## **The Rise of Modern China 1983**

the third edition of this outstanding textbook vividly describes china s extraordinary metamorphosis from a traditional self sufficient empire into a modern nation professor hsü surveys the main currents of modern chinese history from 1600 to the present focusing throughout on the forces that shaped china s political diplomatic intellectual social and economic history completely revised and up to date the text now devotes considerable coverage to the period from 1949 to 1981 and includes an entirely new section on china since the death of mao

## ***Modern China in Transition 1995***

now available in a new updated edition this groundbreaking book on post mao china written by the distinguished asian scholar immanuel c y hs u explores the astonishing transformation that has occurred there since mao zedong s death in 1976 china s leaders have launched an ambitious modernization program aimed at making their nation a relatively prosperous socialist state by the year 2000 along with the first edition s examination of the

smashing of the gang of four the evolution of a new order under deng xiaoping the manner and costs of modernization the normalization of relations with the united states and the prospects for reunification with taiwan the second edition offers an insider s view into china s policies of accelerated economic development and opening to the outside world adopted at a december 1978 party conference focusing on the cultural impact of these policies hs u candidly reveals both the improved standard of living and the serious fundamental problems including high inflation widespread corruption crises in leadership loss of faith in communism and especially the recent student protests resulting from these recent developments the new edition also includes a postscript which takes into account the causes and consequences of the tian an men square massacre in june of 1989

## **The Rise of Modern China 1977**

this book explores the cultural bridges connecting george bernard shaw and his contemporaries such as charles dickens and arthur miller to china analyzing readings adaptations and connections of shaw in china through the lens of chinese culture li details the

negotiations between the focused and culturally specific standpoints of eastern and western culture while also investigating the simultaneously diffused multi focal and comprehensive perspectives that create strategic moments that favor cross cultural readings with sources ranging from shaw s connections with his contemporaries in china to contemporary chinese films and interpretations of shaw in the digital space li relates the global impact of not only what chinese lenses can reveal about shaw s world but how intercultural and interdisciplinary readings can shed new light on familiar and obscure works alike

## **The Rise of Modern China 1970**

in the first half of the twentieth century china moved from a millennium of imperial rule to the communist party led people s republic of china which remains today china in transformation argues that this enormously significant period in chinese history saw wrenching change throughout chinese society amounting to a social cultural and political transformation this new fully revised and updated edition takes full advantage of new research and formerly unavailable material to analyse the fascinating processes of

## **Readings in Modern Chinese History 1971**

extensively revised and updated this popular text conveys the drama of china s struggle to modernize against the backdrop of a proud and difficult history spanning the years from china s

humiliating defeat in the opium wars to its triumphant hosting of the 2008 summer olympics the authors narrate the major developments of that journey the breakdown of imperial china in the face of japanese and western encroachments sun yatsen and the founding of the chinese republic the early struggles between the ideologies and armies of chiang kai shek and mao zedong china s bitter and costly war with japan the final shootout that sent chiang to taiwan and mao to beijing the turbulent first decades of the people s republic and the dramatic shift to a globalizing economic strategy this edition features all new analysis of issues facing china s leaders today including environmental challenges rural economic developments corruption the current economic climate china s relations with its neighbors and the united states the latest tibet crisis and the reelection of hu jintao the authors have also incorporated some of the latest scholarship on chinese historical events making this the best and most up to date brief text on modern china currently available

## **Bernard Shaw's Bridges to Chinese Culture**

## ***2016-11-10***

this critical multi volume edition of mao s writings is an indispensable guide to post 1949 chinese politics and an invaluable research tool for anyone seeking to understand communist rule in china

## ***Modern China 1965***

this is a study of the long run evolution of the relationship between china and the world economy the book presents an original interpretation of the country s socio economic processes in the past 150 years focusing on china s interaction with the expanding capitalist world economy the author argues that the general thrust of china s quest for development or modernization has been to catch up with the wealthy nations of the west and goes on to explain the changing paths and outcomes the book proceeds chronologically from china s mid nineteenth century incorporation to the world economy starting from a semi colonial state to the maoist state led industrialization after 1949 and to the post mao liberalization and reintegration by carefully examining the patterns

of development in these three major periods of the nation's history it addresses fundamental issues pertaining to the making of modern china this rigorously argued book will be a timely and much debated contribution as the rise of china in the twenty first century has become an issue of our time

