the idea of holding a colloquium on schmidt telescopes techniques and science originated from the observation that in the last ten years and in spite of the remarkable developments and achievements in this field of astronomical research there had been no specific opportunity for the experts to meet together make the point on the state of the art discuss and coordinate future plans therefore prof l rosino one of the pioneers in the use of wide field telescopes driven also by the wish of honouring the over four decades of activity of the asiago observatory proposed to the executive committee of the international astronomical union to sponsor a colloquium on astronomy with schmidt type telescopes i to be held at asiago at the end of the summer of 1983 details about the composition of the scientific organizing committee and the sponsoring organizations

are given in prof rosino s welcome to the participants the granting of this proposal was the beginning of a number of headaches for the members of the local organizing committee r barbon f ciatti p rafanelli and myself if organizationwise the colloquium was successful this is truly due to the generous efforts of my colleagues of the soc and to the efficient organization of the linta park the hotel hosting the meeting
