this story is based on a true love story that spanned almost two decades the names and places have been changed to protect the privacy of the individuals involved in this affair the chronological sequence of events has been maintained for continuity all the stories and experiences are based on facts this book is about a love story that was kept secret for 18 years and perhaps shouldve remained a secret the first book related to this love story was a book of poems entitled somewhere sometime somehow love poems and short stories published in 2008 by this author and xlibris for the perceptive reader of this book one can trace the ups and downs of our love relationship these 18 years were filled with robust love and passion for each other perhaps it was fantasy perhaps it was the most real thing we will ever experience the heartbreaking part of this love affair is that i am not really sure my lover ever really understood or appreciated my profound and unconditional love for her i opened my heart to her through poetry and thoughtful letters but she rarely showed me what was in her heart perhaps it was a one sided love affair but i surely think and hope not i was convinced that she truly loved me through her words and actions at least i experienced a pure love that i had only dreamed was possible the story is told mainly through the exchange of letters and emails to each other perhaps readers can experience and hopefully feel the deep love we felt for each other

the mystical path is the most intoxicating and paradoxical difficult and even dangerous journey one can ever take fragments of a love story is a series of personal writings describing the passionate love heartache and confusion that belong to this journey in particular llewellyn v Vaughan lee explores what for him is a central paradox what belongs to the

individual the i who makes the journey and what belongs to god whose journey really is it he discusses this primary mystical question from his own experiences of 40 years travelling the mystical path within the context of the sufi tradition some of these passages are very personal heartfelt full of contradictions and difficulties he has experienced other passages are more objective more detached placing his experiences and questions clearly within this ancient mystical tradition in this way he shows how the sufi path is lived today by a contemporary mystic fragments of a love story takes the reader beneath the surface into the heart of the mystical relationship with the divine which for the sufi is the relationship of lover and beloved he describes how this secret love affair is within the heart of each of us waiting to come alive unique to each of us and yet how confusing it can be especially for our rational western consciousness this book is about the story of the soul and the passion that exists within the core of our being and how demanding and difficult it is to live this love affair but it also describes the beauty wonder and power of the divine love that awakens within the heart a love that is within each of us llewellyn vaughan lee is a sufi teacher and author and these writings come from his own experience of the sufi path

in a memoir by turns moving tragic and hilarious jerry lewis recounts with crystal clarity every step of his fifty year friendship with dean martin they were the unlikeliest of pairs a handsome crooner and a skinny monkey an italian from steubenville ohio and a jew from newark n j before they teamed up dean martin seemed destined for a mediocre career as a nightclub singer and jerry lewis was dressing up as carmen miranda and miming records on stage but the moment they got together something clicked something miraculous and audiences saw it at once before long they were as big as elvis or the beatles would be after them creating hysteria wherever they went and grabbing an unprecedented hold over every entertainment outlet of the era radio television movies stage shows and nightclubs martin and lewis were a national craze an american institution the millions flowed in seemingly without end and then on july 24 1956 ten years after it all started it ended suddenly after that traumatic day the two wouldn't speak again for twenty years and while both went on to forge triumphant individual careers martin as a movie and television star recording artist and nightclub luminary and charter member of the rat pack lewis as the groundbreaking writer producer director and star of a series of hugely successful movie comedies their parting left a hole in the national psyche as well as in each man's heart in dean me lewis makes a convincing case for martin as one of the great and most underrated comic talents of our era but what comes across most powerfully in this definitive memoir is the depth of love lewis felt for his partner and which his partner felt for him truly a love to last for all time