## **China in Transformation 2014-06-11**

this book first published in 2001 uses key oral histories to confirm and explain the professional and private lives of post 1949 chinese intellectuals through the focal point of chen renbing a man personally criticised by mao zedong intellectuals have faced unique perils in modern chinese history thousands of whom were targeted by mao mao's prey provides invaluable insight into their experiences and fates

## **□□□ 2015-05-31**

this innovative interdisciplinary introduction to east asian politics uses a thematic approach to describe the political development of china japan and koreas since the mid nineteenth century and analyze the social cultural political and economic features of each

country unlike standard comparative politics texts which often lack a unifying theme and employ western conventions of the state political systems of east asia avoids these limitations and identifies a common thread running through the histories of china korea and japan this common thread is confucianism which has shaped east asian perspectives of the universe and how it operates the text describes and explains the ways in which each country has employed this shared tradition and how it has affected the country s internal dynamics responses to the outside world and its own political development

## Ma Xiangbo and the Mind of Modern China

1840-1939 1996

in the 1980s there was a wave of introducing western thoughts in the academia of mainland china the significance of this movement is regarded by some chinese scholars as another enlightenment since the may 4th movement 1919 in this movement there was a small group of chinese scholars who thought that subtle interaction between christian thought and western culture and academic should be noticed the aim of this book is at reporting this academic

movement which is still active and dynamic today this book includes 22 essays written by authors from mainland china and overseas who may be intra or extra ecclesia but all of them are prominent in their respective geographical and academic area this is the first book introducing to the english speaking world the origin and development of sino christian studies and sino christian theology systematically

## **Routledge Library Editions: China Under Mao**

### ***2020-10-12***

this book seeks to demystify the re ascendancy of china as a civilization state china s politics and society are examined in the light of its living civilization which is the only one of the ancient civilizations that has survived to this day the book also contrasts china s development with that of the west and japan by combining the impact of internal political and socio economic developments in china and its external relations from the silk routes the tribute system to the modern day it unravels the existing myths puzzles and paradoxes surrounding china and questions the adequacy of most of the western political theories such as realism in

international relations in an attempt to explicate china's re-emergence as a world power it attempts to tackle squarely the question is china a threat to world order the book traces the rationale for contemporary developments in china to the roots in the country's tradition as well as foreign influences and seeks to unravel the puzzle about the unique china model that defies conventional thinking in political economy with its sustained and incredibly rapid economic growth over the past three decades this study on china's second rise provides a broad background that includes a meaningful scrutiny of the country's behavior during its first rise 713 1820 and beyond in comparing china's ongoing second rise with its first ascent the book not only refocuses on and reinterprets the example set during its first rise but also takes into account the crucial lessons it learned during its century in eclipse in the interregnum for the effects they have on the country's current orientation and behavior the book follows an interdisciplinary approach combining the cultural intellectual historical normative ideological and social scientific perspectives to lend a more solid grasp of the present day china it ends with an educated speculation based on the foregoing analyses on the contours of a pax sinica that is likely to result from the impact of

china s second rise as a world power

## Modernization and Revolution in China

*2015-05-18*

this collection offers fresh perspectives on sino western cultural relations with particular regard to the experience of christianity in china the contributors include authorities from china including hong kong and taiwan europe including russia and eastern europe and north america

