## The Making and the Unmaking of a Dullard

1994

from the acclaimed globalization critic a far reaching analysis of america s military economic and political vulnerability the empire seems unassailable but the empire is weak and precisely because of its imperial ambitions so argues walden bello s provocative new book which systematically dissects the strategic economic and political dilemmas confronting america as a consequence of its quest for global domination an award winning development expert bello shows how despite the enormity of the u s defense budget american forces are already overextended a condition bound to intensify as each local victory breeds simmering resistance and new confrontation he points to the empire s looming economic breakdown the result of its gargantuan military costs record breaking deficits and exploitative trade and investment relations with developing countries on the political front he warns of the bitter disillusionment mounting around the world in response to america s failure to champion liberal democracy

everywhere america goes crony capitalism hostile coercion and gross inequalities in income eat away at expectations of justice and inclusion a clear and prophetic examination dilemmas of domination reveals a not too distant future in which the empire s hidden weaknesses will yield fatal challenges to american supremacy
