It col george armstrong custer died at the hands of native  
americans by the banks of the little big horn in montana 25th  
june 1876 this is an established undisputed fact what is  
disputed is the real reason that he died so forget all you have  
been indoctrinated to believe and begin to learn the truth  
george custer was an anathema to his superiors but the  
populace loved him if he were to stand for president in the  
coming elections there was a strong possibility that he would  
win neither william t sherman nor little phil sheridan could  
allow that to happen thus they conspired to put custer in a  
position in the field where the opposing sioux and cheyenne  
were stronger and could deliver the coup de gras the first of  
two volumes to deal with the circumstances that arose  
leading the native americans on a collision course with the  
us army that fateful day and the death of a national hero  
subsequently the conspiracy is uncovered and shows how  
these men used their powers and positions and so deftly  
covered their tracks perhaps but not quite 30 years of  
diligent research has uncovered the truth in this ground  
breaking history unmissable and shocking dare you not read
