symbols summary and analysis in 2005 my wife jan and i moved into a condo along the shores of lake washington even
though i had served as president of seattle pacific university back in the 1970s i was unknown on the streets of the resort
like village of kirkland washington each morning molly our maltese puppy and i went across the street for her potty break
and exercise soon with molly as the introducer i discovered a new world where strangers became friends through the
connection of our dogs later after two back surgeries jan joined us on our daily walk down the street through the village and
around the park by using a doggie stroller as a substitute for a walker the sight of the three of us walking down the street
with molly peering forward from her seat at the helm of the stroller became a phenomenon of its own on the streets of
kirkland together we walked through an open door of learning and found that friendship based upon listening caring and
giving is a grace that god reserves for plain people who walk daily and serve joyfully in common places in the twentieth
century as previously excluded groups including ethnic minorities women the disabled and the differently gendered gained a
voice in society group identity also changed and new definitions became necessary whether through their group affiliations
or in spite of these affiliations many individuals sought a new definition of themselves as can be expected much literature
explores these changes and depicts the quest for new definitions and the search for individuality in the light of new
definitions construction or definition of the self was once available only to the elite and the freedom of some to define their
identity was sacrificed so that others could make their own self definitions this practice can be found throughout much of
history this volume is about that kind of oppression and various strategies of escaping from oppression as depicted in
serious literature its thirteen essays all by recognized scholars are divided into five categories race gender and the self
assimilation and the self black males and the self female sexuality and the self and the family and the self