□□□□□□□□ 1989

china is on the rise in the globalized world the relationship between china and the united states has become the most important global issue in the twenty first century it is urgent to understand what is happening in china and where china is heading however there are many misconceptions about china in the west which affect westerners ability to objectively understand china and ultimately influence the making of foreign policy toward china the author attempts to challenge the misconceptions coming from both

western societies and china and offer an integrated picture of contemporary china through systematically examining the major aspects of contemporary chinese society and culture with the most recent data and presents convincing arguments in eighteen chapters for spurring mutual understanding between china and the west the author intends this book to be an interdisciplinary and comprehensive guide to china for a general audience and it covers a wide variety of topics including history family population chinese women economy environmental issues politics religion media u s china relations and other subjects this book demonstrates the author s extensive research and thoughtful examination of many sides of controversial issues related to china with a nice balance of western and chinese scholarship this is one of the few that are authored by scholars who originate from china and have their professional career in the united states but it is distinctive from the rest of studies on this subject in that the author is committed to examining today s china from chinese as well as western perspectives this is not only a scholarly book but also is suitable for general classes on china

## ***The Writings of Mao Zedong, 1949-1976:***

### ***September 1945 - December 1955 1986***

for more than twenty years after the communist revolution in 1949 china and most of the western world had no diplomats in each others capitals and no direct way to communicate then in july 1971 henry kissinger arrived secretly in beijing on a mission which quickly led to the reopening of relations between china and the west and changed the course of post war history for the past forty years kissinger has maintained close relations with successive generations of chinese leaders and has probably been more intimately connected with china at the highest level than any other western figure this book distils his unique experience and long study of the middle kingdom examining china s history from the classical era to the present day and explaining why it has taken the extraordinary course that it has the book concentrates on the decades since 1949 presenting brilliantly drawn portraits of mao zedong zhou enlai deng xiaoping and other chinese leaders and reproducing verbatim kissinger s conversations with each of them but kissinger s eye rarely leaves the long continuum of chinese

history he describes the essence of china s approach to diplomacy strategy and negotiation and the remarkable ways in which communist era statesmen have drawn on methods honed over millennia at the end of the book kissinger reflects on these attitudes for our own era of economic interdependence and an uncertain future on china is written with great authority complete accessibility and with many wider reflections on statecraft and diplomacy distilled from years of experience at a moment when the rest of the world is thinking about china more than ever before this timely book offers insights that no other can

## **China and the Global Economy Since 1840**

***2016-04-30***

ever since the death of mao china has undergone a transformation almost as radical as the communist revolution that mao instigated this book tells the stories of the many difficult economic political and social struggles that have taken place in post maoist china using both chinese and non chinese sources alfred k ho unravels the complexities of life in china during the past generation as ho explains contemporary chinese are seeking to find solutions to their

problems that reflect their own cultural values as such reform in china cannot be seen solely as an effort to emulate the west especially the free market and democratic united states rather ho places current efforts at reform as part of a prolonged and continual process by chinese to deal with their internal problems as well as the challenges and opportunities they face as a result of greater contact with the outside world

## ***Mao's Prey 2018-09-18***

this is a study of the circuit intendant or taotai under the ching particularly the shanghai taotai it examines the institutional and historical settings within which the taotai operated and traces the development of the shanghai taotai office from 1730 through the nineteenth century the focus of investigation is in examining the adjustment of functions and responsibilities of the taotai and his changing role in the post opium war era particularly in the contexts of foreign relations modernisation and local politics central to the author s interpretation is the concept of linkage man or linkage position the shanghai taotai as a linkage man provides vital connection and channel of communication and interaction between two or more separate worlds or value systems and often works as a conflict manager

## **On China 2011-05-17**

a rusa 2007 outstanding reference title the encyclopedia of the developing world is a comprehensive work on the historical and current status of developing countries containing more than 750

entries the encyclopedia encompasses primarily the years since 1945 and defines development broadly addressing not only economics but also civil society and social progress entries cover the most important theories and measurements of development relate historical events movements and concepts to development both internationally and regionally where applicable examine the contributions of the most important persons and organizations and detail the progress made within geographic regions and by individual countries

