and sri lanka the book seeks to address the weaknesses of conventional studies by empirical review of the achievements and limitations of previous attempts to promote local ownership examination of the key concepts of local ownership and analysis of structural and practical challenges the volume concludes by presenting practical proposals for addressing the limitations of contemporary local ownership promotion through these means the book aims to explore a key research question from both theoretical and empirical perspectives how can international peacebuilding facilitate effective active local community participation this volume will be of much interest to students of peacebuilding development studies global governance peace and conflict studies security studies and ir

*Borrower Ownership of Adjustment Programs and the Political Economy of Reform* 2017-09-04 psychological ownership as a phenomenon and construct attracts an increasing number of scholars in a variety of fields this volume presents a comprehensive and up to date review of the psychological ownership literature with particular attention paid to the theory research evidence and comments on managerial applications the authors address key elements that examine an employee s ownership feelings for his or her employing organization the chapters address among others the following themes the meaning of psychological ownership the genesis of ownership feelings the experiences and paths down which people travel that give rise to experiences of ownership and the consequences the personal and work outcomes that stem from the sense of ownership while the majority of the book is focused on feelings of ownership that exist at the individual level the authors introduce the construct of collective psychological ownership as well this work acknowledges that teamwork has become increasingly commonplace in organizations and that like individuals teams can come to a collective sense of ownership for a variety of targets within their work environment the book closes by drawing upon the existing science of psychological ownership to provide a perspective on its applied managerial implications this book will make a noteworthy addition to scholars libraries university libraries will also value it among their collections students of organizational psychology management organizational behavior sociology and communication and their professors will find much of interest here

*Women and the Ownership of PMS* 2015-11-30 employees helps improve lives and creates a more dynamic economy throughout the book the authors analyze and demonstrate how models of shared ownership can serve as building blocks towards shared prosperity and help counter

the growing income disparity faced by many nations iteso iteso universidad

**Engaged Ownership** 2009-09-14 using data from an extensive study of employee owned companies in ohio where employee ownership is a well developed trend this book offers a strong empirical portrait of firms with employee stock ownership plans esops it describes how these plans work and places their emergence and change in a historical context john logue and jacquelyn yates examine firms that have succeeded in employee ownership and those with failed plans some companies they find are committed to the concept of employee ownership and others merely use esops as a financing tool detailed information resulting from multiple surveys allows the authors to draw well grounded conclusions regarding the question of why some employee owned firms outperform others the bottom line they find is that employee owned firms that do it all implementing features such as employee participation and communication about finances training and cultural change systematically outperform their conventional competitors they also have an advantage over firms that understand employee ownership incompletely if it all and yet claim to adopt its methods

**Corporate Power and Ownership in Contemporary Capitalism** 2015-04-24 the governance of companies is of importance to developing countries due to the link between effective corporate governance and economic development ownership and control of public companies except in the us and uk is often in the hands of a few individuals families or corporate groups and impact on corporate governance and economic development using sri lanka as an illustrative example corporate ownership and control sets out the implications of corporate ownership and control structures on the governance of companies and suggests a reform agenda to meet the challenges posed by such structures any analysis into the reform of corporate governance in developing countries should begin with a focus on the local market structures that define its adaptation and effectiveness the issues explored in the book provide an insight into ownership and control structures in sri lanka the costs and benefits of such structures and the necessary reform framework to promote effective corporate governance the analysis can be used to both understand the impact of ownership structures on corporate governance and suggest how corporate governance issues arising from such structures should be resolved in order to promote economic development and growth

*Local Ownership in International Peacebuilding* 1981 geneva centre for the democratic control of armed forces dcaf cover

**Land Ownership Patterns and Their Impacts on Appalachian Communities** 1978 in context of ongoing transformations in housing markets and socioeconomic conditions this book focuses on past current and future roles of home ownership in social policies and welfare practices it considers owner occupied housing in terms of diverse meanings and manifestations but in particular the part played by housing tenure in the political socioeconomic and demographic changes that have characterized the pre and post crisis era the intensified promotion of home ownership in recent decades helped stimulate an increasing orientation towards the private consumption of housing not only as a home but also an asset or possibly speculative vehicle that enhances household economic capacity and can be transferred to children or other family or even exchanged for other goods the latest global financial crisis however made it clear that owner occupied housing markets and mortgage sectors have become deeply embedded in networks of socioeconomic interdependency and risk this collection engages with numerous debates on housing and society in a range of developed

societies from north america to asia pacific to north south east and west europe interdisciplinary contributors draw upon diverse empirical data to explore how housing and home ownership has become so embedded in polity economy and household welfare conditions in various social and cultural contexts another concern is what lies beyond home ownership considering the integration of housing systems with economic growth and social stability appears to be unravelling this volume speaks to public debates concerning the future of housing markets policy and tenure providing deep and provocative insights for academics students and professionals alike