## **China's Reforms and Reformers**

***2004-04-30***

each of them is one in a million they number six thousand on a planet of six billion they run our governments our largest corporations the powerhouses of international finance the media world religions and from the shadows the world s most dangerous criminal and terrorist organizations they are the global superclass and they are shaping the history of our time today s superclass has achieved unprecedented levels of wealth and power they have globalized more rapidly than any other group but do they have

more in common with one another than with their own countrymen as nationalist critics have argued they control globalization more than anyone else but has their influence fed the growing economic and social inequity that divides the world what happens behind closeddoor meetings in davos or aboard corporate jets at 41 000 feet conspiracy or collaboration deal making or idle self indulgence what does the rise of asia and latin america mean for the conventional wisdom that shapes our destinies who sets the rules for a group that operates beyond national laws drawn from scores of exclusive interviews and extensive original reporting superclass answers all of these questions and more it draws back the curtain on a privileged society that most of us know little about even though it profoundly affects our everyday lives it is the first in depth examination of the connections between the global communities of leaders who are at the helm of every major enterprise on the planet and control its greatest wealth and it is an unprecedented examination of the trends within the superclass which are likely to alter our politics our institutions and the shape of the world in which we live

## *The Cambridge history of China 1980*

china is today regarded as a major player in world politics with growing expectations for it to do more to address global challenges yet relatively little is known about how it sees itself as a great power and understands its obligations to the world in china s global identity hoo tiang boon embarks on the first sustained study of china s great power identity focus is drawn to china s positioning of itself as a responsible power and the underestimated role played by the united states in shaping this face in 1995 president bill clinton notably called for china to become a responsible great power one that integrates itself into existing international institutions and becomes a leader in solving global problems chinese leaders were at that time already debating their future course and obligations to the world hoo examines this ongoing internal debate through chinese sources and reveals the underestimated role that the united states has in this dialogue unraveling the big power politics history events and ideas behind the emergence and evolution of china s great power identity the book provides fresh insights into the real world issues of how china might use its power as it grows the question of china s role as a responsible power has

real world implications for its diplomacy and trajectory as well as the responses of states adjusting to these shifts the book offers a new lens for scholars policy professionals diplomats and students in the fields of international relations and asian affairs to make sense of china s rise and its impact on america and global order

## **Area Bibliography of China 1997**

as the major geopolitical power bloc asia with 4 billion people two thirds of the world s population a huge land mass and the fastest growing economies has shifted the global political balance empires at war gives a dramatic narrative account of how modern asia came into being ranging over the whole of asia from japan to pakistan the modern history of this important region is placed in the context of the struggle between america and the soviet union francis pike shows that america s domination of post war asia was a continuation of a 100 year competition for power in the region he also argues cogently that contrary to the largely western centric viewpoint asian nations were not simply the passive and biddable entities of the superpowers but had a political development which was both separate and unique with a dynamic that was largely

independent of the superpower conflict and in conclusion the book traces the unwinding of american influence and the end of its empire a crucial development in international history which is already having repercussions throughout the world

## **China's Maritime Ambitions and the PLA**

**Navy 2012-10-31**

one of the most creative and brilliant episodes in modern chinese history the cultural and literary flowering that takes the name of the may fourth movement is the subject of this comprehensive and insightful book this is the first study of modern chinese literature that shows how china s confucian traditions were combined with western influences to create a literature of new values and consciousness for the chinese people

## **Chinese American Masculinities**

***2020-04-03***

based on archival research this is a history of the russo chinese border which examines russia s expansion into the asian heartland

during the decades of chinese decline and the 20th century  
paradox of russia s inability to sustain political and economic sway  
over its domains

□□□□□□ *2014-03-10*

in this ground breaking study hsiao ting lin demonstrates that the  
chinese frontier was the subject neither of concerted aggression on  
the part of a centralized and indoctrinated chinese government nor  
of an ideologically driven nationalist ethnopolitics instead nationalist  
sovereignty over tibet and other border regions was the result of  
rhetorical grandstanding by chiang kai shek and his regime tibet  
and nationalist china s frontier makes a crucial contribution to the  
understanding of past and present china tibet relations a  
counterpoint to erroneous historical assumptions this book will  
change the way tibetologists and modern chinese historians frame  
future studies of the region