*Small Business and Capital Ownership Development Act of 1978* 1993 this volume is an examination of the origins characteristics and performance of employee owned firms it focuses on firms that have converted to either partial or full employee ownership using recent institutional fiscal and legal innovations based on five years of empirical research this is a topical contribution to recent debates on the challenging nature of employment

*Conflict of Interest, Protection of Public Ownership, in Drug Development Deals Between Tax-exempt, Federally Supported Labs and the Pharmaceutical Industry* 1980 the investor owned corporation is the conventional form for structuring large scale enterprise in market economies but it is not the only one even in the united states noncapitalist firms play a vital role in many sectors employee owned firms have long been prominent in the service professions law accounting investment banking medicine and are becoming increasingly important in other industries the buyout of united airlines by its employees is the most conspicuous recent instance farmer owned produce cooperatives dominate the market for most basic agricultural commodities consumer owned utilities provide electricity to one out of eight households key firms such as mastercard associated press and ace hardware are service and supply cooperatives owned by local businesses occupant owned condominiums and cooperatives are rapidly displacing investor owned rental housing mutual companies owned by their policyholders sell half of all life insurance and one quarter of all property and liability insurance and nonprofit firms which have no owners at all account for 90 percent of all nongovernmental schools and colleges two thirds of all hospitals half of all day care centers and one quarter of all nursing homes henry hansmann explores the reasons for this diverse pattern of ownership he explains why different industries and different national economies exhibit different distributions of ownership forms the key to the success of a particular form he shows depends on the balance between the costs of contracting in the market and the costs of ownership and he examines how this balance is affected by history and by the legal and regulatory framework within which firms are organized with noncapitalist firms now playing an expanding role in the former socialist countries of eastern europe and asia as well as in the developed market economies of the west the ownership of enterprise will be an important book for business people policymakers and scholars

**Appalachian Land Ownership Study: North Carolina** 2011 employee ownership through esops implications for the public corporation summarizes the large body of literature on employee stock ownership plans esops and the phenomenon of employee ownership the author has discovered and reviewed over 700 articles on the subject in academic and professional journals of business labor law and social science since 1973 the study is divided into four parts the first part examines law public policy and regulation the status of esops in the publicly held corporation corporate uses and labor management roles the impact of the esop on labor

management cooperation and the economic performance of firms and the future of employee ownership the second part presents selected case studies which illustrate the range of corporate uses and benefits to workers and the difficult issues these raise the third part presents abstracts of articles or books that are central to understanding the major findings and implications of employee ownership and gaining an ordered introduction to the field the fourth part includes references to these abstracted materials and to the subjects discussed in the first and second sections this study emphasizes the significance of employee ownership to corporate officers middle managers union officials and or local labor representatives and employee leaders who are associated with a publicly held company

Psychological Ownership and the Organizational Context 2023-11-29 this book provides the first comprehensive analysis of unbundling and in particular ownership unbundling policies from the perspective of international economic law it does so by focusing on the prominent example of the eu s energy sector and its third energy package unbundling has become an increasingly crucial competition instrument in network bound industries worldwide it is designed to ensure access to bottleneck infrastructures on fair and non discriminatory terms and thus to suppress the anti competitive potential deriving from vertical integration in natural monopoly situations while promoting important public policy objectives unbundling policies have also raised a number of legal issues this book analyzes how international economic law limits the adoption and maintenance of unbundling and related measures and also outlines how international trade law can play a positive role in this field as a result it provides a valuable reference for academics practitioners and policy makers

**Employee Ownership In the Americas. A path to shared prosperity** 2018-09-05 originally published between 1961 and 1994 the volumes in this set sit equally comfortably in sociology and geography as well as housing studies even though they were published some years ago their content continues to offer critical engagement with an evolving policy agenda which is even more important in a time of crisis and deeper polarization both nationally and globally as a result of the pandemic they provide a comprehensive political economic analysis of the historical origins and 20th century experience of 19th and 20th century housing tenure in the uk france germany the former ussr israel denmark sweden hungary puerto rico and the usa discuss landlord tenant relations and the neglect of particular disadvantaged groups such as the elderly the single homeless and those in low income groups examine the balance between rehabilitation and redevelopment and the rise and fall of the high rise flat cover issues such as rent rent controls subsidies and urban renewal look at the implications of selling council houses and evaluate the impact of the growth of home ownership in the uk address the practical and political difficulties of devising measures which meet policy objectives
